EXECUTIVE DIRECTOR'S MESSAGE

Prof. (Dr) Vikas Bhatia

Executive Director

All India Institute of Medical Sciences Bibinagar,
Hyderabad Metropolitan Region, Telangana

The year 2022 – 2023 has been very eventful in terms of overall growth of AIIMS Bibinagar. Several facilities, services, speciality and superspeciality consultations, laboratories and other academic events were inaugurated. The direction of our President, Professor (Dr.) George A. D'Souza, has played a significant role in our institution's development. I am also thankful to all the Institute Body members, Shri Nilambuj Sharan, Economic Advisor, Pradhan Mantri Swasthya Suraksha Yojana (PMSSY), Ministry of Health and Family Welfare, Shri Rajesh Bhushan, Secretary (H & FW) for the support and advice on various issues pertaining to the development of the new institution. We are grateful for the support and guidance provided by the Union Minister of Health and Family Welfare, Hon'ble Dr. Mansukh Mandaviyaji.

The Institute Body meeting, Governing Body meeting, Standing Academic Committee and Standing Financial Committee meetings were successfully convened this year with better promises to strategize. The third Annual day was celebrated on 10th March 2023 and National days such as Republic Day, Independence Day and Gandhi Jayanthi were celebrated.

The recent batch of 2022 with 100 MBBS students has joined the Institute through NEET and postgraduation (MD/MS) courses started in 9 pre-clinical and para-clinical departments. Twenty-nine specialties as well as superspeciality departments are functional with Faculty, Senior Residents, Junior Residents and staff. Students are actively participating in poetry, quiz contests, music, dance, sports etc. We have worked to improve the atmosphere by creating sports arena, gymnasium, music club, dance club, movie club etc., so that, we can support and maintain the physical and mental well-being of our students and staff. AIIMS Bibinagar Central Library became functional with good number of books and journals, to keep the faculty and students updated. Many national, regional and state-level conferences, CMEs, workshops, faculty development programs were held. Faculty members have been granted Intramural Research funding to enable them to start projects. MoUs have been signed with acclaimed organizations like ICMR-NIN (Hyderabad), CDFD (Hyderabad), NIPER (Guwahati), IIPH (Gandhinagar) and others for various academic and research collaborative activities. Department of Community Medicine and Family Medicine organized the IAPSM Annual National Golden Jubilee Conference from February 2 – 4, 2023 in collaboration with NIN, ICMR Hyderabad.

Over the past one year, we could start many new facilities and services for the patients, students and general public in limited space available to us in the existing partially constructed old building. The hospital record maintenance was digitalized and QR code-based registration has been enabled. Our OPD is getting busier with initiation of major and minor surgeries. AMRIT pharmacy has started functioning well and we envision that AIIMS Bibinagar will be established as one of the best tertiary care and referral centers in India in near future once the construction and master plan are fully implemented. Institute has been taking active initiative in vaccinating for Covid 19 after successful celebration of the “100 crores plus vaccination” mark. Two PSA oxygen plants were made functional which is established under the PM CARES fund.

Biochemistry Laboratory is now well equipped with automated immuno-analyser, fully automated clinical chemistry analyser, HPLC based HbA1C and Hb variant analyser, CO2 incubator, Nano-bio-spectrophotometer. Histopathology and Cytopathology were started by Pathology Department and few major equipment like Vacuum Assisted Tissue Processor, Fully automated microtome, Cytospin, Automated Coagulation analyser were procured. Similarly, in Microbiology, Bacteriology culture and sensitivity, Mycology culture & sensitivity, Serology services have also started. X-ray and Ultrasonography services have been started by Radiodiagnosis department and CT scan and MRI is expected to be installed in coming years.

The procurement of equipments, consumables, non-consumables has been initiated with number of tenders being floated and processed. Group A deputation posts are now filled up. Recruitment of various posts in College of Nursing has already been done and interviews conducted. Junior Residents and Senior Residents positions are filled up from time to time. More than 120 nursing officers joined the institute through NORCET- I and II.

I am really happy to share all these achievements of the Institution. My responsibility as the Institute's Executive Director has always been to encourage and support all the faculty, officers, nursing officers, staff, residents and students to reach their highest potential. In the upcoming years, I am sure that this Institute will reach to new heights and we will be able to deliver best education and high-quality medical care.

Prof. (Dr.) Vikas Bhatia

2. THE INSTITUTE - GENERAL OVERVIEW

The Pradhan Mantri SwasthyaSurakshaYojana (PMSSY) which was announced in 2003 started functioning with the objectives of correcting regional imbalances in the availability of affordable/reliable tertiary healthcare services and to augment facilities for quality medical education in the country. To facilitate the creation of very important institutions in the country, the Government of India has legislated AIIMS Act, 1956 under which AIIMS are established under Ministry of Health and Family Welfare, Government of India. AIIMS, Bibinagar Hyderabad Metropolitan Region (HMR) (Telangana) was denoted in "Phase-VII" of PMSSY. It made its beginning in August 2019. The Institute is located on a 201-acre area in the villages of Rangapur and Kondamadugu, Bibinagar Mandal, Yadadri-Bhuvanagiri District. The land is about 13 km from the District Headquarters of Bhongir. The nearest railway station (Bibinagar) and bus stand are two Km away and the International Airport (Shamshabad) is located at a distance of about 54 Km. The site is located on the NH-163 - Hyderabad - Warangal National Highway.

AIIMS Bibinagar is presently operating from a temporary building (erstwhile NIMS Hospital). A total of 312 MBBS students in four batches are admitted. Currently, patient care, academics, department establishment, administration and hostel facilities are all being managed in three floors of the existing blocks A, B & C. Over a span of 4 years, the Institute has been able to grow by leaps and bounds and provide a nurturing environment for faculty development, teaching, research, collaborations, community activities, and patient care.

DPR (Equipment) Wing

Detailed Project Report or DPR, is an initiative by HLL HITES wherein equipment are managed for AIIMS Bibinagar. The Tri-partite agreement, signed between the President of India acting vide Ministry of Health and Family Welfare, Government of India and The Executive Director, AIIMS Bibinagar and the President, HLL HITES is a unique document which has paved way for an easy process of getting medical equipment. In its essence, faculty from AIIMS Bibinagar can choose equipment for their departments from a comprehensive list of equipment, distinctive for each department and amounting to a total budget of 185 crores. Then HLL HITES issues the supply order and the equipment gets delivered and installed, following which the payment is released to the supplier, moderated by the Ministry of Health and Family Welfare, GoI. The DPR Wing was created, vide Office Order AIIMS/BBN/Admin/OO/2023 dated 13th January, 2023 to manage the equipment under DPR for AIIMS Bibinagar to ensure a transparent, accountable and centralized process of installation.

TEAM 3: ASSESSMENT & FEEDBACK

- Feedback forms were prepared and approved by the other teams of MEU and In charge MEU. Date, time and venue were fixed for the activity and informed in advance to all the students and forms were given to students of MBBS batches 2019, 2020, 2021 as well as faculty through Google forms.
- There were approximately 4500 individual forms, excel sheets were prepared by the team and only the soft copy of excel sheets and report was submitted to the Dean office.

The Students Feedback forms were analyzed by our team and we noted the following points:

1. All 100% students of 2019 and 2020 batches responded as forms were administered and collected in dedicated time for this activity and approximately 80% of 2021 batch responded. Overall, all the faculty have received good feedback from students.
2. Most of the students agreed that the teaching schedules were followed and exams were conducted on time by all departments.
3. Most of the students agreed that the clinical postings were conducted as per schedule.

4. Some of the clinical subjects (Dermatology, Psychiatry) faculty and departments feedback was not taken as these subjects have not yet started for the students. Similarly, departments of Radiodiagnosis and Anesthesiology were also excluded from students' feedback as elective postings are yet to start.
5. Interest in choice of Electives was asked to the 2019 batch, third year students. Of the 50 students, multiple options were given by some students and the preferred choices are as follows:

Diabetology- (15 students) **30%**; Oncology- (13) **26%**; Clinical Infectious Diseases - (13) **26%**
 Preceptor Initiated Research - (8) **16%**; Laboratory Experience (Biochemistry, Microbiology, Pathology) - (7) **14%**; Medical Genetics - (6) **12%**; Emerging Viral Infections - (5) **10%**;
 Community Clinic - (4) **8%**

Feedback on Curriculum and teaching was taken from Faculty/Teachers:

Only 52 faculty members submitted the feedback form. Most of them agreed on the curriculum being followed. There were mixed responses regarding availability of infrastructure by various departments, as the institute is still in early phase. Most of the faculty have agreed regarding the availability of equal opportunity for research projects.

TEAM: INTEGRATED TEACHING

DEPARTMENTS

DEPARTMENT OF ANAESTHESIOLOGY

1. Highlights:

The Department of Anesthesiology provides comprehensive in-patient and out-patient services, including perioperative anesthesia management, Acute and Chronic pain management, Critical care, and emergency services. OPD services consist of pre-anesthetic checks, chronic pain, post-COVID clinics, and critical care clinics. It actively engages in undergraduate and post-graduate training, conducting various intramural and extramural research projects. They cover Oxygen cell and CSSD services and operate 3 functioning operation theaters, delivering perioperative care for 811 surgical procedures during the 2022-2023 academic year. Advanced techniques like FOB guided intubation, invasive hemodynamic monitoring, ultrasound-guided regional anesthesia, and high thoracic epidural anesthesia are regularly performed for high-risk patients. The department effectively manages post-operative pain through a multi-disciplinary approach, using continuous epidural infusions, transdermal opioid patches, and non-opioid medications.

2. Faculty:

 Dr. S.Kalyani SDL Addl. Prof. & HOD, 13 Years	 Dr. Ayya Syama Sundar Addl. Professor, 15 Years	 Dr. Ch.Rama Krishna P Assistant Professor, 5 Years	 Dr. Sandeep Garre Assistant Professor, 5 Years

IMPORTANT EVENTS

Workshop - Lung Ultrasonography and Echocardiography on 30th JULY 2022

Patient Safety and Quality in Health care - A series of workshop: Handling of patients in OT and critical care areas on 13th SEPTEMBER 2022

DEPARTMENT OF ANATOMY

1. Highlights

Inaugurated as the first department in the institution. Faculties were actively involved in academic, research, and administrative activities. Advanced teaching methods and aids, such as histology slides demonstrated through a trinocular research microscope connected to LCD screens and real-time cadaveric dissections projected via remotely placed LCD screens, were utilized. Internal assessments like assignments, quizzes, poster competitions, and seminars were conducted, and integrated classes were held to foster clinical application of basic science knowledge. Events like the White Coat Ceremony and Cadaveric Oath taking conducted.

DEPARTMENT OF BIOCHEMISTRY

1. Highlights

The Department of Biochemistry at AIIMS Bibinagar is engaged in medical education, clinical laboratory services, and healthcare research. With seven faculty members, the department offers a broad spectrum of research in areas related to healthcare such as pulmonary diseases, cardiovascular diseases, non-alcoholic fatty liver disease, in-born errors of metabolism and bioinformatics. It envisions becoming a global center of excellence in Medical Biochemistry and Metabolic Medicine. The pass percentage for MBBS 2021 batch was 100% with 46 first class and 29 distinctions. The department expanded its test panel by introducing PSA, Phosphorus, Lipase, thyroid profile, and vitamins (B12, Folate, and D). In the 2022-23 fiscal year, the department conducted over 304,000 tests, with an average monthly rate of 25,000 tests.

DEPARTMENT OF DERMATOLOGY

1. Highlights

We have provided continuous Dermatology services to the patients due to which the OPD number is increased from 140 in March 2021 to 792 in March 2022 to 1486 in 2023. Also, the number of inpatients and emergency admissions have also increased significantly. We have also admitted few emergency cases like Pemphigus vulgaris, Extensive autoimmune bullous disorder. We are doing procedures like biopsy, removal of warts, skin tags, corn paring, dermaroller, intra-lesional injections, needling and other such procedures regularly in the department for the patients. Along with the Pathology department, we have been conducting Dermato-Pathology meet on first Tuesday of every month to discuss and review important as well as rare cases. We have organised a programme on April 6th on the occasion of World Skin Health day 2023 with the main intention of spreading the knowledge to general public about steroid misuse and skin care during summer. We were also a part of integrated teaching of Tuberculosis for MBBS undergraduate students on National TB day.

DEPARTMENT OF FORENSIC MEDICINE & TOXICOLOGY

1. Highlights:

Since its inception in October 2020, the Department has worked hard in organizing several activities of UG & PG training and research. Post-Graduate course in Forensic Medicine was started in February 2022. Over the course of one year, more than 30 seminars and 15 journal clubs were conducted for postgraduate training. A unique hands-on experience on virtual autopsy table was provided for a month, as a part of PG training, to train in latest technologies. The Department has organized a CME, quiz and 2 workshops, both physical and virtual on current needs and modern techniques, to train forensic doctors. We plan to establish state of the art Virtual Autopsy center dedicated to provide the modern hi-tech facilities to cater to the needs of the people. Future plans of the department also include, establishing a Clinical Forensic Unit, a one stop crisis center/Sakhi and a Toxicology garden.

DEPARTMENT OF MICROBIOLOGY

1. Highlights

The department continued to move with small yet sure steps towards its goal of becoming a major hub of the One Health Program. We celebrated our 2nd Foundation Day by organising an Interactive Workshop on One Health. While the medical college VRDL was already sanctioned in January 2022, the current year witnessed a site visit for the proposed BSL-3 laboratory by DHR-ICMR Expert. Department faculty published nearly 50 scientific papers. PG students won top prizes in events like PG Write-up, Essay Writing and Quiz competitions held at various venues. With over 30,000 samples being processed, lab services continued to grow during this year too.

III. Inpatient services

The IPD was started in July 2021 with 50 beds initially which was slowly escalated to 100 beds. All the specialities have beds in IPD like Medicine and other Medical specialities (Neurology, Nephrology, Pulmonary Medicine, Endocrinology and cardiology) (30 beds), General Surgery and Paediatric Surgery (20 beds) , Obstetrics and Gynaecology (12 beds) , Paediatrics (10 beds) , Orthopaedics (10 beds), Dermatology (4 beds), Psychiatry (4 beds), Otolaryngology (5 beds) and Ophthalmology (5 beds). From inception till 31st March 2023 about 3400 received treatment at inpatient department.

IV. Intensive care unit (ICU) – Adult

ICU was setup through CSR and Govt Support during Pandemic. Compassionate Pandemic Response group stepped forward to work with AIIMS Bibinagar in setting up a world-class 10-bedded ICU with high-end ICU beds, ventilators, monitors, defibrillator, Ultrasound machine with 2D-Echo and Dialysis machine. This ICU is the first of its kind in India with an HVAC system having 100% HEPA filtered fresh air without recycling, leaving no chance for hospital-acquired infection. Total 596 patients have received treatment in the adult ICU till date.

**Commencement of IPD
services at AIIMS,
Bibinagar on 01 July 2021.**

HOSPITAL PHARMACY

- Once new drugs are purchased (through the MS Office), a CRV, i.e., Certified Received Voucher would be prepared to represent formal acknowledgement for the received drugs.
- When the drugs are received from different internal sources (other than direct procurement), those drugs are taken into custody with a RV (Received Voucher).
- At the end of a month, a CIV (Certified Issue Voucher) is prepared to record data of drugs.
- Updated list of stocked drugs is circulated at the beginning of month to all the departments.
- Drugs are stored in the open steel racks, wooden 3 side closed racks in alphabetical order.
- Intravenous Fluids (IVFs) are stored separately in individual carton boxes and are placed on the blue pallets.
- Drugs that require cold storage are stored in the refrigerator to maintain the cold chain.
- Essential Narcotic Drugs (ENDs) are stored securely in double locker cabinet and each END is labeled individually.
- Expired drugs would generally be handed over to the biomedical waste management committee for appropriate disposal.
- A daily issue register is maintained to note the drugs that are issued in case of emergency without a formal indent – on a case-to-case basis.
- Data on consumption of drugs (CIV, Certified Issue Voucher) from all the departments are collected every month and a compliance report on CIV is submitted to MS office.
- Procurement lists are generally compiled based on the current hospital pharmacy stock, previous months' utilization/ consumption data, and any other new requisition received from the user departments.
- ABC analysis was also done to support in the annual procurement policy.
- Hospital Pharmacy Data Maintenance:
Complete data of the drugs, in generic form, are stored in computer system in alphabetical order with the batch numbers and expiry dates. Five ledgers are maintained separately for Tablets, Injectables, Narcotic drugs, and other Miscellaneous drugs. CRV, RV and CIV data are stored in the computer system and the hard copy are also stored in individual files.

BLOOD BANK

Blood storage center started on 06th December 2022 to cater the needs of the patients admitted at AIIMS Bibinagar. We have a MOU with Indian red cross society blood centre, Hyderabad which is our mother blood centre. We are licensed to issue whole blood, packed red cells, random donor platelet and single donor platelets. We have all the equipments for its storage and to do cross matching including immune hematological work ups by conventional tube technique adhering to the principles of good manufacturing practice. In future, we plan to establish a state-of-the-art blood centre with availability of all the blood and blood components including leuko reduced, irradiated and other modified blood

components; to start therapeutic procedures like plasma exchange and cytapheresis; establish ourselves as regional reference laboratory for red cell serology including antenatal and neonatal serology; develop a rare blood donor registry; support alloimmunised multi transfused patients like thalasemia, sickle cell anemias; and establish HLA lab to support transplant patients.

PROCUREMENT DIVISION

Highlights:

Procurement division of hospital took sincere efforts to ensure timely availability and upscaling of demands that are essentially required in various sections. Apart from individual clinical departments, the Clinical Laboratories, IPD, Adult ICU, Pediatric ICU and OTs are major source of demands. The section also provides assistance and support to academic events, VIP visits, health & awareness activities and procurement of various Research Project items. Procurement division has a functional GeM division and initiated request to create DSC for optimally utilizing the CPP portal for items requiring wider publicity.

SEPARATE AUDIT REPORT OF THE COMPTROLLER & AUDITOR GENERAL OF INDIA ON THE ACCOUNTS OF ALL INDIA INSTITUTE OF MEDICAL SCIENCES (AIIMS) BIBINAGAR FOR THE YEAR ENDED 31 MARCH 2023

We have audited the attached Balance Sheet of All India Institute of Medical Sciences (AIIMS) Bibinagar as on 31 March 2023 and the Income & Expenditure Account/Receipts & Payments Account for the year ended on that date under Section 19(2) of the Comptroller & Auditor General's (Duties, Powers & Conditions of Service) Act, 1971 read with Section 18 (2) of AIIMS Act 1956 & AIIMS Amendment Act 2012. These financial statements are the responsibility of the AB's management. Our responsibility is to express an opinion on these financial statements based on our audit.

2. This separate Audit Report contains the comments of the Comptroller & Auditor General of India (CAG) on the accounting treatment only with regard to classification, conformity with the best accounting practices, accounting standards and disclosure norms, etc. Audit observations on financial transactions with regard to compliance with the Law, Rules & regulations (Propriety and Regularity) and efficiency-cum-performance aspects, etc., if any, are reported through Inspection Reports/CAG's Audit Reports separately.

3. We have conducted our audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosure in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of financial statements. We believe that our audit provides a reasonable basis for our opinion.

4. Based on our audit, we report that:

- i. We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- ii. The Balance Sheet, Income & Expenditure Account and Receipts & Payments Account dealt with by this report have been drawn up in the format approved by Government of India, Ministry of Finance.
- iii. In our opinion, proper books of accounts and other relevant records have been maintained by the Institute as required, in so far as it appears from our examination of such books.
- iv. We further report that:

A. BALANCE SHEET:

A.1 Corpus / Capital Fund and Liabilities

A.1.1 Corpus/Capital Fund - ₹4.54 crore

Reference Number: OBS-741103

A.1.1.1 As per Uniform format of Accounts, grants relating to non-depreciable assets should be credited to 'Capital Reserve'. Further, Government Grants to the extent utilized towards capital expenditure are to be transferred to Corpus/Capital Fund. Grants relating to depreciable fixed assets amounting to ₹28.49 crore was incorrectly shown under Capital Reserve- Reserves and Surplus (Schedule- 2). This resulted in overstatement of Reserve and Surplus and understatement of Corpus/Capital Fund by ₹28.49 crore.

A.2 Assets

A.2.1 Fixed Assets – ₹ 28.49 crore

Reference Number: OBS-754684

A.2.1.1 The details of Grants-in-aid released by MoHFW directly to HITES for the construction of compound wall and construction & maintenance of Buildings along with the details of progress of works as on 31.03.2023, as detailed below were not accounted for in the Annual Accounts. Further, the policy of the Institute with regard to accounting of the amounts released directly by MoHFW to HITES was also not disclosed. This needs to be reviewed and action needs to be taken to account for the amounts released by MoHFW directly to HITES as non-disclosure of the Grants released affects the transparency of the Accounting Statements besides completeness of them.

Sl.No	Name of the work	Grants released in ₹	Expenditure upto 31 March 2023 in ₹	Status of the work
1	Construction of compound wall	6.92 crore	5.93 crore	Work in progress
2	Construction including operation and maintenance of AIIMS Bibinagar	315.80 crore	168.92 crore	Work in progress
	Total	322.72 crore	174.85 crore	

B. General

Reference Number: OBS-754624

B.1 The policy of the Institute regarding provision for accumulated leave encashment benefit to the employees needs to be disclosed and provision to be created accordingly, as stipulated in Uniform Format of Accounts (Schedule-24).

Reference Number: OBS-753516

B.2 The details of advance possession of 6.00 Acres of government land in Sy. No.199 of Malayala village in Bommalramaram mandal taken over by AIIMS Bibinagar on 14.11.2022 for construction of Rural Health Training Center was not suitably disclosed in Notes to Account.

C. Grants-in-aid: Grants-in-aid of ₹ 108.08¹ crore received during the year were fully utilised by the Institute as on 31 March 2023.

D. Management Letter

Deficiencies that have not been included in the Separate Audit Report have been brought to the notice of the Director, All India Institute of Medical Sciences, Bibinagar, through a Management letter issued separately for remedial/corrective action.

v. Subject to our observations in the preceding paragraphs, we report that the Balance Sheet, Income & Expenditure Account and Receipts & Payments Account dealt with by this Report are in agreement with the books of accounts.

vi. In our opinion and to the best of our information and according to the explanations given to us, the said financial statements read together with the Accounting Policies and Notes on Accounts and subject to the significant matters stated above and other matters mentioned in the Annexure to this Audit Report, give a true and fair view in conformity with accounting principles generally accepted in India:

a. In so far as it relates to the Balance Sheet, of the state of affairs of the All India Institute of Medical Sciences, Bibinagar for the year ended 31 March, 2023 and

b. In so far as it relates to Income & Expenditure Account of the *Surplus* for the year ended on that date.
