VISION

To emerge as a leading global healthcare institute offering quality medical education, promote relevant scientific research and provide accessible and quality health care to patients. The Institute lays emphasis on inculcating ethical and moral values in students and mould them into competent health care providers.

MISSION

To evolve as a centre of excellence in medical education, scientific research and patient care. To inculcate a positive work culture to nurture mutual trust and respect. To set high professional standards with good interpersonal relationships and lasting reputation.

EXECUTIVE DIRECTOR'S MESSAGE

Prof. (Dr.) Ahanthem Santa Singh

Executive Director

All India Institute of Medical Sciences Bibinagar

Hyderabad Metropolitan Region, Telangana

It gives me immense pride to present the Annual Report of AIIMS Bibinagar, Telangana. Established under the Ministry of Health & Family Welfare, Government of India, as part of *Phase-VII* of the Pradhan Mantri Swasthya Suraksha Yojana (PMSSY), our institute has grown steadily since its inception in 2019 into a centre of excellence for medical education, research, and patient care. Spread across 201 acres along the Hyderabad–Warangal Highway, AIIMS Bibinagar is emerging as a trusted name in healthcare for Telangana and beyond.

At the outset, I wish to place on record my heartfelt gratitude to the Hon'ble Prime Minister of India, Shri Narendra Modi ji, for his visionary support and guidance. I am also grateful to Shri Jagat Prakash Nadda ji, Hon'ble Union Minister for Health & Family Welfare and Chemicals & Fertilizers, Shri Jadhav Prataprao Ganpatrao ji, Hon'ble Minister of State, Ministry of Ayush and Ministry of Health & Family Welfare, and Smt. Anupriya Patel ji, Hon'ble Minister of State, Ministry of Health & Family Welfare and Chemicals & Fertilizers, Government of India, for their continued encouragement.

I extend my sincere thanks to senior officials of the Ministry, including Ms. Punya Salila Srivastava, IAS, Secretary (H&FW), Shri Apurva Chandra, IAS, former Secretary (H&FW), Shri Hoveyda Abbas, AS&FA, Shri Jaideep Kumar Mishra, former AS&FA, and Ms. Ankita Mishra Bundela, IAS, Joint Secretary (PMSSY), whose guidance has been pivotal in our growth. I am equally thankful to the Institute Body members since August 2020 for their strong leadership, and I warmly welcome our new President, Dr. Chandrashekhar Meshram.

With a sanctioned outlay of ₹1,366 crores, construction of 20 major blocks has achieved 83.97% physical progress and is expected to be completed by the end of 2025, by which time AIIMS Bibinagar will attain near full functionality.

On the academic front, the institute has admitted six MBBS batches comprising 511 students since 2019. Our first batch completed its internship in December 2024, and the second batch will conclude theirs by December 2025. **Admissions for the seventh MBBS batch are currently in progress.** Postgraduate education has expanded to 22 MD/MS departments with 144 Junior Residents, along with super-specialty DM/M.Ch courses in Neurology, Pediatric Surgery, Paediatric Critical Care, Global Health, Clinical Pharmacology, and Neonatology. The College of Nursing, launched in August 2023, has doubled B.Sc. (Hons.) Nursing intake to 60 seats from 2024 and commenced the M.Sc. Nursing program, while allied health courses have expanded from three to seven.

Research continues to be a key strength of our institute, with 865 publications to date, reflecting our faculty's commitment to academic excellence and innovation.

In the hospital domain, our services have catered to over 12 lakh outpatients and 21,770 inpatients, despite operating from partially completed infrastructure. With 35 functional departments, 132 faculty members, more than 500 nursing officers, and 3 operation theatres conducting 15–20 major surgeries daily, we continue to deliver affordable and quality healthcare. Our facilities now include ICUs, dialysis, labour rooms, diagnostic services including MRI, and a blood storage centre. Through *e-Sanjeevani*, over 1.36 lakh tele-consultations have reached all 33 districts of Telangana, while our community outreach through health camps and village adoption reflects our commitment to public health.

All these achievements have been possible due to the dedication and hard work of our faculty, nursing officers, hospital staff, administrative and technical teams, and our students. Their resilience and service, despite operational challenges, remain the backbone of AIIMS Bibinagar.

As we move ahead, we reaffirm our commitment to building AIIMS Bibinagar into an Institute of National Importance in its truest sense—one that sets benchmarks in education, research, and patient care for the people of Telangana and the nation.

Prof. (Dr.) Ahanthem Santa Singh
Executive Director
All India Institute of Medical Sciences Bibinagar

1. REPORT FROM EXECUTIVE DIRECTOR'S OFFICE

1.1. Important Events of AIIMS Bibinagar

Sl. No.	DATE	EVENTS
1.	02 Apr 2024	Attended expert group meeting for National Task force - ICMR's National Hospital Based Registry on Venous-thrombo-Embolic Disorders at ICMR Headquarters, New Delhi.

INSTITUTE
GENERAL OVERVIEW

THE INSTITUTE - GENERAL OVERVIEW

The Pradhan Mantri SwasthyaSurakshaYojana (PMSSY) was announced in 2003with the objectives of correcting regional imbalances in the availability of affordable/reliable tertiary healthcare services and to augment facilities for quality medical education in the country. To facilitate the creation of very important institutions in the country, the Government of India has legislated AIIMS Act, 1956 under which AIIMS are established under Ministry of Health and Family Welfare, Government of India. AIIMS, Bibinagar Hyderabad Metropolitan Region (HMR) (Telangana) was denoted in "Phase-VII" of PMSSY. It made its beginning in August 2019. The Institute is located on a 201-acre area in the villages of Rangapur and Kondamadugu, Bibinagar Mandal, Yadadri-Bhuvanagiri District. The land is about 13 km from the District Headquarters of Bhongir. The nearest railway station (Bibinagar) and bus stand are two Km away and the International Airport (Shamshabad) is located at a distance of about 54 Km. The site is located on the NH-163 - Hyderabad - Warangal National Highway.

AIIMS Bibinagar is presently operating from a temporary building (erstwhile NIMS Hospital). The construction of new buildings is ongoing with few blocks already handed over. A total of 412 MBBS students in five batches are at present pursuing their career with the 1st batch of 50 students doing internship. Currently, patient care, academics, department establishment, administration and hostel facilities are all being managed in three floors of the existing blocks A, B along with the few new blocks handed over to us. Over a span of four and half years, the Institute has been able to grow by leaps and bounds and provide a nurturing environment for faculty development, teaching, research, collaborations, community activities, and patient care.

BRIEF OF AIIMS, BIBINAGAR

Project Details:

1. Location: Rangapur, Bibinagar, Yadadri-Bhuvanagiri, Telangana
2. Land Area: 201.648 Acres & 3. Project Cost: Rs. 1365.95 Cr (Approved on 20.02.2023)
4. Executing Agency: M/s HLL HITES under EPC Contract Mode
5. Procurement support Agency: M/s HLL HITES

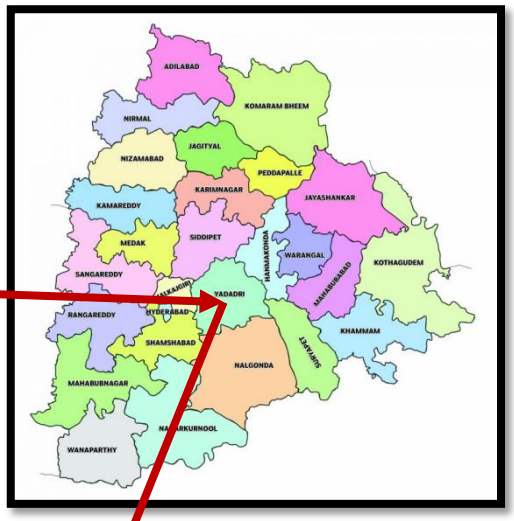

6. Brief of Construction is as follows:

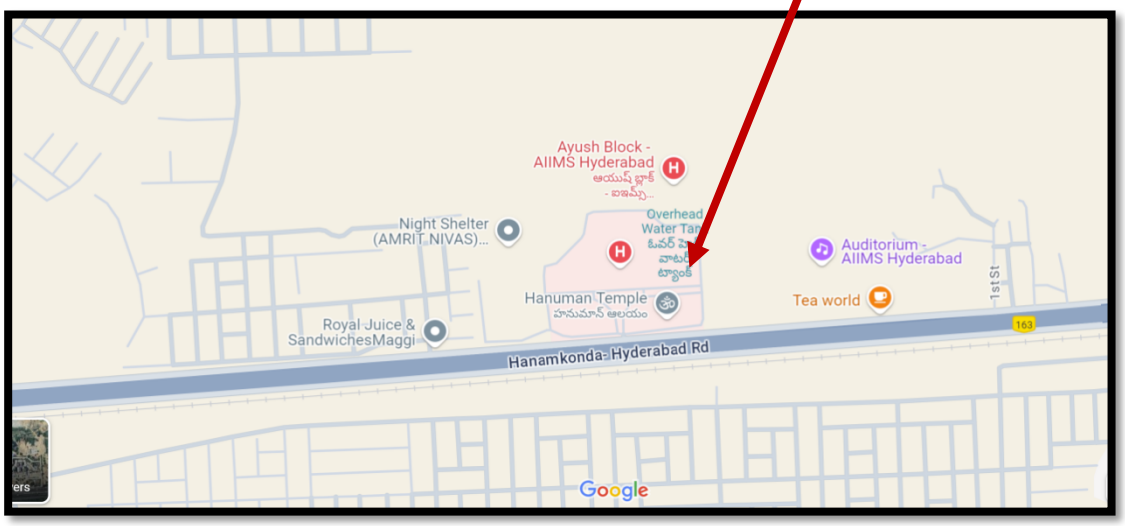

- Hospital Block: 750 Bedded with OPD, IPD, AYUSH & OT Block
- Academic Block: Medical College, Nursing College
- Residential Block: Director’s Bungalow, Guest House, Residential accommodation for faculty and staff, Hostels for Doctors, Nurses and Students and night shelter for patients

SITE LOCATION:

Village: Rangapur&Kondamadugu
Mandal: Bibinagar
District: Yadadri-Bhuvanagiri, Hyderabad Metropolitan Region

ADMINISTRATION

The General Administration Division of the Institute is an important wing managing the activities and renders administrative support to the Executive Director to meet the objectives of the Institute. It broadly includes all establishment matters of Faculty and staff, stores & procurement, grievances, conducting review meetings and other administrative matters as assigned by the Executive Director. For the smooth conduct and functioning, administrative, academic section, finance, hospital services, departments and health centres, report to the Executive Director.Deputy Director (Administration) along with the Administrative Officer and Accounts Officer, work towards progress and development of the institute. Academic section, Examination section, Research wing and the Medical Education Unit are fully functional and work in coordination with each other to establish a positive work culture.

RECRUITMENT STATUS FOR THE FINANCIAL YEAR 2024-2025

1. **Staff Status**: The total sanctioned staff strength of AIIMS, Bibinagar is 1557. The details as on 31 Mar 2025 is as under:-

S.No.	Category	Sanctioned Strength	Total Staff in position	Vacancy Position
1	Project Cell Posts	08	05	3
2	Faculty	183	124	59
3	Group A (Non-Faculty)	09	05	4
4	Group A (Nursing Faculty)	21	21	0
5	Senior Residents	200	152	48
6	Junior Residents	200	173	27
7	Group B (Nursing Officers & Senior Nursing Officers)	831	534	297
8	Group B (Other Non-Faculty)	63	44	19
9	Group C	42	22	20
TOTAL		**1557**	**1080**	**477**

2. **A. Faculty:** Phase–I Interviews for filling up of 44 faculty posts (from 20 departments), which were advertised vide advertisement No. AIIMS/BBN/RECT/FACULTY/2024/133, on 08.07.2024, has been completed from 12-12-2024 to 14-12-2024. A total of 29 candidates have been selected out of which 12 candidates have joined before 31-03-2025. A total of 17 unfilled posts (from 13 departments) of the Phase-I recruitment process and the posts for which no applications were received have been re-advertised on deputation/contract basis on 08-03-2025 vide advertisement No. AIIMS/BBN/RECT/FACULTY/2025/29/584. Further, as per the requirement of the institute, a total of 18 faculty posts from 17 departments have been advertised on visiting faculty scheme basis on 28-03-2025 vide advertisement No. AIIMS/BBN/RECT/VIS FAC/2025/30/625. Plans are underway to conduct the phase-2 interviews soon.

   B. Faculty Assessment Promotion Scheme: Assessment Promotion Scheme (APS) interviews regarding the grant of promotion to Assistant Professors and Associate Professors to the grade of Associate Professors and Additional Professors respectively, at AIIMS Bibinagar were conducted from 24th to 25th September 2025. Interviews held for 17 departments. A total of 39 Assistant Professors and 17 Associate Professors have been granted promotion to the grades of Associate Professors and Additional Professors respectively.

3. **Nursing Officers:** Departmental Confirmation Committee (DCC) & Departmental Promotion Committee (DPC) convened meetings regarding the grant of promotion to the eligible Nursing Officers. A total of 116 Nursing Officers have been promoted to the post of Senior Nursing Officers at AIIMS Bibinagar.
4. **College of Nursing:** The interview for filling up the post of Professor-cum-Principal, which was advertised vide notice no.AIIMS/BBN/RECT/REG (GR-A)/2021/136 dated 27-08-2021

and notice no. AIIMS/BBN/RECT/REG (GR-A)/2022/2243 dated 30-12-2022, was conducted from 23-09-2024 and 24-09-2024. The selected candidate joined the institute on 20-12-2024. Further, applications were invited for recruitment ofGuest Faculty (English, Telugu, Sociology, Statistics) on Hourly basis for College of Nursing, AIIMS Bibinagar vide advertisement no. AIIMS/BBN/CON/Guest Faculty/2024/416 dated 25-11-2024. Subsequently, interviews for the above said posts were held on24/01/2025. A total of 03 candidates have been selected for the subjects English, Telugu, &Sociology.

5. **Group B &C:** AIIMS New Delhi conducted the CBT exam for filling up of the following 06 Group B & 13 Group C posts in February 2025.

Sl. No.	Name of the Post	Level	Number of posts	Recommendations
1	Assistant Administrative Officer	07	01	UR-1
2	Personal Assistant (PA)	06	01	UR-1
3	Executive Assistant (N.S)	06	01	UR-1
4	Technician (Laboratory)	06	01	UR-1(post reserved for PwBD)
6	Store Keeper	06	01	SC-1
7	Library and Information Assistant (Grade III)	06	01	SC-1(post reserved for PwBD)
8	Stenographer	04	03	UR-2, OBC-1
9	Upper Division Clerk	04	01	UR-1 (Ex-Serviceman)
10	Medical Records Technician	04	04	UR-3, OBC-1 (02 posts are reserved for PwBD))
11	Fire Technician	04	02	UR-2 (Ex-Serviceman)
12	Lower Division Clerk	02	03	UR-2, ST-1
Total				**19**

6. **Non-Faculty Group A:** Medical physicist-02, child psychologist-01 & clinical psychologist-01 were advertised on 12-03-2024 vide advertisement no. AIIMS/BBN/RECT/ NON_FAC/2024/343. Interviews for the aforesaid posts were held on 20-11-2024. A total of 04 candidates have been selected out of which 03 have joined by 31-03-2025.
7. **Consultant Posts:** Vacancy notice for filling up of the following consultant posts were advertised on 08.07.2024 vide advt. notice no. AIIMS/BBN/RECT/CONSULTANT/2024/134. Subsequently, interview for the above said posts was held on 21-11-2024.A total of 03 candidates were selected (System Analyst, Consultant (Audit), & Consultant (Procurement)). All the three candidates have joined this institute before 31-03-2025.

Sl. No.	Name of the Post	No. of Positions
01	Consultant (Audit)	01
02	Consultant (Procurement)	01
03	Senior IT Consultant	01
04	System Analyst	01

8. **Deputation:** Vacancy notice for filling up of the following posts on deputation basis has been advertised on08-07-2024 vide advertisement notice no. AIIMS/BBN/RECT/DEPUTATION/2024/288. Subsequently, vide Notice dated 13/09/2024

final eligibility status ofcandidates for the posts of Medical Superintendent, Assistant Controller ofExaminations, Administrative Officer was declared and Interviews were held on20/09/2024. Candidates selected for the posts of ACE & AO have joined this institute before 31-03-2025. Plans are underway to conduct the phase-2 interviews for the remaining posts soon.

Sl. No.	Name of the Post	Group	Number of posts
1	Medical Superintendent	A	01
2	Registrar	A	01
3	Nursing Superintendent	A	02
4	Executive Engineer (Civil)	A	01
6	Executive Engineer (Electrical)	A	01
7	Assistant Controller of Examinations	A	01
8	Administrative Officer	A	01
9	Accounts Officer	A	01
10	Assistant Administrative Officer	B	01
11	Assistant Accounts Officer	B	02
12	Upper Division Clerk	C	04

DPR (Equipment) Wing, AIIMS Bibinagar

In the ever-evolving landscape of medical education, the proper reception and installation of equipment in a medical college is of paramount importance. Receiving and installing equipment in a new institute of national importance like AIIMS Bibinagar presents a unique set of challenges. These challenges often include coordination issues among procurement, facilities, and academic departments, lack of standardized inspection protocols, inadequate documentation, and potential delays in installation due to unforeseen logistical hurdles. These bottlenecks can impede the timely integration of essential equipment, hindering patient care, educational activities and research opportunities.

Detailed Project Report or DPR, as is commonly known, is an initiative by HLL HITES wherein equipment are managed for AIIMS Bibinagar. The Tri-partite agreement, signed between the President of India acting vide Ministry of Health and Family Welfare, Government of India and The Executive Director, AIIMS Bibinagar and the President, HLL HITES is a unique document which has paved way for an easy process of getting medical equipment for AIIMS Bibinagar. In its essence, faculty from AIIMS Bibinagar can choose equipment for their departments from a comprehensive list of equipment, distinctive for each department and amounting to a total budget of 185 crores; then HLL HITES issues the supply order and the equipment gets delivered and installed at AIIMS Bibinagar, following which the payment is released to the supplier, moderated by the Ministry of Health and Family Welfare, Government of India. The DPR Wing was created, videOffice Order AIIMS/BBN/Admin/OO/2023 dated 13th January, 2023 to manage the equipment under DPR for AIIMS Bibinagar. The DPR wing consists of a team which includes the following team members:

- ✓ **Dr.Shasanka Shekhar Panda**, Professor and Head, Department of Paediatric Surgery as the Nodal Officer
- ✓ **Dr. Parag Patil**, Associate Professor, Department of Pathology and Lab Medicine as the Additional Nodal Officer
- ✓ **Mr.JitenderJha** as the Office Assistant
- ✓ **Mr. GorapalliNithin Kumar**, Storekeeper
- ✓ **Mr. Kapil Kumar Singh**, Lower Divisional Clerk

The wing aims to optimize and streamline the processes associated with receiving, inspecting, and installing medical equipment, ensuring that patients, students and faculty have access to cutting-edge tools for patient care, practical learning and research. By implementing efficient procedures and fostering collaboration between various departments, AIIMS Bibinagar can enhance its capabilities and maintain its position as a centre of excellence in healthcare education.

The primary objective of this project is to establish a systematic and efficient process for receiving, inspecting, and installing medical equipment within the institute. This involves developing clear protocols for equipment inspection, creating a centralized database for equipment records, and implementing a collaborative framework involving procurement, facilities, and academic departments. Regular meetings and communication channels help to facilitate coordination between procurement, facilities, and academic departments, ensuring a seamless flow of information.By achieving these objectives, the project aims to minimize delays, enhance transparency, and ensure that medical equipment is readily available for

patient care, teaching and research purposes. Implementing this project is expected to yield several significant benefits. Firstly, streamlined processes will lead to reduced delays in equipment installation, enabling patients, students and faculty to access necessary tools on time. Secondly, the centralized database maintained with the DPR wing will enhance transparency and accountability, allowing stakeholders to track the progress of installations effortlessly. Moreover, standardized protocols will ensure the quality of equipment, promoting safe and effective usage. Lastly, improved coordination between departments will foster a culture of collaboration, enhancing overall efficiency and productivity.

Efficient equipment reception and installation processes are indispensable for the smooth functioning of an Institute of National Importance. This project's comprehensive approach to mapping processes, implementing standardized protocols, establishing a centralized database, and fostering collaboration is poised to revolutionize equipment management. By enhancing the availability of cutting-edge medical equipment, the institute can fortify its reputation as a leader in patient care, medical education and research. This undertaking stands as a testament to the institution's commitment to excellence, ensuring that patients, students and faculty have the resources they need to thrive in the dynamic field of healthcare.

ENGINEERING SECTION

The Engineering Section headed by the Superintending Engineer is looking after the engineering requirements of the current Hospital building. In addition, the Engineering Section has been coordinating between various departments of AIIMS and HITES, the Executing Agency of AIIMS Bibinagar project for various constructions, re-organization of space, and other engineering-related matters. The Engineering section at present has JE (Civ), JE (Elect) & JE (A/C & R). These JEshave joined in the 4thQuarter of 2023-24. The Engineering Section has carried out variousexpansion activities/works during the FY 2024-25 to meet the requirements of the Institute. These works were vital for the functioning of the institute as the details of some of the major expansion works taken up in the existing building are as given below.

SN	Name of the Work	User Department
1.	Provision of change over switch for MRI Machine.	Radiology
2.	Creation of space by providing Aluminium partitions for various Departments including OPD & Diagnostics.	Hospital Administration
3.	Provision of Patient′s Bed Curtain partitions.	OPD Area and Emergency Room
4.	Establishment of secondary and reserve oxygen supply system in oxygen manifold.	Oxygen Cell
5.	Provision of New additional Air compressor, Air dryer and vacuum pump for MGP System.	Oxygen Cell
6.	Provision of Split Air Conditioner for Various Departments.	Administration
7.	Establishment of RO Plant for CSSD.	CSSD
8.	Provision of Wall Mounted Fans for Various Departments.	Administration

TheAIIMS Bibinagar projecthasstartedtakingshape thisyearwiththecompletionofUG Boys Hostel and UG Girls hostel in 2024-25.These buildings occupied by MBBSstudents.Aayush Block is currently being used as out patients for Neurology, Neuro Surgery, PMR, Radiation Oncology, Cardiology, Cardiothoracic and vascular surgery, CFM vaccination, Urology. The coming year will be an eventful year for the institute as most of the infrastructure works will be completed as a part of the AIIMS Bibinagar Project.

Status of Construction work at AIIMS,Bibinagar:

Description	Actual
Physical Progress (%)	83.07%
Financial Progress(Rs.)	Rs.834.90 Cr

The contract for construction work of AIIMS Bibinagar has been awarded to M/sNCC Limited and the present status is as under:

Client	:	**Ministry of Health&Family Welfare (MoHFW)**
Executing Agency	:	HITES
EPCContractor	:	M/sNCCLTD.
Sanction/ApprovalDate	:	17.12.2018
Sanctioned Revised cost	:	Rs.1365.95Cr(Approvedon 20.02.2023)
Date of commencement of work	:	Jul-2022(Building &Services)
Schedulecompletion	:	Jul-2024(Building & Services)
Target Completion	:	Jan-2025(Including Medical Equipment)

Description	Planned	Actual
Physical Progress	100%	83.07%
Financial Progress(Rs)–30-06-2025	Rs.1110.55Cr	Rs.834.90Cr (fund released)

Project Fund status upto 31-05-2024:

Funds Received from MoHFW	Rs.834.90Cr.
Funds Utilized	Rs.753.76Cr.
Funds available with HITES	81.14Cr.

Status of Statutory approval

1. NOCs from Environmental clearance,AAI,Irrigation department, AERB, Pollution Control Board& Fire Department obtained.
2. Waiver of statutory fees for Permanent HT supply and Water supply received.
3. HMDA approval under process.

The proposed timelines given by HITES forvarious buildings is as follows:

SN	Name of Block	Floors	Targeted completion
1	Hospital Vishram Grah(NightShelter)	G+3	28-Aug-23 (Completed)
2	Ayush block	G+1	14-Oct-23 (Completed)
3	Type-VI quarters	G+5	Works completed. External development works nearing completion.

STUDENTS' ACTIVITIES & ACHIEVEMENTS

1. Demonstration of Weapons to MBBS students by Ballistic Division, Bhongir on 12th July, 2024.
2. UG Students won Third Prize in National Level Quiz organized at Thanjavur Medical College on 20th July 2024.
3. UG Students won Third Prize in National FMT Short Film Making Competition organized at Thanjavur Medical College on 20th July 2024.
4. Seminar was organized on Best Practices in Forensics on 26th July 2024 by AIIMS Bibinagar in collaboration with National Forensic Science University, Gandhinagar.

STUDENT WELFARE COMMITTEE

To address student's physical & mental issues & to promote their physical & mental wellbeing Student welfare committee was initiated on 09.09.2023 with the following committee members

- Dr Sai Krishna Tikka, Associate professor Department of psychiatry as **Faculty in charge**
- Dr Madhusudhan U, Assistant professor, Physiology, Faculty I/C Ug academics as Member **(Studentwelfare)**
- Dr Shailaja Prabhala, Additional Professor, Pathology& chairmanasmember (**Student Mentorship Programme)**
- Dr Debasis Bisoi,Assistant professor, Pharmacology as member (**Student EHS**)
- Dr Bhushan Kamble, Assistant professor, CFM as member (**Student EHS**)
- Dr Supriya Garapati, Associate professor & as member (**Cultural committee**)
- Dr Rekha Priyadarshini U, Assistant professor, Pharmacology as member (**Sports**)

Activities conducted

- CME on mental health &wellbeing was conducted on 26.10.24, Eminent Prof Dr Suresh Bada Math from NIMHANS, Bangalore & Dr Aruna Vanikar Ex president UG medical board NMC, panel discussion among various experts regarding interventions to improve mental health among medical students were discussed.

PG ACADEMICS: -

The Registrar's Office and Dean's Office coordinate the academic affairs of the MD/MS Postgraduate residents. Twelve postgraduate residents and 49 residents joined the MD/MS course available in various departments of the institute in the July 2024 and January 2025 sessions, respectively. Six-monthly progress reports, thesis registrations, and teaching programs are regularly maintained in the Office. Ten candidates of January 2022 batch completed the MD/MS course in the examination held in January 2025. The number of postgraduate students in each department is listed below: -

Sl.No.	Department	Number of postgraduates residents
1	Biochemistry	1
2	FMT	1
3	Microbiology	2
4	OBGY	1
5	Orthopaedics	1
6	Pharmacology	1
7	Physiology	1
8	Dentistry	2
Total		12

Green Campus Committee –

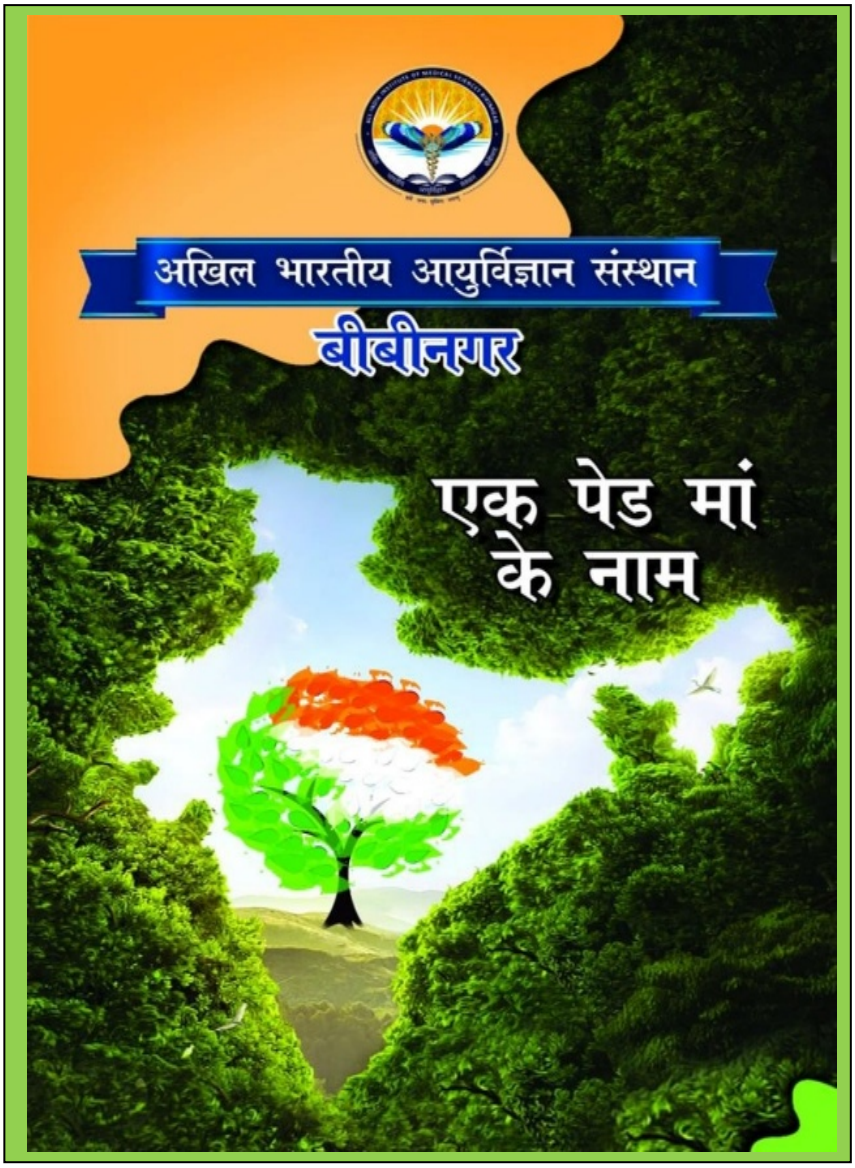

Name	Department	Designation
Dr. Alka Bhingardeo	Associate Professor, Dept of Anatomy	Nodal Officer
Dr. Madhulatha	Associate Professor, Dept of Biochemistry	Associate Nodal Officer
Dr. LaxmijyothiTadi	Additional Professor, Dept of Microbiology	Member
Dr. Surraj	Associate Professor, Dept of Anatomy	Member

Activities Conducted

It is said plant a tree, plant a hope. Following the mantra of Clean India and Green India, green campus committee under the aegis of honorable Executive Director, Prof. (Dr.) Vikas Bhatia organized series of plantation events.Our Hon'ble Prime Minister has launched 'EkPedMaKeNaam' Campaign on5th June 2024 on the occasionof World Environment Day and urged all to contributeinmakingour planet better. AIIMS Bibinagar Green campus committee organized various events for faculty, students and staff under this National Flagship Program. The glimpse of events is enclosed herewith.

AIIMS Bibinagar had always engaged and inspired faculty, staff and students in various plantation activities and aspires to be Greenest AIIMS in India.

GLIMPSE OF DIGNITARY PLANTATION

EkPed Ma KeNaam vari

AIIMS Bibinagar Executive Director Prof (Dr) Vikas Bhatia along with National Minority representative member during plantation event

Manager, Powergrid Corporation of India Limited donating Herbal plants to the institute

AIIMS Bibinagar Executive Director Prof (Dr) Vikas Bhatia along with Shri Jatothu Hussain, Honorable member of National Commission for Scheduled Tribes, New Delhi during plantation event

AIIMS Bibinagar Executive Director Prof (Dr) Vikas Bhatia along with Prof. (Dr) Atul Goel, honorable DGHS in plantation event

AIIMS Bibinagar Executive Director Prof (Dr) Vikas Bhatia along with Prof (Dr) Prashant P Joshi, Executive Director,AIIMS Nagpur and Prof (Dr) Ashutosh Biswas, Executive Director, AIIMS Bhubaneswar during plantation event

Honorable President Prof.(Dr.) George A D'Souza planting sapling with Honorable Executive Director, Prof. (Dr.) Vikas Bhatia

Ek Ped Ma Ke Naam - Faculty Planataion Event

Ek Ped Ma Ke Naam – Students (MBBS and BSc Nursing) Planataion Event

Plantation event at ZP School Indralaya Village

ANTI RAGGING COMMITTEE

Anti-Ragging Committee AIIMS Bibinagar Hyderabad

AIIMS/BBN/DEAN/ Date -OFFICE ORDER

As per directions of the Hon'ble Supreme court of India, UGC and other regulating bodies, AIIMS Bibinagar Hyderabad has formulated its policy against the ragging and constituted Anti-ragging Committee. The committee is as follows:

S.No.	Committee	Contact details	Position
2.	Dean (Academics) AIIMS Bibinagar	dean@aiimsbibinagar@edu.in	Chairperson
3.	DDA, AIIMS Bibinagar	dda@aiimsbibinagar.edu.in	Member

Activities conducted

Ragging is a punishable offence. To make campus ragging free, All India Institute of medical sciences, Bibinagar had constituted Anti-ragging Committee from the inception of the institute. Honorable Director of the institute had guided committee to take all possible measures to have ragging free culture in the institute. No incidence of ragging is reported in the institute in the last year and expecting the continuation of the same ragging free culture ahead. Following measures were taken by the committee in order to have ragging free culture in the campus last year –

1. Newly admitted students were given accommodation in separate building – AmritNiwas preventing contact with senior batches for initial few months
2. Enrolment of newly admitted students on UGC portal
3. Anti-ragging pledge by the students
4. Night duty of doctors at hostel for initial few months of admission of new students
5. Display of posters for anti-ragging awareness in the hostel, canteen, reading room and other places of students gathering
6. Anti-ragging lecture by committee members in foundation course of new batch
7. Anti-ragging squad for surprise visits
8. Anti-ragging monitoring cell of higher authorities
9. Anti-ragging week celebration with activities like anti-ragging pledge, lectures, movies, rangoli competition
10. Regular anti-ragging meetings

Medical education unit

In view of overall development of students hereby proposing revised Medical Education Unit (MEU) is given below:

Name	Department	Designation
Dr. Rahul Narang	Dept. of Microbiology	Chairman
Dr. Sangeetha Sampath	Dept of Biochemistry	Co-Chairman 1
Dr.Nitin Ashok John	Dept. of Physiology	Co-Chairman 1
Dr. Rashmi Kundapur	Dept. of CFM	Co-ordinator: 1 (Shall supervise & oversee activities of Team 1 to 5)
Dr. Madhuri Taranikanti	Dept. of Physiology	Co-ordinator: 2(Shall supervise & oversee activities of Team 6 to 10)

S.NO	TEAM NO.	NAME OF TEAM	TEAM LEADERS & MEMBERS
1	Team-1	Medical Education Teaching and training Team	1.Dr.Lakshmi Jyothi Tadi(**Team Leader)** **Members:** 1.Dr.Ashutosh Rath(Pathology) 2. Dr.Rohini Motwani(Anatomy) 3.Dr.Rekha (Pharmacology)
2.	Team-2	Integration and Alignment	1.Dr.Rashmi Kundapur(**Team Leader)** **Members:** 1.Dr.Mishu Mangla(OBGY) 2.Dr.Seetu Palo(Pathology) 3.Dr. Meely Panda(CFM) 4.Dr. V. Mounika Reddy(Pediatric)
3.	Team-3	Foundation and Orientation team	1.Dr Gunvanti Rathod **(Team Leader)** **Members:** 1.Dr.M Kalpana(Physiology) 2.Dr. Madhusudhan S(Pediatric) 3.Dr.Madhusudhan U(Physiology) 4.Dr.Neemu Hage(ENT) 5.Dr. Supriya Garapati(Anatomy) 6.Dr. A Nyna Sindhu(General Surgery)
4.	Team-4	Elective and Exchange Programme	1.Dr.Pragnesh Parmar**(Team Leader)** **Members:** 1. Dr. Shasankar Shekhar Panda(Paediatric Surgery) 2. Dr. Annapurna Srirambhatla(Radio Diagnosis)
5.	Team-5	ICT Including AI	1.Dr. Radhika Soanker**(Team Leader)** **Members:** 1.Dr. Seetu Palo(Pathology) 2.Dr. Aparna Varma B(Biochemistry) 3.Dr.Madhu Latha Karra(Biochemistry)
6	Team-6	Assessment and Evaluation	1.Dr.Aparna Varma B(**Team Leader)** **Members:** 1.Dr.Madhusudhan U(Physiology) 2.Dr. Prashanth Mada(FMT) 3.Dr.Madhu Latha Karra(Biochemistry)
7	Team-7	Feedback and Mentee Mentor Team	1.Dr.Shailaja Prabhala(**Team Leader)** **Members:** 1.Dr. Prashanth Mada(FMT) 2.Dr.Parag Patil Parshuram(Pathology)
8	Team-8	Attitude,Ethics and Communication (AETCOM)	(**Team Leader)** 1.Dr.Madhuri T 2.Dr.Sai Krishna Tikka **Members:** 1. Dr.Dr. R Shyamala (Microbiology) 2. Dr. Vidya Ganji (Psychiatry) 3. Dr. Abhimanyu Sharma(Pathology) 4. Dr.Neemu Hage(ENT)

9	Team-9	Skill Lab	1.Dr. S.Kalyani Surya Dhana Lakshmi**(Team Leader)** **Members:** 1.Dr Vishaka Jain(General Medicine) 2.Dr. V. Mounika Reddy(Pediatric) 3.Dr. Vandana Shridharsa Daulatabad(Physiology) 4.Dr. Madhavi Eerike(Pharmacology)
10	Team-10	Climate Change and one health	1.Dr.Rahul Narang**(Team Leader)** **Members:** 1.Dr. R Shyamala(Microbiology)

Team 1: Members of theMedical Education Unit

Name	Designation	Department
Dr. Lakshmi Jyothi Tadi	Team Leader	Additional Professor, Microbiology.
Dr. Rohini Motwani	Member	Additional Professor, Anatomy.
Dr. Ashutosh	Member	Associate Professor, Pathology and Lab Medicine.

Team MEU-1 from the Medical Education Unit (MEU) at AIIMS Bibinagar, successfully conducted a 5-day National Course on Educational Science for Teachers of Health Professionals from March 24th to March 28th, 2025. The program was inaugurated on March 24th with a lamp-lighting ceremony, graced by esteemed dignitaries including Executive Director Prof. Dr. Vikas Bhatia, Dean of Academics Prof. Dr. Rahul Narang, and Dr. Zayapragasarassan, Professor & Head, Department of Medical Education at JIPMER, along with his team members: Dr. Latha Chaturvedula, Professor of Obstetrics and Gynaecology; Dr. Madhusudhanan P, Additional Professor & Head of Nuclear Medicine; Dr. Sivaraman G, Additional Professor & Head of ENT; and Dr. Rajalakshmi R, Associate Professor of Physiology. The event was followed by the felicitation of the Faculty from MEU JIPMERand an inaugural address by Executive Director Prof. Dr. Vikas Bhatia. The program saw the active participation of 30 faculty members from various departments at AIIMS Bibinagar, who engaged wholeheartedly over the five days, reflecting their commitment to enhancing teaching practices. The sessions included educational activities aimed at improving both teaching and learning experiences. These activities included Competency-Based Medical Education (CBME), deriving specific learning objectives, small group teaching, large group discussions, unconventional learning experiences, AETCOM, digital tools for teaching, early clinical exposure, microteaching, and more. post-lunch on March 28th, 2025, featured closing remarks from the Executive Director, who emphasized the positive impact of the course. He noted that the training would significantly enhance the teaching approaches of the participating faculty, ultimately benefiting student learning.

Group III: Summary of Integrated Teaching:						
MEDICINE						
SN	**Date**	**Topic**	**Departments involved**	**Teaching methods employed**	**Student Participation and feedback**	**Challenges & suggestions**
1	10.02.2024	Iron deficiency Anemia.	1.General medicine 2.Pathology 3.Physiology	Small group discussions, power point images, slides	Batch – 2022,questions asked responded with answers	Difficulty in synchronizing curricula between pre-clinical, para-clinical, and clinical disciplines. To Introduce technology-enabled learning tools (like simulation-based learning and case-based discussions) Encouraging regular feedback from students.
2	09.03.2024	Shock	1. Pharmacology General medicine	Small group discussions, power point images and slides.	Batch – 2022,questions asked responded with answers	
3	13.04.2024	Pulmonary Tuberculosis	1. General Medicine 2. Microbiology 3.Pharmacology 4. CMFM	Power point images and slides, small group discussions.	Batch – 2022, questions asked and they responded well.	
4	27.04.2024	Myocardial Infarction	1. General Medicine 2. Biochemistry	Small group discussions, power point images and slides.	Batch – 2023,questions asked responded with answers.	
5	08.06.2024	Myocardial Infarction	1. General Medicine 2. Biochemistry 3. Pathology	Small group discussions, power point images and slides.	Batch – 2022, questions asked responded with answers.	
6	10.08.2024	Malaria	1. General Medicine 2. Microbiology 3.Pharmacology 4. Community Medicine & Family Medicine	Small group discussions, power point images and slides.	Batch – 2022, questions asked responded with answers.	

FORENSIC MEDICINE AND TOXICOLOGY						
SN	**Date**	**Topic**	**Departments involved**	**Teaching methods employed**	**Student participation and feedback**	**challenges and suggestions**
1		**SUBSTANCE USE DISORDERS** 1.Identification & Management 2. Pharmacology of drugs used in treatment of substance use disorders 3. Forensic aspects of substance use disorders	1.Department of Psychiatry 2. Department of Pharmacology 3. Department of Forensic Medicine & Toxicology	**Lecture-based Teaching:** Delivered by faculty members from respective departments, covering theoretical and practical aspects of substance use disorders.	NIL Only 11 students attended the session	The integrated teaching sessions are currently scheduled on Saturdays, which being a weekend, often results in lower student attendance. To ensure maximum participation and engagement, consider rescheduling these sessions to a weekday. Additionally, the sessions be scheduled in a way that avoids placement immediately before or after a vacation/closed holiday, as this could further impact attendance and effectiveness.

PHYSICAL MEDICINE AND REHABILITATION						
SN	**Date**	**Topic**	**Departments involved**	**Teaching methods employed**	**Student participation and feedback**	
	26/10/2024	Management of Stroke Patient (on the occasion of Stroke Awareness Day)	Neurology, PMR, Paediatric, Radiology	Students were divided in five groups. Each group presented case on different topic of Stroke including Rehabilitation. Later that topic was discussed among all.	Very good participations among students	

COMMUNITY MEDICINE AND FAMILY MEDICINE						
1.	20/07/2024	a. Burden of Tobacco Use b. Oral Submucous Fibrosis and Tobacco c. Nicotine Addiction and Tobacco Cessation d. MPOWER and COTPA	Department of CMFM, ENT and Psychiatry	Lectures using powerpoint, Videos and Group Discussion	-	As there was a guest lecture on the same day, some students could not attend the Integrated Teaching Activity and also received Continuous calls from the organizers to send the students for guest lecture. So we had to hurry up to finish.
2.	19/10/2024 6th and 7th Semester MBBS	a. Epidemiology and Clinical features of HIV/AIDS b. Diagnosis and Testing of AIDS c. Management, newer drugs, and Challenges related to HIV d. National Programs and the way Ahead.	Dept of CMFM, Microbiology and Pharmacology	Lectures using powerpoint, Videos and Group Discussion		Nil.

ENT						
	23/11/1024	Thyroid Disorders and Management of Thyroid Nodule	Dept. of ENT, Anatomy and Physiology		-	-

OBSTETRICS AND GYNAECOLOGY						
SN	**Date**	**Topic Covered**	**Department Involved**	**Teaching Methods Used**	**Student Feedback and Participation**	
1.	12-03-2024	MRI Findings& Clinic pathological evaluation in Uterine & Ovarian tumour cases (For Post-Graduate Students)	OBGY/ Radiology	Lectures using PowerPoint, Videos and Group Discussion	Very good participations among students	
2.	15-03-2025	Pap-Smear statistics Jan-June 2023 (For Post-Graduate	OBGY/ Pathology	Lectures using PowerPoint, and Group Discussion	Very good participations among	

		Students)			students	
3.	09-04-2024 (11am to 1pm)	Medico legal aspects in Obstetrics and Gynaecology	Obstetrics and Gynaecology and Forensic Medicine	Panel Discussion, Lectures using PowerPoint, Videos and Group Discussion	Very good participations among students	
1.	14-06-2024	Neonatal Resuscitation by Neonatologist (For Post-Graduate Students)	OBGY/ Neonatology	Lectures using PowerPoint, and Group Discussion	Very good participations among students

MEU team 5 (ICT (including AI)

S.No	Name	Designation
1	Dr Radhika S	Team leader
2	Dr Aparna Verma	Member
3	Dr Seeto Palo	Member
4	Dr Madhulatha Karra	Member

The team had charted out the action plan for the year 2025 in a meeting held on 11/12/2024
The UG activities were identified for non-clinical and clinical departments, which include

1) Demonstration of uploading of lab reports and validation
2) Hands-on-training of uploading reports in HMIS
3) Demonstration of creating EMR of eprescription in HMIS
4) Hand-on-training of creating EMR
5) Demonstration of census generation on HMIS portal
6) Computer Assisted learning
7) Demonstration of uploading ADRs into database
8) Introduction of AI concepts and appliactions
9) Demonstration of teleconsultation on eSanjeevani
10) Hands-on-training of HMIS ID creation
11) Referral system

The Heads were requested to nominate one faculty as coordinator. The coordinators from most of the Departments involved in I MBBS, II MBBS and Final MBBS UG training have been identified to work out the action plan suggested.

Members of the Foundation course and Orientation Program Committee

Name	Designation	Department
Dr Gunvanti Rathod	Team Leader	Additional Prof. Pathology Department
Dr. M. Kalpana	Member	Additional Prof, Physiology Department
Dr Madhusudan U	Member	Associate Prof, Physiology Department
Dr Madhusudan S	Member	Additional Prof, Pediatric Department
Dr Neemu Hage	Member	Associate Prof, ENT Department
Dr A Nyna Sindhu	Member	Associate Prof, Surgery Department
Dr. Supriya Garapati	Member	Additional Prof, Physiology Department

1. Foundation course and Orientation Program for MBBS 2024 batch

Inaugurated on 30.09.2024 and carried on till 7.10.2024. The special occasion was inaugurated by chief guest Dr. AK Mahapatra Sir, Vice chancellor SUM institute, SOA, University Odisha. Session was also graced by President of AIIMS, Bibinagar, Hyderabad, respected Professor Dr. George A. D'Souza, Visionary Director of the institute, Prof. Dr Vikas Bhatia, Medical Superintendent, Prof. Dr. Abhishek Arora, Dean Academics, Prof. Dr. Rahul Narang and whole team of Orientation and Foundation course committee. Various interactive sessions were held by various committees and faculty members of AIIMS, Bibinagar throughout the program which included Music, Movie and Dance Club activities, AETCOM sessions, Leadership Skills, Team work, Sports in AIIMS, Our campus green campus, Introduction to Pre-clinical, Para clinical and clinical departments by respective HODs, Research in life of Medico, Health care Systems, Overview of Academics and Examinations, Patient related services, Yoga and many more. The students also visited "Kanha Shantivanam" which is popular Yoga and stress management center of Hyderabad.

All students were very happy after the visit. Various sessions of the foundation course brought out a panoramic view of the richness and diversity of Indian culture and heritage and also helped students become aware of their batch mates interests and talent. The students also participated in group activity in which they expressed their thought on 'My Dream as a Medico'. While all of them expressed enthusiasm and excitement towards beginning a new Journey of their life. All students gave excellent feedback that Foundation course was very helpful for them to create a good rapport with peers and chance to interact with various faculty members and to orient them to all aspects of the medical college environment.

Orientation Program of MBBS 2023 batch

Orientation program for MBBS 2023 batch was organized by Foundation course and orientation program committee of Medical Education Unit of AIIMS, Bibinagar from 9 to 13 September 2024. The main topics which included were Hospital etiquettes and details about clinical postings by various head of the departments, introduction to second MBBS subjects with practical and theory exam patterns, ATCOM session for importance of communication with patients and to learn proper attitude how to deal with patients and their relatives. There were also sessions on educational movie, stress management, yoga for good health and elocution competition for students. Executive Director Dr Vikas Bhatia Sir encouraged the winners of elocution competition during prize distribution and wished best wishes for future endeavours. Excellent feedbacks have been given on orientation program.

Orientation Program for Second Batch of Interns at AIIMS, Bibinagar on 01.01.2025

AIIMS Bibinagar conducted the successful commencement of the orientation program for the second batch of interns. The orientation was inaugurated by Dr. Vikas Bhatia, Executive Director, AIIMS Bibinagar, who welcomed the new batch of interns and emphasized the importance of dedication, compassion, and ethics in the medical profession. He encouraged the interns to make the most of the opportunities provided by the institution and contribute to the advancement of healthcare services. Following the inaugural address, Dr. Rahul Narang, Dean of Academics, provided a detailed overview of the academic journey ahead for the interns. The Medical Superintendent, Dr. Abhishek Arora, spoke on the importance of patient care, the responsibility of healthcare providers, and the challenges faced in day-to-day hospital operations. He emphasized the need for discipline, attention to detail, and teamwork, which are crucial for the smooth functioning of the hospital. Dr. Aparna Varma, Registrar, extended her best wishes to the interns and provided insights on administrative and procedural aspects of the internship. She elaborated on the code of conduct, the assessment process, and the resources available to ensure a conducive learning environment. The orientation program aimed to familiarize the new interns with the institutional policies, the academic framework, and the clinical responsibilities they will undertake.

CULTURAL COMMITTEE

Highlights of the Committee

76th Republic Day celebration at AIIMS Bibinagar celebrated by Executive Director Prof Dr Vikas Bhatia , Dean Academics Prof Dr Rahul Narang Medical Superintendent Prof Dr Abhishek Arora were present All the faculty ,Nursing officers, Students (MBBS and Nursing's) non-teaching staff ,security and house keeping attended the program. ProvisionalMBBS degree certificate was issued for the first batch student's 2019 batch. Cultural program was organized by faculty , students nursing officers.

Cultural committee of AIIMS Bibinagar organized a cultural event "Dandiya night" for faculty, students and their Family and friends. The event started with the "Aarti "of goddess Durga followed by joyous Dandiya night full of dance and enjoyment. Families and friends clad in colorful traditional costumes celebrated the night with utmost devotion and enthusiasm. The event was a grand Success.

Bathukamma celebrations were done the next day with a huge colorfulbathukamma made by the staff members. Then all the faculty and students along with other staff members clad in yellow color traditional costumes danced gleefully for the Bathukamma songs with great enthusiasm. It was indeed a beautiful evening of the festive season.

Republic day marking the formation of Indian constitution was celebrated with much pride and happiness in AIIMS Bibinagar. The event started with hoisting of our National Flag by our Director followed by words of wisdom by the dignitaries. This was followed by patriotic cultural programs by faculty, students and nursing officers showcasing the sacrifices of army officers for our Nation.

UDBHAV 2024, annual students socio cultural programme started on 5th March with inauguration and light lamping in the morning by Dr Vikas Bhatia, Director, Dr Rashmi Kundapur (Nodal officer cultural committee), Dr Deepthi Konda (Additional nodal officer cultural committee), Dr Abhishek Arora (Medical superintendent), Dr Aparna (Registrar), Dr Sangeetha Sampath (Dean research). Multiple stalls were put up which provided delicious food and soft drinks. It was followed by various literary and art competitions like face painting, best out of waste, Mock Parliament, solo singing, solo dance. Mock parliament, resembling the real parliament was a big hit, with students showcasing their talent with wonderful discussions and debates on various political topics. This year, online competitions were also organized where in around 100 students from different colleges participated actively and won prizes. At night, DJ was organized with proper safety measures, where students danced to the tunes of music. The next day March 5th, the events started in the morning with group singing, instrument, rangoli, mehendi, and later by the fun filled Quizzotica and Just a minute, Group dance competition that went on till evening. Students did a spectacular fashion show with which the all the events came to an end. The programme ended on a high note with DJ. The winners of various competitions held during UDBHAV were distributed on 10th March 2024 as a part of annual day. The cultural champion and Literary Champion were awarded on 11th March 2024.

Cultural event was conducted during annual day celebrations on10thand 11th March 2023 by the active participation of the faculty, residents, students and Nursing officers. The program was started with a classical dance performance. The most appreciated student dance performances of cultural fest which had been conducted on 5th and 6th march 2024 were reperformed during the cultural program and got a great ovation. Faculty members have actively participated in Remix dance performance and a fantastic fashion show which indeed captivated the audience.

Literary Activities Committee

1. Highlights of the Committee

Literary Activities Committee is divided into two sub-committees as Institute Magazine Committee and Literary Activities Committee. The Institute Magazine committee is involved in designing and creating the annual magazine and the members work in close association with the students of every new incoming MBBS batch to create the magazine. The objective of the institute magazine is to provide a platform to students and also to all the staff to showcase their literary and artistic talents of writing prose, poetry, art works, photography etc. It invites contributions from three languages ie, English, Hindi and local Telugu language. After a year long preparation, the magazine named as "Invictus- always the winners" is released every year on the Annual Day i.e. 10 th March. This year, the Institute Magazine "Invictus" was released by the Chief Guest, Shri. ZendageHanumatodi, Collector & District Magistrate, Yadadri Bhuvanagiri, and Guest of Honour Dr. Karunakar Reddy, VC, KNR University of Health Sciences, Warangal. It was graced by the presence of Executive Director, Prof (Dr) Vikas Bhatia, Dean Academics, Prof (Dr) Rahul Narang and Medical Superintendent, Prof (Dr) Abhishek Arora, all faculty, students, Nursing officers, administrative staff and also some of the parents of students. The other subcommittee looks after organizing literary events, namely, debate, quiz, just-a-minute, Mad-Ads, etc, for students, which are conducted usually in conjunction with the institute cultural Committee during the annual institute cultural festival.

As part of Cultural Fest "Udbhav" celebrated on 4th , 5th and 6th March 2024, the Literary Activities Committee conducted various competitive events like Mock Parliament, Quizzotica, 'Just a Minute',Mad-Ads, Declamation speeches and also online poetry and essay writing competitions with active participation of students from all the batches of MBBS. Impromptu participation by the faculty added more fun and enthusiasm to these events and was enjoyed by all thoroughly. Prizes and certificates were given to all the participants and to organizing student members**.**

2. Members of the Committee: Institute Magazine Sub Committee

Name	Designation	Department
Dr Shailaja Prabhala	Nodal officer	Additional Prof and HoD, Pathology and Lab Medicine
Dr Alka Bhingardeo	Additional nodal officer	Assistant Prof, Dept of Anatomy
Dr Annapurna Srirambhatla	Member	Associate Prof, Dept of Radiodiagnosis

Dr Prashanth Mada	Member	Assistant Prof, Forensic Medicine and Toxicology
Dr CH Rama Krishna Prasad	Member	Assistant Prof, Anaesthesiology

SPORTS COMMITTEE

1. HIGHLIGHTS OF THE COMMITTEE

The Sports Committee organized sports events, procured Sports equipment, and improved sports facilities at the institute. In the year 2024-2025, there was notable progress in promoting sports and fitness. Students, faculty, and staff actively participated in tournaments and activities. New table tennis courts were set up, and more indoor games equipment was added to support increased demands.

2. Members of the Sports Committee

Name	Designation	Department
Dr.Ayya Syama Sundar	Nodal officer	Additional Professor, Dept of Anaesthesiology
Dr.Rekha Priyadharshini U	Additional Nodal officer	Associate professor, Dept of Pharmacology
Dr.Yadukul S	Member	Additional Professor, Dept of Forensic medicine and Toxicology
Dr.Prafull	Member	Additional Professor, Dept of Physiology
Dr.Vandana	Member	Associate Professor, Dept of Physiology
Dr.Geetha SG	Member	Associate Professor, Dept of Anatomy
Dr.Vijay	Member	Assistant professor, Dept of Dentistry
Dr.Vasanth Kumar kasturi	Member	Tutor, College of Nursing
Mrs.Era Deepika Dayal	Member	Tutor, College of Nursing
Mr.Saravanan C	Member	Nursing Officer

3. ACHIEVEMENTS & MAJOR EVENTS OF THE COMMITTEE

I. 4thMonsoon Sports Tournament (2024)

The Sports Committee successfully organized the vibrant 4th Monsoon Sports Tournament, held from 20th September to 3rd October 2024. The event was inaugurated by the Executive Director, Prof. Vikas Bhatia, in the presence of Dr. Ayya Syama Sundar, Dr. Rekha Priyadharshini, and the organizing team. The Organizing Committee for Monsoon Sports 2024 and SPARK-2025 comprised:

Dr. Yadukul S – Organizing Chairperson	**Dr. Vijay** – Organizing Secretary
Mr. Saravanan C – Joint Organizing Secretary	**Dr. Vasanth Kumar Kasturi** – Treasurer
Mrs. Era Deepika Dayal – Event Coordinator	**Mr. Anubhav** and **Ms. Keerthika** – Organizing Sports Secretaries

The tournament featured indoor games including Badminton, Table Tennis, Chess, and Carrom. Despite the rainy weather, the event saw enthusiastic participation from students, faculty, and staff, promoting physical fitness, camaraderie, and a strong sense of unity across the institute. The tournament concluded with a valedictory ceremony on 3rd October 2024, during which winners were felicitated with trophies and certificates.

II. Establishment of New Sports Infrastructure

To meet the increasing demand for indoor sports and provide accessible facilities for both students and staff, the committee undertook the following initiatives:

a) **Table Tennis Courts:**

- **Amrit Nivas** – Commissioned in April 2024
- **UG Boys' Hostel** – Established in February 2025

b) **Recreational Facilities:**

- Additional Carom and Chess boards were procured to encourage informal recreation and alleviate stress through mind-based games.

III. Fit India Week – 2024

In alignment with the directives of the University Grants Commission (UGC) and the Ministry of Youth Affairs & Sports, Government of India, the **6th edition of Fit India Week** was celebrated at AIIMS Bibinagar from 7th to 13th December 2024 under the mentorship of Dr. Rekha priyadharshini U and Dr.Yadukul S. The inaugural ceremony on 7thDecember was marked by the Fit India Pledge taken by students, faculty, and staff. During the event, the Executive Director, along with committee members, addressed the gathering, emphasizing the importance of integrating fitness into daily routines. A series of engaging physical activities were conducted throughout the week, which saw active participation from all sections of the institute, fostering a collective spirit of health and well-being.

IV. SPARK – 2025: Annual Sports Tournament

The flagship annual sports tournament, **SPARK-2025**, was inaugurated on 25th January 2025 at the AIIMS Bibinagar campus. The tournament is structured into three categories as students, faculty, and non-faculty staff and includes competitions in a wide range of sports such as Cricket, Football, Throwball, Chess, Carrom, Kho-Kho, Table Tennis, Badminton, and Athletics. The inaugural ceremony was graced by two distinguished personalities in Indian sports:

a) **Mr. Niranjan Reddy**, Chief Coach of Olympic silver medalist Gagan Narang
b) **Mr. Sandesh Reddy**, National Champion in Para-Pistol Shooting and a medalist in various international competitions

During the ceremony, Executive Director Prof. Vikas Bhatia highlighted the essential role of sports in maintaining a balanced and healthy lifestyle and extended his best wishes to the Organizing Committee of SPARK 2025, led by Dr. Yadukul and team. The tournament concluded with a valedictory ceremony on 3rd March 2025, where winners were honored with trophies and certificates.

Winners of the Monsoon Sports events proudly pose with Nodal Officer Dr. Ayya Syama Sundar, Additional Nodal Officer Dr. Rekha Priyadharshini and Organizing chairperson Dr.Yadukul S. The moment captures joy and recognition for their hard work and achievements

Executive Director Prof. Vikas Bhatia joins the Financial advisor Shri.Rashid Abbas Ansari, Dean AcademicsProf.Rahul Narang, Dean Research Prof. Sangeetha sampath, and the Medical Superintendent Prof. Abhishek Arora for the Fit India Pledge. The AIIMS Bibinagar community stands together, showing their commitment to health and fitness.

	
Prof. Vikas Bhatia, Executive Directo unveils the SPARK 2025(Annual sports day) flag and T-shirt alongside chief guest Mr.Niranjan Reddy, Mr. Sandesh Reddy with Dean Academics Prof.Rahul Narang, Dean Examination Prof. Nitin Ashok John and Dr. T Latha, Principal college of nursing. The moment marked the official launch of the annual sports fest with enthusiasm and pride. Student representatives joined the dignitaries, symbolizing unity and sporting spirit.	Best Athletes of SPARK 2025 from the Student, Faculty, and Nursing officer categories proudly hold their awards.They are joined by the Executive Director, Deputy Director of AdministrationDr.Bipin P. Varghese, Dean of Examinations, and Medical Superintendent and Prof.Maheshwar Lakkireddy, Head of the department of Orthopaedics. The moment captures joy, pride, and celebration of success across all groups.

FACULTY AFFAIRS

After joining of Executive Director, Dr. Vikas Bhatia on 08 May 2020, The Standing selection committee [SSC] had conducted recruitment in 5 phases for faculty. A total of **132** appointment orders issued out off which **114** faculty members had joined in various departments including super specialty departments and many are in the process of joining. Out of these **114** faculty members **11** Professors, **20**Additional Professor, **22** Associate Professor, **63** Assistant Professor. In addition to that we have **117** Senior Residents and **20** Junior Resident (Non Academic) &**02**Senior Residents **127** Junior Resident (Academic)&**05** Senior Residents (Academic) in various departments. The details of faculty members are as followings:-

Ser No	Name	Present Designation	Department
1	Dr. Neeraj Agarwal	Prof and Head	CFM
2	Dr. Kishore Yadav Jothula	Associate Professor	CFM
3	Dr. Durgesh Prasad Sahoo	Associate Professor	CFM
4	Dr. Kusneniwar Govindrao Narsingrao	Additional Professor	CFM
5	Dr. Prashanth Mada	Associate Professor	Forensic Medicine
6	Dr. R Shyamala	Additional Professor	Microbiology
7	Dr. Meely Panda	Associate Professor	CFM
8	Dr. Sunil Kumar D Chavan	Associate Professor	Microbiology
9	Dr. Debasis Bisoi	Associate Professor	Pharmacology
10	Dr. Raja S	Associate Professor	Microbiology
11	Dr. Lakshmi Jyothi Tadi	Additional Professor	Microbiology
12	Dr. Madhavi Eerike	Additional Professor	Pharmacology
13	Dr. Gomathi R	Associate Professor	CFM
14	Dr. U Rekha Priyadarshini	Associate Professor	Pharmacology
15	Dr. Gerard Marshal Raj D	Associate Professor	Pharmacology
16	Dr. Sumitra Sivakoti	Assistant Professor	Pathology & Lab Medicine
17	Dr. Shailaja Prabhala	Additional Professor	Pathology & Lab Medicine
18	Dr. Ayya Syama Sundar	Additional Professor	Anaesthesiology
19	Dr. CH Rama Krishna Prasad	Associate Professor	Anaesthesiology
20	Dr. Shalam Nikhat Sheerin	Additional Professor	Microbiology
21	Dr. Patil Parag Parshuram	Associate Professor	Pathology & Lab Medicine
22	Dr. Annapurna Srirambhatla	Additional Professor	Radiodiagnosis
23	Dr. Vaman Kulkarni	Associate Professor	CFM
24	Dr. Abhimanyu Sharma	Associate Professor	Pathology & Lab Medicine
25	Dr. Rahul Narang	Prof and Head	Microbiology
26	Dr. S.Kalyani Surya Dhana Lakshmi	Additional Professor	Anaesthesiology
27	Dr. Yadukul.S	Additional Professor	Forensic Medicine
28	Dr. Seetu Palo	Associate Professor	Pathology & Lab Medicine
29	Dr. Ashutosh Rath	Associate Professor	Pathology & Lab Medicine
30	Dr. Gunvanti Rathod	Additional Professor	Pathology & Lab Medicine
31	Dr. Pragnesh Parmar	Additional Professor	Forensic Medicine
32	Dr. Rashmi Kundapur	Additional Professor	CFM
33	Dr. Aparna Varma Bhongir	Additional Professor	Biochemistry
34	Dr. Rohit Saluja	Associate Professor	Biochemistry
35	Dr.Nitin Ashok John	Prof and Head	Physiology
36	Dr. Madhu Latha Karra	Associate Professor	Biochemistry
37	Dr. Surraj S	Associate Professor	Anatomy
38	Dr. Anish Singhal	Associate Professor	Physiology
39	Dr. M. Kalpana	Additional Professor	Physiology
40	Dr. Vidya Ganji	Associate Professor	Physiology
41	Dr. Alka Bhingardeo	Associate Professor	Anatomy
42	Dr. Supriya Garapati	Additional Professor	Anatomy
43	Dr. Prafull. K	Additional Professor	Physiology
44	Dr. Anand	Additional Professor	Biochemistry
45	Dr. Ariyanachi. K	Associate Professor	Anatomy
46	Dr. Madhuri Taranikanti	Additional Professor	Physiology
47	Dr. Rohini Motwani	Additional Professor	Anatomy
48	Dr. Madhusudhan.U	Associate Professor	Physiology
49	Dr. Sailu Yellaboina	Assistant Professor	Biochemistry
50	Dr. Geetha S G	Associate Professor	Anatomy
51	Dr. Naina Kumar	Additional Professor	Obstetrics and Gynaecology

52	Dr. Kolavali Raghavendra Rao	Associate Professor	Ophthalmology
53	Dr. Archana Gaur T	Associate Professor	Physiology
54	Dr. Deepthi Konda	Associate Professor	Dermatology
55	Dr. Siddharam S Janti	Additional Professor	Ophthalmology
56	Dr. Arvind Kumar Morya	Additional Professor	Ophthalmology
57	Dr. Immanuel Pradeep	Associate Professor	Pathology & Lab Medicine
58	Dr. V. Mounika Reddy	Associate Professor	Paediatrics
59	Dr. Sandeep Garre	Associate Professor	Anaesthesiology
60	Dr. Sai Krishna Tikka	Additional Professor	Psychiatry
61	Dr. Kamble Bhushan Dattatray	Associate Professor	CFM
62	Dr. Krishna Ramavath	Associate Professor	General Surgery
63	Dr. Sangeetha Sampath	Prof and Head	Biochemistry
64	Dr. Namit Kant Singh	Additional Professor	ENT
65	Dr.Neemu Hage	Associate Professor	ENT
66	Dr A Nyna Sindhu	Associate Professor	General Surgery
67	Dr Madhusudan S	Additional Professor	Paediatrics
68	Dr Aparna J	Associate Professor	Obstetrics and Gynaecology
69	Dr Tushar Mohanlal Parmeshwar	Associate Professor	General Surgery
70	Dr B C Malathesh	Associate Professor	Psychiatry
71	Dr Jitendra Singh Nigam	Additional Professor	Pathology & Lab Medicine
72	Dr. Nabnita Patnaik	Additional Professor	Obstetrics and Gynaecology
73	Dr. Maley Deepak Kumar	Assistant Professor	Orthopaedics
74	Dr. Shrinivas Bheemrao Somalwar	Additional Professor	Pathology & Lab Medicine
75	Dr. Syed Ahmed Zaki	Associate Professor	Paediatrics
76	Dr. Abhishek Jagdishchander Arora	Prof and Head	Radiodiagnosis
77	Dr. Maheshwar Lakkireddy	Prof and Head	Orthopaedics
78	Dr. S. Siddharth Rao	Additional Professor	General Surgery
79	Dr. Vishaka Jain	Additional Professor	General Medicine
80	Dr. Sakthivadivel V	Additional Professor	General Medicine
81	Dr Dhole Sandip Rameshrao	Associate Professor	Physical Medicine &Rehabilittion
82	Dr. Deepankar Satapathy	Assistant Professor	Orthopaedics
83	Dr Vemuri Mahesh Babu	Assistant Professor	Pulmonary Medicine
84	Dr Y Ranjith Kumar	Associate Professor	Orthopaedics
85	Dr Manasa Reddy Vadhi	Assistant Professor	Paediatric Surgery
86	Dr N Charan	Assistant Professor	General Medicine
87	Dr R Arun	Additional Professor	Transfusion Medicine & Blood Bank
88	Dr Golla Vahini	Assistant Professor	General Medicine
89	Dr Anitha S	Assistant Professor	Nephrology
90	Dr T Ashok Vardhan Reddy	Assistant Professor	Neurology
91	Dr Syed Ifthekar	Assistant Professor	Orthopaedics
92	Dr Niraj Kumar	Prof and Head	Neurology
93	Dr Shrikrishna BH	Additional Professor	ENT
94	Dr Radhika S	Additional Professor	Pharmacology
95	Dr PS Siddharth Rao	Assistant Professor	Hospital Administration
96	Dr Vijay	Assistant Professor	Dentistry
97	Dr Pranitha V	Assistant Professor	Dentistry
98	Dr Mamidipalli Sai Spoorthy	Assistant Professor	Psychiatry
99	Dr Amar Kumar Repaka	Assistant Professor	Urology
100	Dr Rohit Babu Mula	Assistant Professor	Burns & Plastic Surgery
101	Dr Anurag Negi	Prof and Head	Dentistry
102	Dr. Mishu Mangla	Associate Professor	Obstetrics and Gynaecology
103	Dr Mrudula Chandrupatla	Prof and Head	Anatomy
104	Dr Vandana S Daulatabad	Associate Professor	Physiology

105	Dr Deepa G	Assistant Professor	Anatomy
106	Dr Anusha Devalla	Assistant Professor	Obstetrics and Gynaecology
107	Dr SM Rudresh	Additional Professor	Microbiology
108	Dr Kiran Kumar Tejavath	Assistant Professor	Biochemistry
109	Dr Rahul Garg	Assistant Professor	Microbiology
110	Dr Chandramouli R	Assistant Professor	Radiotherapy
111	Dr Peddireddy Arun Mitra	Assistant Professor	CFM
112	Dr A Chaitanya Pratyusha	Assistant Professor	Anaesthesiology
113	Dr. Shasanka Shekhar Panda	Prof and Head	Paediatric Surgery
114	Dr S Thanigainathan	Associate Professor	Neonatology
115	Dr E Srikanth	Assistant Professor	Orthopaedics
116	Dr Satyanarayana Kummari	Assistant Professor	Radiodiagnosis
117	Dr Gadhiraju Manisha Varma	Assistant Professor	Paediatrics
118	Dr. Vinodhini M	Associate Professor	Medical Oncology/ Haematology
119	Dr Kona Kiran Kumar Reddy	Assistant Professor	Radiodiagnosis
120	Dr.Mohammed Husain Chhotu Shaikh	Associate Professor	Cardiothoracic Surgery
121	Dr Davood UB	Assistant Professor	Transfusion Medicine & Blood Bank
122	Dr Venkateshwar Reddy	Associate Professor	General Surgery

NASHA MUKTH BHARAT ABHIYAAN (NMBA) COMMITTEE

1. HIGHLIGHTS

Nasha Mukth Bharat Abhiyaan (NMBA) committee was started at AIIMS Bibinagar in August 2024. This committee was formulated as per orders from Ministry of social justice and empowerment and headed by the Nodal officer Dr. Mamidipalli Sai Spoorthy, Assistant Professor, Department of Psychiatry. The meeting with the members of the NMBA Committee was held in September 2024 to discuss initiatives aimed at benefiting first-year undergraduate (UG) students to promote awareness on drug abuse. Department of Psychiatry, AIIMS Bibinagar has organised a mass pledge against drug abuse for students and faculty of our institute on 12th August 2024 on account of Nasha Mukt Bharat Abhiyaan. In continuation to this, we also conducted an awareness program against drug abuse for students of Zilla Parishad High school, Kondamadugu along with mass. The committee has conducted orientation program to newly joined first year MBBS students on 7th October 2024. Following the presentation, an interactive session was held to engage the students and gather their perspectives on substance abuse. One sports activity was conducted in collaboration with Sports committee in December 2024. Apart from these, the committee also started conducting a series of monthly seminars / activities aimed at fostering awareness, reducing stress, and promoting a healthier lifestyle among first year MBBS students.

Proposed activities:

SN	ACTIVITIES	PARTICIPANTS	FREQUENCY
1.	Orientation program (Awareness about NMBA and NMBA pledge)	First year MBBS	Yearly once
2.	Declaration form: • Anti-ragging form • Anti-drug form • Consent for surprise visits in hostel (drug check)	First year MBBS, Nursing, Paramedical students	Yearly once during orientation.
3.	Seminars / workshops for awareness generation (coordination with yoga committee)	First year MBBS	Once a month (1 hour session)
4.	Sensitisation of neighbouring boundary (Activities include walkathon/ marathon/ skit)	Residents of Bibinagar and Kondamadugu	Once in 3 months
5.	Awareness generation through activities (Activities discussed include movie club, coordination with sports committee for events, competitions like slogan writing/ poster/short film)	First year MBBS, Nursing, Paramedical students	Once in 6 months
6.	Formation of peer support group	Representatives from each batch of MBBS	Beginning of every session
7.	Identifying students with substance use disorder (Appropriate treatment through psychotherapy/pharmacotherapy)	First year MBBS, Nursing, Paramedical students	As and when needed
8.	Surprise drug checks at hostel	First year MBBS, Nursing, Paramedical hostel students	Intermittently

Members of the Committee

Name	Designation	Department
Dr Mamidipalli Sai Spoorthy	Assistant Professor	Psychiatry
Dr. Sai Krishna Tikka	Additional Professor	Psychiatry

3. Achievements and major events

Mass pledge against drug abuse for students and faculty of our institute on 12th August 2024

NMBA activity- Awareness against illicit drug abuse- Kondamadugu, August 2024

Orientation program against drug abuse to first year MBBS students, October 2024

Sports activity in collaboration with sports committee, December 2024

NMCN (National Medical college network)

- The prime objective of the project is to create a standard and cohesive environment for medical education to me capacity building for doctors, medical experts & citizens.
- One of the tasks under the NMCN project is to restructure and reform medical content available online and make colleges across India, including INI'S
- As approved by the competent authority A committee is constituted to look after National Medical College Network (NMCN) related work.

Name	Department	Designation
Dr. Madhusudhan U	Additional Prof, Paediatrics	Nodal Officer
Dr. Rohit Saluja	Associate Prof,Biochemistry	IT Expert
Dr. Vaman Kulkarni	Associate Prof,CM&FM	Member
Dr. Neemu Hage	Associate Prof,ENT	Member
Dr. Ariyanachi K	Associate Prof,Anatomy	Member

ACTIVITIES CONDUCTED

- After necessary approvals committee identified faculty coordinators in the following departments of Phase 2 MBBS
- PATHOLOGY
- MICROBIOLOGY
- PHARMACOLOGY
- FORENSIC MEDICINE & TOXICOLOGY
- Faculty coordinators were instructed to select topics from the list & identify faculty who will prepare e learning modules according to the CBME (Competency based medical education) topics.
- The faculty members prepared their PPTs in prescribed format, after approval from NRC (National Resource Centre, New Delhi), they were allowed to go ahead with video recording of their selected topics, the following topics are successfully updated /in process on NMCN portal
- PY6.4 Deep Sea diving: Presenter Dr Madhusudhan U
- Molecular basis of oncogenes by pathology
- PH1.10: Describe parts of a correct, complete and legible generic prescription. Identify errors in prescription and correct appropriately
- FM7.1 Enumerate the indications and describe the principles and appropriate use for:
- Committee members meet every last Saturday of the month to discuss the progress

- The Anti-ragging Committee headed by the Executive Director Dr. Vikas Bhatia as Chairperson has taken utmost precaution in curbing the menace within AIIMS Bibinagar campus. The campus is ragging free. The Dean Prof. Dr. Rahul Narang, in his capacity as the Vice-Chairperson, channels all the requisite support in this regard for making the Anti-ragging Committee fully operational.
- The Executive Director Dr. Vikas Bhatia in his opening remarks of the Foundation Day of the newly admitted MBBS Batch 2023-24 assured both the students and their parents that AIIMS Bibinagar would strive to be a ragging free campus.. This new hostel "AYUSH BUILDING, within the campus" is separate ragging free abode of newcomers. There will be wardens on duty to take care of students. Security guards are posted for 24 hours. As per Honorable Supreme Court's ant-ragging norm, one Assistant Professor will be on duty each day residing in campus ensuring safe and healthy atmosphere for the students.
- Dean (Academics) Prof. (Dr.) Rahul Narang, in his welcome address ensured newly admitted students and parents about ragging free environment of the institute. Dean Sir added that parents and students feel free to discuss with our committee members in case of any issues they face without hesitation.
- The committee members briefed about 'Anti-Ragging Rules' on behalf of the Anti-Ragging Committee to all the students making them aware of all facilities and help institute provides and they should approach without hesitation in case of any untoward incidence.
- A letter to the parents of the senior batch students to apprise regarding the various anti-raging measures at the Institute in accordance with the National Medical Commission

(Prevention and Prohibition of Ragging in Medical Colleges and Institutions) Regulations, 2022 was also sent previously. Awareness boards regarding anti-ragging rules with revised Anti-ragging Committee member notifications were placed in different areas within the campus. The Anti-ragging Committee also includes representation from students (senior and junior), Sub-Inspector, Local media person, and an NGO member.

- Hostel committee member's parts of antiragging committee are always in contact with students and parents ensuring providing healthy and holistic environment to the students.

RESEARCH CELL

INSTITUTIONAL RESEARCH CELL (IRC)

The Research Cell is the backbone of academic enhancement and development which simplifies concept building leading to new ideas and innovations. Objective of the Cell is to monitor and administer Research programs for faculty and students and encourage them to have rational approach in their academic activities.

IRC Members:

S.No	Name	Designation
1	Dr. Sangeetha Sampath	Dean Research
2	Dr. Govindrao N. Kusneniwar	Associate Dean Research
5	Dr. V Mounika Reddy	Member Secretary
3	Dr Mrudula C	Member
4	Dr. Sai Krishna Tikka	Member
6	Dr. DebasisBesoi	Member
7	Dr. Arun Mitra P	Member
8	Dr. Ashutosh Rath	Member
9	Dr. Abhishek J Arora	Member
10	Dr. Meely Panda	Member
11	Dr. Vishakha Jain	Member
12	Dr. Deepthi Konda	Member
13	Dr. Shashank Shekar Panda	Member

The Institute under this cell had strong foundations as:

1. SCIENTIFIC ADVISORY COMMITTEE technically approved 15 Intramural funding projects for the year 2024.
2. The research cell has prepared:
   - Guiding document and SOP for the conduct of Intramural and extramural projects.
   - Guidelines for involving students in research projects.
   - Standard operating procedure (SOP) for the conduct of clinical trials at AIIMS, Bibinagar.
3. Recognition of AIIMS Bibinagar as Scientific and Industrial Research organization (SIROs) by the department of scientific and industrial research on 15/04/2024.
4. The research cell and the Institutional research committee meet twice every month on the second and fourth Friday to review the funded and non-funded project proposals. From April 2024 to March 2025, the Research Cell has reviewed around 160 proposals across a total of 17 meetings.
5. MRU: A CME/Workshop was conducted on 17/03/2025 - 18/03/2025titled “Good practices and Prospects of sustainable development in primary health care sector among vulnerable tribal communities”. Under this workshop, the main participants include ASHA’s, ANM’s, Anganwadi Teachers and research staff of AIIMS Bibinagar. Under the MRU, AIIMS Bibinagar two projects have been approved and sanctioned. Out of those two projects, one project is in final stage of submission of report.
6. Recently, ICMR -Center for Research and Innovation in Assistive Health Technology (ICMR-CAHT) has approved for establishment of center at AIIMS Bibinagar on 04/11/2024 and with a total funding of Rs. 30 lakhs for a period of 5 years, the centerfor Assistive Health Technology was established at AIIMS Bibinagar on 13/02/2025.Three proposals

from AIIMS Bibinagar submitted under this Centre have been approved by the funding agency

7. Under the Ministry of AYUSH, the Collaboration center for Mind-Body Intervention through Yoga (CCMBIY) a memorandum to collaborate with AIIMS Bibinagar was signed on 28/03/2025 with a total fund of Rs. 37 Lakhs for a period of 5 years and the first installment (Rs. 19 Lakhs) was released on 21/03/2025.
8. In CTRC (Clinical Trial Review Committee) which is a sub-part of IRC, reviews all the trial projects and conducted 5 meetings till now and have approved 6 projects which are in ongoing stage.
9. ANUSANDHAN – The second edition of Anusandhan was released by Dr. Yogesh Kumar Chawla, Ex-Director, PGI Chandigarh on the eve of First Institute Foundation Day held on 8th April, 2024.

SCIENTIFIC ADVISORY COMMITTEE (RESEARCH ADVISORY COMMITTEE)

S.No	Name	Role	Internal/External
1.	Dr. Yogesh Kumar Chawla, Emeritus Professor, PGIMER, Chandigarh	Chairperson	External

- **Research Section organized 3nd SAC Meeting on 16th March, 2024 by Padmashri, BC Roy Awardee Prof (Dr.) Yogesh Chawla, Former Director & Emeritus Professor, PGIMER to faculty (Intramural Funded Projects). During the 3rd SAC Meeting, 15 proposals submitted by faculty members were approved, amounting to an estimated ₹62 lakhs.**

- **Institution Research Cell Conducts Basic Research Methodology Workshop for Junior Residents (Academic)**

On 23rd to 25th January, 2024 at AIIMS, Bibinagar, the Institute Research Committee (IRC) organized a comprehensive three-day Basic Research Methodology workshop, aimed to equip the new postgraduate residents of the institute with essential research knowledge and skills. The workshop, expertly coordinated by Dr Vaman Kulkarni, Associate Professor in the Department of Community Medicine and Family Medicine (CMFM) featured an esteemed panel of resource persons from various departments including Dr. Aparna Varma, Dr. Rashmi Kundapur, Dr. Meely Panda, Dr. Mrudula C, Dr. Dr. Madhavi Eerike and Dr. Rohit Saluja. The next day of the workshop focused on the various study designs, research questions, literature review and practical aspects of sample size calculations, supplemented by hands-on activities. On the second day, the workshop continued with lectures on basic statistics, ethical considerations in research, study protocol development and data collection tools. On the final day, pre-assigned groups of participants prepared and presented their draft research protocols and the resource members provided their valuable feedback. This interactive session facilitated a fruitful exchange of information and ideas, benefitting both the faculty and students alike.

- **On 11th to 13th September, 2024 at AIIMS, Bibinagar:**

From the 11th to 13th of September 2024, IRC organized a comprehensive three-day Basic Research Methodology Workshop, aimed to equip postgraduate students with essential research, knowledge and skills. The workshop expertly coordinated by Dr Vaman Kulkarni, featured an esteemed panel of resources from various departments including, Dr. Aparna Varma, Dr. Rashmi Kundapur, Dr. Mounika Reddy, Dr. Arun Mitra P, Dr. Madhavi Eerike, Dr. Meely Panda, and Dr. Rohit Saluja. The next day of the workshop commenced with a series of engaging lectures focused on research question, literature review, various study designs and practical aspects of sample size calculations, complimented by interactive hands-on activities. On the second day, the workshop continued with a few WORKSHOPS CONDUCTED 16 lectures delving into basic statistics, ethical considerations in research, study protocol development, and data collection tools. Once again, the participants had an opportunity to engage in practical exercises, reinforcing their understanding of the concepts discussed. On the third day, pre-assigned groups of participants prepared and presented their draft research protocols, and the resource faculty members provided their valuable feedback on critical aspects of the protocol. This interactive session fostered an enthusiastic exchange of information and ideas, besetting both the faculty and residents alike.

- **Hands-on Workshop on Systematic Reviews and Meta-analysis Under DHR-SARANSH Grant for Telangana and Andhra Pradesh Organized by AIIMS Bibinagar, Telangana.**

  The Systematic Reviews and Networking Support in Health (SARANSH) workshop, conducted under the DHR-SARANSH grant for Telangana and Andhra Pradesh, was successfully completed at AIIMS Bibinagar, Telangana. This hands-on workshop provided participants with essential training in systematic reviews and meta-analysis, ensuring the development of high-quality research ready for submission. The event saw enthusiastic participation from experts and scholars in the health care research field, with all scheduled activities executed as planned. The knowledge and experience gained through this workshop will significantly contribute to advancing research methodologies in the healthcare sector. AIIMS Bibinagar, in collaboration with the Department of Health Research, remains committed to fostering high-quality research and academic excellence in healthcare sciences. The event concluded with a valedictory session led by Prof. (Dr.) Vikas Bhatia, lauding the workshop's success in enhancing research skills and capacity in the region.

- **Under MRU -CME cum Workshop on "Good Practices and Prospects of Sustainable Development in the Primary Health Care Sector Among Vulnerable Tribal Communities". (Date: 17th and 18th March, 2025 Venue: AIIMS Bibinagar)**
  AIIMS Bibinagar successfully organized a two-day CME cum Workshop on "Good Practices and Prospects of Sustainable Development in the Primary Health Care Sector Among Vulnerable Tribal Communities" on March 17–18, 2025. The event brought together experts, healthcare workers (ASHAs, ANMs, Anganwadi teachers), and NGO stakeholders to discuss key issues in tribal health, with a special focus on tuberculosis under the 100-day campaign. Sessions covered challenges faced by Particularly Vulnerable Tribal Groups (PVTGs), TB burden and prevention, the One Health approach, and best practices in sustainable healthcare. Distinguished guests from academia, government, and NGOs shared insights. The second day emphasized health literacy and showcased the work of the Advanced Resource Centre for Tribal Health. The workshop concluded with a call for continued collaboration and policy-driven efforts to bridge healthcare gaps in tribal communities.

- **"Pan-AIIMS Research Colloquium'' Dean Research Meet at AIIMS Delhi, 29th January 2025**

A Pan-AIIMS Research Colloquium was held on January 29, 2025, at Dr. Ramalinga Swami Boardroom, AIIMS, New Delhi. This is the first of its kind unique meeting involving Dean Research from all AIIMS. This meeting was attended by Dr. Govindrao Kusneniwar,

Associate Dean Research, AIIMS Bibinagar. The meeting brought together esteemed Deans, Associate Deans, Faculty, researchers, and administrators from various AIIMS campuses across India. The day-long event included discussions on the status of research at various AIIMS, their vision for promoting research and research insights, and based on that lay the ground work for a Pan- AIIMS Research Consortium that would promote inter-institutional collaboration by providing a common platform for excellence in the field of healthcare research and innovation. The key outcomes were discussed, and a roadmap was outlined for the formal establishment often-AIIMS Research Consortium. Participants expressed enthusiasm about the collaborative potential and committed to active participation.

Dr Govindrao N.K, Associate Dean Research, Presented Research work of AIIMS Bibinagar & Received the Felicitation from Honourable Prof. (Dr.) M. Srinivas, Director, AIIMS Delhi, at PAN-AIIMS Research Colloquium

- **First Institutional Foundation Day Celebrations**

The All India Institute of Medical Sciences (AIIMS), Bibinagar, celebrated a significant milestone with its First Institute Foundation Day on March 8, 2024, reaffirming its commitment to excellence in medical education, healthcare, and research. This landmark event marked the first anniversary of the institute's foundation stone laying by the Honourable Prime Minister of India, Shri Narendra Modi Ji. The celebrations commenced with a grand inaugural ceremony, graced by eminent dignitaries, faculty, staff, and students. Padma Shri Prof. Dr. Yogesh Chawla, Professor Emeritus and Ex-Director, PGIMER Chandigarh, honoured the event as the Chief Guest. Joining him as Guests of Honour were Prof. Dr. Meenu Singh, Executive Director, AIIMS Rishikesh, and Prof. Dr. GVS Murthy, President, PRASHO Foundation and Ex-Director, IIPH Hyderabad. The event was presided over by Prof. Dr. Vikas Bhatia, Executive Director and CEO, AIIMS Bibinagar, along with distinguished faculty members, including the Deans and Administrative Heads of the institute. The ceremony was also virtually attended by Prof. Dr. George A de Souza, President, AIIMS Bibinagar. In just three years, AIIMS Bibinagar has made remarkable strides in research and innovation, securing several intramural and extramural funded projects. Notable achievements include the establishment of a Multidisciplinary Research Unit (₹5 crores), a VDRL lab (₹1.5 crores), a One Health Regional Center (₹1.2 crores), and an upcoming Biosafety Level III laboratory (₹17 crores). Additionally, with 657 publications and 16 active research collaborations, AIIMS Bibinagar continues to strengthen its academic and scientific contributions. The event recognized the invaluable contributions of external members of the Scientific Advisory Committee and

Institute Ethics Committee, whose expertise has been instrumental in shaping the research landscape at AIIMS Bibinagar. The honoured members included:

1. Padma Shri Prof. Dr. Yogesh Chawla, Chairman, Scientific Advisory Committee
2. Dr. Swayam Pragyan Parida, AIIMS Bhubaneshwar
3. Dr. Sadashivudu, Nizams Institute of Medical Sciences, Hyderabad
4. Dr. Bhanu Prakash, ICMR-National Institute of Nutrition, Hyderabad
5. Prof. Dr. G Suryanarayan Raju, Chairman, IEC, AIIMS Bibinagar
6. Shri. Padma Rao Lakka Raju, Legal Expert, IEC, AIIMS Bibinagar
7. Ms. Meeta Joshi, Social Scientist, IEC, AIIMS Bibinagar
8. Shri. Durga Das Saha, Lay Representative, IEC, AIIMS Bibinagar
9. Smt. MVL Narayanamma, Lay Representative, IEC, AIIMS Bibinagar

S.No	**File Number**	**Title of the Project**	**PI Names**	**Sanction of the Date**	**Total Budget**	**Status**
1	AIIMS/BBN/IM-F/Research/ 2024/38	Correlation of magnesium and inflammatory markers in hyperurecemia patients attending a tertiary care institute in South India- A cross-sectional analytical study	Dr.Maley Deepak Kumar	25-06-24	Rs. 2,43,257.15	Ongoing
2	AIIMS/BBN/IM-F/Research/ 2024/39	Evaluation of nutritional deficiencies measures of dental rehabilitation and nutritional supplementation in S-ECC amount 3-6 years old children – A randomized controlled trial	Dr. Pranitha .V	25-06-24	Rs. 4,99,927	Ongoing
3	AIIMS/BBN/IM-F/Research/ 2024/40	Unveiling the aging genome" A study to investigate the age related Y chromosome loss or SRY gene mutation as associative biomarkers for cardivasular diseases in elderly males	Dr. Geetha. S.G	25-06-24	Rs. 4,33,500	Ongoing
4	AIIMS/BBN/IM-F/Research/ 2024/41	Association of knee osteoarthritis and its severity with fluoride levels in tertiary health care center of south India – An analytical cross sectional study	Dr.Sandeep Dhole	25-06-24	Rs. 2,46,400	Ongoing
5	AIIMS/BBN/IM-F/Research/ 2024/42	Prevalence of micronutrient deficiency in Type-II Diabetic patients with and without foot ulcer in comparison with non diabetic patients with and without foot ulcers	Dr.Tushar Mohanlal Parmeshwar	25-06-24	Rs. 4,90,400	Ongoing
6	AIIMS/BBN/IM-F/Research/ 2024/43	Comparative analysis of LIFT with autologous platelet rich plasma versus LIFT with fibrin glue versus LIFT alone in intersphincteric and transphincteric fistula-in-ano patients a pilot study	Dr. A. Nyna Sindhu	25-06-24	Rs. 3,54,650	Ongoing
7	AIIMS/BBN/IM-F/Research/ 2024/44	To evaluate the efficacy of 38% of silver diamine fluoride along with a traumatic restorative technique in arresting caries among secondary school children in rural Telangana: A randomized controlled trial	Dr.Vijay	25-06-24	Rs. 4,85,250	Ongoing

8	AIIMS/BBN/IM-F/Research/ 2024/45	Neuroplastic changes in acquired “haptic perceptional skills” in blindfolded children a functional MRI study	Dr. T. Ashok Vardhan Reddy	25-06-24	Rs. 3,88,960	Ongoing
10	AIIMS/BBN/IM-F/Research/ 2024/46	Serum levels of imterleukin-6 and interleukin-33 in chronic urtricaria and their correlation with disease severity	Dr.Deepthi Konda	25-06-24	Rs. 4,99,500	Ongoing
11	AIIMS/BBN/IM-F/Research/ 2024/47	Efficacy of oral probiotics therapy for woman with vulvovaginal candidiasis: A randomized controlled study	Dr. J. Aparna	25-06-24	Rs. 3,41,250	Ongoing
12	AIIMS/BBN/IM-F/Research/ 2024/48	Expression levels of miR-125b in Asthma patients and normal individuals with emphasis on inflammatory markers	Dr.Vemuri Mahesh Babu	22-07-24	Rs.5,00,000	Ongoing
13	AIIMS/BBN/Res/ IM-F/2024/49	Comparison of Effect of Two-Only-Meals and Exercise against Conventional Multi-Meal Diet Pattern and Exerciseon Glycosylated Hemoglobin Levels among Type 2 Diabetic Subjects: An Open Label Parallel Design Randomized Control Trial at Tertiary Care Institute Telangana	Dr Govind Rao. N. K	13-09-24	Rs. 4,98,259/-	Ongoing

Extramural Funded Projects

S.No	File No	Project Title	PI	Date of sanction	Agency	Total Budget	Status
1	AIIMS /BBN/EM-F/2023/34	Prevalence of sexually transmitted infections, their associated risk factors, and treatment seeking behavior among tribal population in India-A multicentric study	Dr. Raja. S	05-02-24	ICMR	Rs.38,47,401	Ongoing
2	AIIMS /BBN/EM-F/2023/35	Sankalp”: Strengthening Program Implementation and Monitoring to Achieve Single-digit Neonatal Mortality – An Implementation Research	Dr. S Thanigainatha n	12-01-24	BMGF	Rs.6,24,16,34 1	Ongoing
3	AIIMS /BBN/EM-F/2023/36	Efficacy of animal source food on macro and micro nutritional status of adolescent girls on residential schools of Telangana-Anon-randomized control trial (EASNAR study)”.	Dr.Gomathi. R,	10-01-24	ICMR-NMRI	Rs.23,07,910	Ongoing

4	AIIMS /BBN/EM-F/2024/37	National Mental Health Survey 2 Mental Health Systems Assessment	Dr.Vaman Kulkarni	17-08-23	NMHS	Rs.75,00,000	Ongoing
5	AIIMS /BBN/EM-F/2024/38	Hands on workshop on systematic reviews and meta-analysis under DHR-SARANSH grant for Telangana and Andhra Pradesh	Dr.Sai Krishna Tikka,	23-07-24	ICMR	Rs.6,00,000	Completed
6	AIIMS /BBN/EM-F/2024/39	Development and Feasibility testing of Bereavement care package for Indian Healthcare system to support parents of Stillborn babies	Dr.Madhuri Taranikanti	19-09-24	ICMR-NHRP	Rs.75,19,569	Ongoing
7	AIIMS /BBN/EM-F/2024/40	Pharmacogenetics of Gliptins in South Indian Diabetes Population: Assessing the Interindividual Variability in Glycemic Response	Dr. Gerard Marshall Raj,	3/9/24 (Sanction Date) 10-10-2024	SERB	Rs.26,06,820	Ongoing
8	AIIMS /BBN/EM-F/2025/41	Evidence based antibiotic for different clinical conditions in India: Conducting systematic reviews a/meta-analysis	Dr.Syed Ifthekar	23-12-24	ICMR	Rs.5,13,500	Ongoing
9	AIIMS /BBN/EM-F/2025/42	Artificial intelligence based tool for detection of Breast and Oral Cancer”	Dr. Abhimanyu sharma	08-02-25	ICMR	Rs.3,64,000	Ongoing
10	AIIMS /BBN/EM-F/2025/43	Role of nerve growth factor and its receptors in spontaneous early pregnancy loss: An immunohistochemistry-based analytical study on products of conception	Dr. Seetu Palo	09-01-25	CSIR	Rs.2,69,583	Ongoing
11	AIIMS /BBN/EM-F/2025/44	Assessment of individual and health systems factors for cardiovascular disease risk reduction at diverse regions and facilities in India – Across sectional study	Dr.Vishakha Jain	24-01-25	ICMR	Rs.30,000	Ongoing
12	AlIMS/BBN/ CTRC/2022 /Oct/Protoc o l/01	A Phase III, Multicenter, Randomized, Double-Blind, Placebo-Controlled Study to Evaluate the Efficacy, Immunogenicity and Safety of Single dose of Dengue Tetravalent Vaccine, Live Attenuated (Recombinant, Lyophilized) –“DengiAll” of Panacea Biotec Limited in Healthy Indian Adults	Dr. Rashmi Kundapur	20-08-24	ICMR Panacea Biotec Limited	Rs.86,68,420	Ongoing
13	AlIMS/BBN/ CTRC/2023	Immunogenicity and safety of JENVAC and JEEV vaccines administered for prevention of	Dr. Rashmi Kundapur	29.03.2023	ICMR	Rs.58,72,690	Ongoing

	/Jan/Protoc o l/02	Japanese Encephalitis in an interchangeable dosing schedule among healthy Indian children: A multicentric, phase IV, open-labeled, randomized, controlled trial					
14	AlIMS/BB N/ CTRC/2023 /June/Proto co l/03	Deprescribing interventions (ARMOR) to reduce the risk of falls in geriatric population on Fall Risk Increasing Drugs (FRIDs) An open label, and parallel group randomised controlled trrial (De-fried) trial	Dr. Madhavi Eerike	09-06-23	ICMR	Rs.1,05,85,34 4	Ongoing
15	AlIMS/BB N/ CTRC/2023 /Sep/Protoc ol/05	Efficacy and safety of Punarnavadi Mandura alone and in combination with Drakshavaleha compared to iron folic acid in the treatment of moderate iron deficiency anaemia among non- pregnant women of reproductive age group: a community-based three arm multicentre randomized controlled trial	Dr. Gomathi R	12.12.2023	ICMR (CCRA S)	Rs.33,31,497	Ongoing
16	AlIMS/BB N/ CTRC/2023 /Oct/Protoc o l/06	Two-Phase Study Evaluating the Risk Factors for Kidney Stone Disease (KSD) and Effect of Probiotic Use on KSD by Change in Gut Microbiota	Dr. Anitha S	09.01.2024	ICMR	Rs.1,29,99,63 4	Ongoing
17	AlIMS/BB N/CTRC/20 24/Dec/Prot ocol/08	Is empirical antibiotics necessary for Community-based management of Severe Acute Malnutrition (CSAM) in children? Can single-dose Azithromycin replace one-week Amoxycillin for CSAM: Randomized-Control trial?	Dr. Gomathi R, Associate Professor	18.03.2025	ICMR	64,85,284	Ongoing
18	AIIMS /BBN/RES/ MRU/2023/ 01	Strengthening of biomedical waste management at different health care levels- A district model	Dr. Vaman Kulkarni	18-08-23	ICMR	Rs.5,00,00,00 0	Ongoing
19	AIIMS /BBN/RES/ MRU/202 3/02	Gap analysis, challenges encountered and strengthening of primary health care service delivery among tribal population in India	Dr.Meely Panda	17-08-23	ICMR		Ongoing

VARIOUS COMMITTEES

CENTRAL LIBRARY

1. Highlights

The Institute Central Library plays a significant role to serve the faculty members, residents, staff and students. It serves users with its rich collection of books, current journals and archives of journals, thesis and various e-resources. Central Library is now equipped with 2813 UG, Post Graduate, B.Sc Nursing and Paramedical books. Speciality and Super Speciality books procurement is under process. An E-Library manages knowledge, both in print and digital formats and ensures seamless discovery and access to the scholarly resources. It is equipped with Digital Software which has an access to Elsevier Clinical Key Flex e-Books and e-Journals via ONOS through My-Loft application. Central Library now has services for Home Lending, 24 Hours Reading Rooms & Digital Library Books. In addition to that, there is a plagiarism detection software which checks similarity percentage of Research articles/Thesis and Dissertations. NIC E-Granthalaya is an Integrated Library Management Software in which Book transactions like Book Issue/Return/Renewal can be done. There are subscription to magazines, Newspapers which helps in overall Personality and development of the students for future prospects.

HOSPITAL CSSD

Highlights:

CSSD has witnessed remarkable growth and progress through strategic investments and an unwavering commitment to quality. This fiscal year, team sterilized a total of 32,154 sets, marking a significant increase compared to the previous year's 17,461 sets. This accomplishment represents nearly double the sterilization output, reflecting our dedication to meeting the increasing demands of our hospital's surgical and clinical units. Our services extend to multiple departments within the hospital, including the Operating Theatres, Intensive Care Unit (ICU), and Outpatient Department (OPD), ensuring the highest standards of sterilization and infection control across all patient care areas. Our current equipment inventory includes: Three horizontal rectangular autoclave machine; One flash sterilizer, One washer disinfectant machine, Ultrasonic cleaner & One dryer Sealing machine. We prioritize equipment reliability and safety by regularly conducting preventive maintenance for all our equipment. This proactive approach ensures optimal performance and minimizes downtime, allowing us to maintain uninterrupted service to our hospital's healthcare units.

CSSD UNIT @ AIIMS Bibinagar

Ambulance Service @ AIIMS Bibinagar

AMBULANCE SERVICES

Overview:

In the fiscal year, our hospital ambulance service has continued to provide essential transportation support to our medical facilities and the community at large. With a fleet of two ambulances, we have expanded our reach to facilitate mobile medical unit services, patient referrals, diagnostic transportation, and student support.

Highlights:

Service Scope: We provide transportation for patient referrals between medical facilities, diagnostic purposes, and support for students during medical emergencies or routine appointments.

Operational Efficiency:

Preventive Maintenance: We prioritize the reliability and safety of our ambulances by conducting regular preventive maintenance services. This proactive approach helps ensure optimal performance and minimizes the risk of unexpected breakdowns, allowing us to maintain uninterrupted service to our patients and community.

Pollution Control Check-Up: In adherence to environmental regulations and our commitment to sustainability, we conduct regular pollution control check-ups to ensure our ambulances meet or exceed emissions standards, minimizing environmental footprint.

Insurance Renewal: We maintain up-to-date insurance coverage for our ambulances, ensuring comprehensive protection for our vehicles, passengers, and the public.

Minor Repairs: Prompt attention to minor repairs helps us maintain the reliability and appearance of our ambulances, ensuring they are always ready to respond to emergency calls and transport patients safely and comfortably.

Efficient Service Delivery:

We are committed to providing efficient and timely ambulance services to meet the needs of our patients. Our dedicated team of ambulance drivers and medical personnel work tirelessly to ensure prompt response times, compassionate care, and safe transportation for all individuals in need.

HOSPITAL LAUNDRY SERVICES

Overview:

The hospital's laundry services have experienced remarkable growth and improvement with a commitment to efficiency and excellence. We have expanded our capacity, upgraded our equipment, and welcomed new members to our team.

Highlights:

Capacity: The Laundry Department is equipped with a total of six washing machines, comprising two front-load machines with a capacity of 21 kg each and four top-load machines with a capacity of 11 kg each, effectively supporting the institute’s daily linen processing requirements

Operational Efficiency: With the integration and equipment, we have optimized our operations to ensure a seamless and efficient laundry process.

Performance Metrics: In the fiscal year [01-4-2024 to 31-03-2025], we have washed a total of 1, 76,439 garments, marking a nearly fourfold increase compared to previous years. This significant accomplishment underscores our commitment to meeting the growing demands of our hospital community.

Vision for the Future:

Looking ahead, we remain dedicated to enhancing our laundry services to provide the highest quality care and support to our patients and staff. Through continued and collaboration, we will strive to set new standards of excellence in hospital laundry operations.

HEALTH CAMP COMMITTEE

1. Highlights: World hypertension day drive/camp

On the occasion of World Hypertension Day - 2024, the Health camp committee in collaboration with Department of Community Medicine and Family Medicine has conducted "MEASURE, DETECT, BE AWARE and PREVENT HYPERTENSION" Camp/Drive.

The registration and preparation for the camp started at 9:00 am to 5 pm on 29/05/2024. The camp activities were hosted in NCD Clinic (OPD No: 22 & 21) for all staff and health care workers of AIIMS Bibinagar. The camp was inaugurated by Honourable Executive Director Prof. (Dr.) Vikas Bhatia. Simultaneously the HT camp kick started in the community at Puttagudam village (Mobile Medical Unit) and Chekatimamidi Sub enter, (Outreach from RHTC Bommalaramaram). The camp provided hypertension screening, awareness, management and lifestyle modification advice. The camp at AIIMS BIBINAGAR covered 360 employees while medical team at Puttagudam & other villages and Chekatimamidi covered 100 and 130 participants respectively.

2. Members

Name	Designation	Department

The team under the Mobile Medical Unit (MMU) and HCC conducted the World Hypertension Day- 2024 Special camp/drive at Muripirala village	**Team of HT Health Camp with Executive Director Prof. Dr. Vikas Bhatia**

HOSTEL COMMITTEE

The Hostel Committee comprises 07 Faculty Members as Chief Hostel Superintendent, Additional Hostel Superintendent, Hostel Superintendent, Deputy Hostel Superintendent, Nursing Tutor, 01 Nursing Officer and 02 Wardens as Committee members. Hostel staffs are currently ensuring the maintenance of peace and harmony among the students in the hostels. The Hostel Committee makes surprise visits to the hostels and meets regularly to check, cleanliness in hostels, maintenance and issues and the quality of food. Apart from the above mentioned duties, the Hostel Committee is responsible for other activities.

- To formulate policies, coordinate and review matters concerning the Hostels in respect of common interest.
- To ensure implementation of procedures in all hostels concerning the maintenance of accounts, auditing of bills, regular payment of hostel dues by hostel inmates, etc.
- To assist hostels in the matters of procurement of significant items, stores, furniture, etc.
- To consider matters about hostel security and general upkeep.
- The roles and responsibilities of the Committee involve acting as liaisons between the administration and the students.
- The Hostel Committee shall decide the policy framework/decisions regarding the Hostel.
- In short, the Hostel committee makes the hostel life of a student cherishable for a lifetime.

SN	Name of the Committee Member	Designation
01	Dr. Pragnesh Parmar Additional Professor & HOD FMT	Chief Hostel Superintendent

Institutional Ethics Committee (IEC)

Highlights

An Institutional Ethics Committee (IEC) plays a critical role in the ethical oversight of biomedical research and clinical trials within healthcare and academic institutions. Its primary mandate is to protect the rights, dignity, safety, and well-being of research participants. By independently reviewing research proposals, the IEC ensures that studies are conducted with transparency, respect for participant autonomy, and adherence to national and international ethical guidelines.At AIIMS Bibinagar, the Institutional Ethics Committee, established in November 2020 under the chairmanship of Prof. G. Suryanarayana Raju, carries forward this mission. The committee is registered with both the Central Drugs Standard Control Organization (CDSCO) and the National Ethics Committee Registry for Biomedical and Health Research (NECRBHR)-Department of Health Research (DHR). In alignment with the Indian Council of Medical Research (ICMR) National Ethical Guidelines 2017, the New Drugs and Clinical Trials Rules (NDCTR) 2019, Indian Good clinical Practice Guidelines (Indian-GCP) and ICH-GCP principles, the IEC reviews studies with rigorous ethical standards. Since its inception, the AIIMS Bibinagar IEC has convened 19 meetings and 4 meetings from April 2024 to March 2025. A total of 700 research proposals were reviewed so far.

Registration Details

- CDSCO - Registration No. ECR/1596/Inst/TG/2021
- DHR Registration No. - EC/NEW/INST/2024/TE/0473
  AIIMS BBN IEC has received final certification from National Ethics Committee Registry for Biomedical and HealthResearch (NECRBHR)- Department of Health Research (DHR) in June 2024.

2. Members

The IEC committee was expanded on Feb 2024 and the revised committee composition as below

SN	Member Name & Designation	Affiliation & Address	Role in IEC
1.	Prof. (Dr.) G. Suryanarayana Raju	Member, National Medical Commission, Former. Prof & Head, Dept. of Surgical Oncology, Former Dean (Research & Projects), NIMS, Punjagutta, Hyderabad. Director, Asvins Specialty Hospitals, Hyderabad.	Chairperson/Clinician
2.	Dr. Madhavi Eerike	Additional Professor, Dept. of Pharmacology, AIIMS, Bibinagar	Member Secretary/Basic Scientist
3.	Dr. CH Rama Krishna Prasad	Associate Professor, Dept. of Anaesthesia, AIIMS, Bibinagar	Clinician
4.	Dr. Niraj Kumar	Professor & Head, Dept. of Neurology, AIIMS, Bibinagar	Member- Clinician
5.	Dr. Gomathi R	Associate Professor, Dept. of CMFM, AIIMS, Bibinagar	Alternate Member secretary/Public Health Expert
6.	Dr. Madhuri. T	Additional Professor, Dept. of Physiology, AIIMS, Bibinagar	Member Basic Scientist
7	Shri. Padma Rao Lakkaraju	National Vice President, All India Prosecutors Association Satya Apartment, Beside Golkonda Hotel, Hyderabad	Legal Expert
8.	Ms. Meeta Joshi	Symbiosis International University, Hyderabad	Social Scientist
9.	Shri. Durga Das Saha	Ex. Director of Mines Safety, Moghal Majestic Apartment, A.C. Guards, Redhills, Hyderabad-500004, Telangana state	Lay person from the community
10	Smt. MVL Narayanamma	Retired Deputy Director, Adult Education, Singapore township, Pocharam, Telangana	Member Lay person from the community

3. ACHIEVEMENTS

From April 2024 to till March 2025, a total of 4 meetings were conducted and 199 proposals were received by IEC. Out of 190 proposals,

- Extramural grant received projects -20
- Intramural grant – 13
- Applied for extramural grant -27
- Applied for ICMR STS- 17
- Sponsored Clinical trial-(ICMR)-1
- Non funded projects-55
- PG dissertations -57

The details of meetings conducted and proposals reviewed in each meeting as follows

SN	Meeting number	Date of meeting	Number of proposals reviewed
1.	15th IEC meeting	15th May 2024	52
2.	16th IEC meeting	10th August 2024	56
3.	17th IEC meeting	9th November 2024	27
4.	18th IEC meeting	7th& 8th February 2025	55
5.	Exemption from review		9
Total			**199**

18th IEC Meeting for Annual Report 2024-2025

MEDICAL EDUCATION COMMITTEE
Team for Feedback Assessment

1. Highlights

This Team in MEU has been given the task of **"Assessment of Feedback"** from the students regarding the teaching and learning activities. The MEU feedback forms are to be administered to the MBBS students at the end of their professional year i.e., after completing a professional year. Accordingly, Feedback activity was conducted for MBBS 2023, and 2021 batches who passed their First and Second professional years respectively. Date, time and venue was fixed for the activity and informed in advance to all the students of 2023 and 2021 batches and it was conducted on 1st Nov 2024, and 25th July 2024 respectively. Initial briefing was given to students by team members regarding the importance of giving correct feedback. Mode of administering was through Google forms. -The students gave feedback on their respective subject departments. Word format sheets of Google Pie diagrams were prepared by the team and were submitted to the Registrar and Dean Office along with the Report of the Team, for kind perusal.-**The Students Feedback** forms were analysed by our team and following points were noted for **2023 batch:**

1. There were 97 responses for Anatomy, 99 for Biochemistry and 97 for Physiology departments.

2.Almost all the students agree that the teaching schedules were followed and exams were conducted on time by all departments. They agree that the teaching schedules and exam portions were displayed in advance on the respective notice boards and students were made aware of it.

3.All the departments have conducted exams as per schedules from Registrar Office and theory and Practical exams were conducted satisfactorily.

4.The Faculty is available and approachable to all students to clear their doubts and queries.

5.The departments can inform the students to check the notice boards after display of mark lists

6.The feedback for all three first year departments was very good.

The Students Feedback forms were analysed by our team and following points were noted for **2021 batch:**

1. Eighty eight students filled in the feedback form for department of Microbiology, Eighty seven filled in the forms for Pathology, Eighty six students filled the forms for department of Pharmacology, and Eighty nine students filled the forms for department of Forensic Medicine.
2. Almost all the students agree that the teaching schedules were followed and exams were conducted on time by all departments. They agree that the teaching schedules and exam portions were displayed in advance on the respective notice boards and students were made aware of it.
3. All the departments have conducted exams as per schedules from Registrar Office and theory and Practical exams were conducted satisfactorily.
4. The Faculty is available and approachable to all students to clear their doubts and queries.
5. The departments can inform the students to check the notice boards after display of mark lists
6. The feedback, in general, by students for second professional year departments is very good.

2. Members

Name	Designation	Department
Dr Shailaja Prabhala	Team leader / Member	Additional Prof & HoD, Pathology and Lab Medicine
Dr Prashanth Mada	Member	Associate Prof, Forensic Medicine and Toxicology
Dr Seetu Palo	Member	Associate Prof, Pathology and Lab Medicine
Dr Parag Patil	Member	Associate Prof, Pathology and Lab Medicine

3. ACHIEVEMENTS & MAJOR EVENTS

The assigned activity of "**Assessment of Feedback"** from the students of all three batches for teaching and learning activities was conducted successfully as per schedule.

STUDENT MENTORSHIP PROGRAM

1. Highlights

The Student Mentorship Program Committee was formed to plan the mentoring activities for MBBS students at AIIMS Bibinagar. The student mentoring program started in Jan 2021 with the first batch of MBBS students, ie, with 2019 batch. At present there are four MBBS batches i.e., 2021, 2022, 2023 and 2024 batches. This program is voluntary for the students as well as the faculty. All the students of all batches have agreed to be part of this program. For faculty, a self-assessment form was given and at present 48 faculty are voluntary mentors. As the 2020 MBBS batch is in internship, it is up to the interns to meet their mentors. Considering the remaining four batches there are almost 400 students and the approximate mentor to mentee ratio is 1:8. Mentor-mentee pairing lists were prepared and circulated to both mentors and mentees. The mentors and mentees have been encouraged to meet regularly and to be in contact with each other if meeting in person is not possible. Monthly one hour, on every third Friday of Thursday as per semester, is dedicated to mentor-mentee interaction. The committee has faculty from across all three professional MBBS years for smoother coordination.

2. Members

Name	Designation	Department
Dr Shailaja Prabhala	Chairperson	Additional Prof & HoD, Dept of Pathology and Lab Medicine
Dr Shyamala R	Member	Additional Prof, Dept of Microbiology
Dr Raja Sundaramurthy	Member	Associate Prof, Dept of Microbiology
Dr Saikrishna Tikka	Member	Additional Prof and I/C Head, Dept of Psychiatry
Dr Rohini Motwani	Member	Additional Prof, Dept of Anatomy

3. ACHIEVEMENTS & MAJOR EVENTS

- In the year 2024-2025, mentor-mentee pairing list for MBBS 2024 batch was prepared and circulated.
- The committee members have conducted presentations during Foundation course for each batch, and have introduced the concept of student mentorship program to the students. The topics presented for 2024 MBBS batch were “Student Mentorship Program at AIIMS Bibinagar”, “Medical Graduate Mentorship Around the World: An International and National Perspective”

Title of the topic covered in Foundation Course for 2024 MBBS batch

MEU-1

Members of the Medical Education Unit

Name	Designation	Department
Dr. Lakshmi Jyothi Tadi	Team Leader	Additional Professor, Microbiology.
Dr. Rohini Motwani	Member	Associate Professor, Anatomy.
Dr. Rekha Priyadarshini	Member	Assistant Professor, Pharmacology.
Dr. Ashutosh	Member	Assistant Professor, Pathology and Lab Medicine.

Team MEU-1 from the Medical Education Unit (MEU) at AIIMS Bibinagar, successfully conducted a 5-day National Course on Educational Science for Teachers of Health Professionals from March 24th to March 28th, 2025.

The program saw the active participation of 30 faculty members from various departments at AIIMS Bibinagar, who engaged wholeheartedly over the five days, reflecting their commitment to enhancing teaching practices. The sessions included educational activities aimed at improving both teaching and learning experiences. These activities included Competency-Based Medical Education (CBME), deriving specific learning objectives, small group teaching, large group discussions, unconventional learning experiences, AETCOM, digital tools for teaching, early clinical exposure, microteaching, and more. Each session was followed by effective feedback discussions.

The valedictory program, held post-lunch on March 28th, 2025, featured closing remarks from the Executive Director, who emphasized the positive impact of the course. He noted that the training would significantly enhance the teaching approaches of the participating faculty, ultimately benefiting student learning.

GROUP-II

Foundation course and Orientation Program

Members of the Foundation course and Orientation Program Committee

Name	Designation	Department
Dr Gunvanti Rathod	Nodal officer	Additional Prof. Pathology Department
Dr Kalpana	Member	Additional Prof, Physiology Department
Dr Madhusudan U	Member	Associate Prof, Physiology Department
Dr Madhusudan	Member	Additional Prof, Pediatric Department
Dr NeemuHage	Member	Associate Prof, ENT Department
Dr Naina	Member	Associate Prof, Surgery Department
Dr Rohit Saluja	Member	Associate Prof, Biochemistry Department
Dr Supriya	Member	Additional Prof, Physiology Department

Foundation course and Orientation Program for MBBS 2024 batch

Inaugurated on 30.09.2024 and carried on till 7.10.2024. The special occasion was inaugurated by chief guest Dr. AK Mahapatra Sir, Vice chancellor SUM institute, SOA, University Odisha. Session was also graced by President of AIIMS, Bibinagar, Hyderabad, respected Professor Dr. George A. D'Souza, Visionary Director of the institute, Prof. Dr Vikas Bhatia, Medical Superintendent, Prof. Dr. Abhishek Arora, Dean Academics, Prof. Dr. Rahul Narang and whole team of Orientation and Foundation course committee. Various interactive sessions were held by various committees and faculty members of AIIMS, Bibinagar throughout the program which included Music, Movie and Dance Club activities, AETCOM sessions, Leadership Skills, Team work, Sports in AIIMS, Our campus green campus, Introduction to Pre-clinical, Para clinical and clinical departments by respective HODs, Research in life of Medico, Health care Systems, Overview of Academics and Examinations, Patient related services, Yoga and many more. The students also visited "Kanha Shantivanam" which is popular Yoga and stress management center of Hyderabad.

All students were very happy after the visit. Various sessions of the foundation course brought out a panoramic view of the richness and diversity of Indian culture and heritage and also helped students become aware of their batch mates interests and talent. The students also participated in group activity in which they expressed their thought on 'My Dream as a Medico'. While all of them expressed enthusiasm and excitement towards beginning a new Journey of their life. All students gave excellent feedback that Foundation course was very helpful for them to create a good rapport with peers and chance to interact with various faculty members and to orient them to all aspects of the medical college environment.

Orientation Program of MBBS 2023 batch

Orientation program for MBBS 2023 batch was organized by Foundation course and orientation program committee of Medical Education Unit of AIIMS, Bibinagar from 9 to 13 September 2024. The main topics which included were Hospital etiquettes and details about clinical postings by various head of the departments, introduction to second MBBS subjects with practical and theory exam patterns, ATCOM session for importance of communication with patients and to learn proper attitude how to deal with patients and their relatives. There were also sessions on educational movie, stress management, yoga for good health and elocution competition for students. Executive Director Dr Vikas Bhatia Sir encouraged the winners of elocution competition during prize distribution and wished best wishes for future endeavours. Excellent feedbacks have been given on orientation program.

Orientation Program for Second Batch of Interns at AIIMS, Bibinagar on 01.01.2025

AIIMS Bibinagar conducted the successful commencement of the orientation program for the second batch of interns. The orientation was inaugurated by Dr. Vikas Bhatia, Executive Director, AIIMS Bibinagar, who welcomed the new batch of interns and emphasized the importance of dedication, compassion, and ethics in the medical profession. He encouraged the interns to make the most of the opportunities provided by the institution and contribute to

the advancement of healthcare services. Following the inaugural address, Dr. Rahul Narang, Dean of Academics, provided a detailed overview of the academic journey ahead for the interns. The Medical Superintendent, Dr. Abhishek Arora, spoke on the importance of patient care, the responsibility of healthcare providers, and the challenges faced in day-to-day hospital operations. He emphasized the need for discipline, attention to detail, and teamwork, which are crucial for the smooth functioning of the hospital. Dr. Aparna Varma, Registrar, extended her best wishes to the interns and provided insights on administrative and procedural aspects of the internship. She elaborated on the code of conduct, the assessment process, and the resources available to ensure a conducive learning environment. The orientation program aimed to familiarize the new interns with the institutional policies, the academic framework, and the clinical responsibilities they will undertake.

Group III: Summary of Integrated Teaching:

MEDICINE

SN	Date	Topic	Departments involved	Teaching methods employed	Student Participation and feedback	Challenges & suggestions
1	10.02.2024	Iron deficiency Anemia.	1.General medicine 2.Pathology 3.Physiology	Small group discussions, power point images, slides	Batch – 2022,questions asked responded with answers	Difficulty in synchronizing curricula between pre-clinical, para-clinical, and clinical disciplines. To Introduce technology-enabled learning tools (like simulation-based learning and case-based discussions) Encouraging regular feedback from students.
2	09.03.2024	Shock	2. Pharmacology General medicine	Small group discussions, power point images and slides.	Batch – 2022,questions asked responded with answers	
3	13.04.2024	Pulmonary Tuberculosis	1. General Medicine 2. Microbiology 3.Pharmacology 4. CMFM	Power point images and slides, small group discussions.	Batch – 2022, questions asked and they responded well.	
4	27.04.2024	Myocardial Infarction	1. General Medicine 2. Biochemistry	Small group discussions, power point images and slides.	Batch – 2023,questions asked responded with answers.	
5	08.06.2024	Myocardial Infarction	1. General Medicine 2. Biochemistry 3. Pathology	Small group discussions, power point images and slides.	Batch – 2022, questions asked responded with answers.	
6	10.08.2024	Malaria	1. General Medicine 2. Microbiology 3.Pharmacology 4. Community Medicine & Family Medicine	Small group discussions, power point images and slides.	Batch – 2022, questions asked responded with answers.	

FORENSIC MEDICINE AND TOXICOLOGY						
SN	**Date**	**Topic**	**Departments involved**	**Teaching methods employed**	**Student participation and feedback**	**challenges and suggestions**
1		**SUBSTANCE USE DISORDERS** 1.Identification & Management 2. Pharmacology of drugs used in treatment of substance use disorders 3. Forensic aspects of substance use disorders	1.Department of Psychiatry 2. Department of Pharmacology 3. Department of Forensic Medicine & Toxicology	**Lecture-based Teaching:** Delivered by faculty members from respective departments, covering theoretical and practical aspects of substance use disorders.	NIL Only 11 students attended the session	The integrated teaching sessions are currently scheduled on Saturdays, which being a weekend, often results in lower student attendance. To ensure maximum participation and engagement, consider rescheduling these sessions to a weekday. Additionally, the sessions be scheduled in a way that avoids placement immediately before or after a vacation/closed holiday, as this could further impact attendance and effectiveness.

PHYSICAL MEDICINE AND REHABILITATION						
SN	**Date**	**Topic**	**Departments involved**	**Teaching methods employed**	**Student participation and feedback**	
	26/10/2024	Management of Stroke Patient (on the occasion of Stroke Awareness Day)	Neurology, PMR, Paediatric, Radiology	Students were divided in five groups. Each group presented case on different topic of Stroke including Rehabilitation. Later that topic was discussed among all.	Very good participations among students	

COMMUNITY MEDICINE AND FAMILY MEDICINE						
3.	20/07/2024	e. Burden of Tobacco Use f. Oral Submucous Fibrosis and Tobacco g. Nicotine Addiction and Tobacco Cessation h. MPOWER and COTPA	Department of CMFM, ENT and Psychiatry	Lectures using powerpoint, Videos and Group Discussion	-	As there was a guest lecture on the same day, some students could not attend the Integrated Teaching Activity and also received Continuous calls from the organizers to send the students for guest lecture. So we had to hurry up to finish.
4.	19/10/2024 6th and 7th Semester MBBS	e. Epidemiology and Clinical features of HIV/AIDS f. Diagnosis and Testing of AIDS g. Management, newer drugs, and Challenges related to HIV h. National Programs and the way Ahead.	Dept of CMFM, Microbiology and Pharmacology	Lectures using powerpoint, Videos and Group Discussion		Nil.

ENT

MEU team 5 (ICT (including AI)

S.No	Name	Designation
1	Dr Radhika S	Team leader
2	Dr Aparna Verma	Member
3	Dr Seeto Palo	Member
4	Dr Madhulatha Karra	Member

The team had charted out the action plan for the year 2025 in a meeting held on 11/12/2024

The UG activities were identified for non-clinical and clinical departments, which include

1) Demonstration of uploading of lab reports and validation
2) Hands-on-training of uploading reports in HMIS
3) Demonstration of creating EMR of eprescription in HMIS
4) Hand-on-training of creating EMR
5) Demonstration of census generation on HMIS portal
6) Computer Assisted learning
7) Demonstration of uploading ADRs into database
8) Introduction of AI concepts and appliactions
9) Demonstration of teleconsultation on eSanjeevani
10) Hands-on-training of HMIS ID creation
11) Referral system

The Heads were requested to nominate one faculty as coordinator. The coordinators from most of the Departments involved in I MBBS, II MBBS and Final MBBS UG training have been identified to work out the action plan suggested.

OFFICIAL LANGUAGE COMMITTEE

1. **Highlights**:
   - To make the official documents of the institute bilingual.
   - To translate correspondence with the Ministry into Hindi.
   - To provide Hindi-related assistance to various departments of the institute.
   - To translate the Annual Report into Hindi.
2. **Members of the Committee**

Name	Designation	Department
Prof. (Dr.) Vikas Bhatia	Patron	Executive Director
Dr. Pragnesh Parmar	Chairperson	Forensic Medicine and Toxicology
Dr. Abhimanyu Sharma	Nodal Officer	Pathology
Dr. Rohit Saluja	Additional Nodal Officer	Biochemistry
Dr. Abhishek Arora	Member	Radiodiagnosis
Dr. Ashutosh Rath	Member	Pathology
Ms. Nikita Singh	Member	Nursing Officer
Mr. Sukesh Kumar	Junior Hindi Translator	Official Language Committee
Mr. Deep Yadav	Hindi Stenographer	Official Language Committee

3. KEY PROGRAMS AND ACHIEVEMENTS OF THE COMMITTEE: -

As per the Annual Programme issued by the Department of Official Language, Ministry of Home Affairs, the Official Language Committee of All India Institute of Medical Sciences (AIIMS), Bibinagar organized Hindi Fortnight from 14th to 30th September this year.

17th SEPTEMBER 2024: HINDI DAY – INAUGURATION OF HINDI DIVAS

The Hindi Day celebration and the inauguration of Hindi Fortnight were held on 17th September 2024 at AIIMS Bibinagar, Hyderabad. The Chief Guest of the event**, Mrs. Anita Pandey, Member Secretary, (TOLIC – 2), (National Institute of Rural Development and Panchayati Raj)** delivered a lecture on Hindi as the Official Language.

24th SEPTEMBER 2024 – SHABDAVALI AND ANTAKSHARI COMPETITION

An Antakshari and creative writing competition was conducted. Hindi department officials, students and faculty member's participation certificates were awarded to the winners during the prize distribution ceremony.

30th SEPTEMBER 2024 – SUR SANGAM COMPETITION(Singing Talent)

VARIOUS DEPARTMENTS

DEPARTMENT OF ANAESTHESIOLOGY

1. Highlights

The Department has continued to deliver comprehensive patient care, academic training, and research throughout the academic year 2024–2025. Our clinical services include both in-patient and out-patient care including perioperative anaesthesia management, acute and chronic pain services, critical care management, telemedicine consultation (eSanjeevani) and emergency anaesthetic coverage. On the out-patient front, we provide pre-anaesthetic evaluations, chronic pain management, palliative care, post-COVID recovery clinics, and critical care follow-up services. Responsible for overseeing the Oxygen Cell and the Central Sterile Services Department (CSSD). Four fully functional operation theatres (OT), provided perioperative care for 3,565 surgical procedures that includes 1135 patients (regional anaesthesia), 876 (general anaesthesia) and 1554 monitored anaesthesia care (MAC). Emergency anaesthesia backup for surgical procedures conducted under local anaesthesia, ensuring uninterrupted support to surgical teams. Our 5-bedded Intensive Care Unit (ICU) continues to offer round-the-clock postoperative, critical care and emergency resuscitation services. Advanced procedures such as fibre-optic bronchoscopy (FOB)-guided intubation for patients with difficult airways, invasive haemodynamic monitoring, ultrasound-guided regional blocks, perioperative echocardiography, and high thoracic epidural anaesthesia. Post-operative pain managed through multidisciplinary strategy, pain medicine clinic, e-sanjeevani-telemedicine, C-arm or ultrasound-guided interventional procedures done. Academically, engaged in training of undergraduate and postgraduate students, interns, anaesthesia technicians, and nurses. Successfully conducted two workshops - CSSD: A Peek into the Sterilization Process and Infection Control" and "Basic Life Support (BLS) for multiple cadres of healthcare professionals.

i. Attended: 27

ii. Organized: 02

S.No.	Topic	Date	No. of participants
1	CSSD – A peek into the sterilization process and infection control	27th April 2024	122
2	Basic Life Support (BLS) workshop	1st March 2025	32

iii. Invited Lectures / talks:

Dr. S. Kalyani Surya Dhana Lakshmi (6); Dr. A. Syama Sundar (9);
Dr. Ch. Ramakrishna Prasad (7); Dr. Garre Sandeep (6); Dr. A. Chaitanya Pratyusha (2)

iv. Research paper presentations: 1

4.4. Award and Achievements

Name of the Faculty	Details of Award / Achievements
Dr. A. Syama Sundar	a) Unanimously appointed as the General Secretary of the Association of Cardiac Anaesthesiologists (ACA), Telangana and Andhra Pradesh Chapter, on28th April 2024. b) Unanimously appointed as Executive Member of the Society for Study of Pain (SSP), Telangana Chapter, during the General Body Meeting held on 7th June 2024
Dr. Ch. Ramakrishna Prasad	a) Guided a MD student who **won 1st Prize** in a Poster Competition at GARC 2025 on Pain management strategies for paediatric auricular reconstruction: A case series

5. FACILITIES AVAILABLE

- ➢ Special clinics / Labs: Operation Theatre services, Pre-Anaesthetic Check-up clinic
- ➢ Post Operative Recovery Unit, Pain medicine and palliative care Clinic
- ➢ Intensive Care Unit, Post Covid Clinic, Peri-operative Echocardiography

6. RESEARCH

- **Total Publications:** 5 (Pub Med indexed journals: 2; Original articles: 2)
- **Research Projects :** 25 (as PI and Co-PI)

7. PATIENT CARE / HOSPITAL SERVICES:

Type of services/ Facilities	Number of patients
General Anaesthesia	876
Regional or Neuraxial Anaesthesia	1135
Monitored Anaesthesia care/ Local Anaesthesia	1554
Pre Anaesthetic Clinic	4725
Intensive care unit/ Post Anaesthesia care	535/ 2630
Pain clinic	193
Pain Procedures	32

8. PHOTOS OF THE IMPORTANT EVENTS

Workshop "CSSD- A peek into the Sterilization process and infection control" held on 27th April 2024 participated department faculty, SR, JR and Nursing officers

Inauguration of Fourth Operation Theatre by Dr.(Prof) Vikas Bhatia on the 17 December 2024 in AIIMS Bibinagar

Workshop on Basic Life Support conducted on 01-03-2025 participated Faculty, SR, JR, Nursing officers and Technicians

Two high end Anaesthesia workstations received in the Operation Theatre

DEPARTMENT OF ANATOMY

1. Highlights:

Department of Anatomy has a multidisciplinary approach with Innovative Teaching Practices for modern pedagogical strategies to enhance academics. Use of digital histology using research microscopes for large display, structured dissection schedules, and 3D anatomical models ensures multisensory learning. Co-curricular activities like anatomy-themed poster presentations, model exhibitions, and interdepartmental academic collaborations have become an integral part of student life. Vertical and horizontal integration with clinical and preclinical departments performed. Cadaveric Oath and the White Coat Ceremony performed to mark the beginning of the medical journey. 21 ongoing research projects in surgical anatomy, morphometry, neuroanatomy, and genetic disorders. Projects funded by ICMR. Plans for digital integration and expansion of virtual anatomy tools are underway.

4.1. Teaching Learning Methods

Courses	Theory (Hours)	Practical (Hours)	Other activities (Hours)
MBBS	250 hours	450 hrs, 10 hours/week for dissection; 3-4 hours/week for osteology demonstration depending upon the region; 6 hours/week for histology demonstration	Integrated teaching, Early Clinical Exposure , Seminars, Quiz, Part Completion , Assessment, Chart making,
PG			Seminars, Journal Club

4.2. Examination & Assessment: Conducted As per Schedule

4.3. Conferences/CME/Workshops/Guest Lectures:

i. Attended : 32

ii. Organized : 08

- Organised Quiz Competition (Cognitio Anatomica) on the occasion of world anatomy day – 2024 on October 14th 2024.
- ZPHS school visit to Anatomy Department Museum on the occasion of children's day on 14th November 2024.
- Organised Workshop on Soft embalming at Gandhi Medical College on November – 2024.
- Organised Cadaveric oath ceremony for 2024 MBBS batch.
- Organised White coat ceremony for 2024 MBBS batch on December 12th 2024.
- Organised Embryology Model making competition on the occasion of Anatomy foundation day 2025 (UDGAM – Life unfolded)
- Guest Lecture by Prof. (Dr) Biswabina Ray (AIIMS Kalyani), on the occasion of world anatomy day – 2024 titled "Love, hate and beyond is final on October 15th 2024.
- Organised 1st Postgraduate examinations on January 27 – 28 (2025)

iii. Invited Lectures / talks:

- **Dr. Mrudula Chandrupatla,** "Structure of Skin" at "Advanced wound care workshop for Nurses" organized by "AIIMS Bibinagar", on 18th April, 2024

iv. Research Paper presentations: 15

4.4. Awards and Achievements

Name of the Faculty	Details of Award / Achievements
Dr.Surraj S	Best E-poster Award (first prize) – on 1st annual research foundation day – on April 9th 2024-for my e-poster entitled-"Deciphering the role of prostate concretions as hallmark features of prostate gland
Dr. Alka Bhingardeo	Best E-poster Award (Third Prize) - on 2nd Institute Foundation Day – for my e-poster titled, "Anatomical evaluation of antecubital veins by venous illuminator"
Dr. Ariyanachi K	Best paper in Neuroanatomy (Dr. Suseela Narayana Award) – at 21st Regional Society of Anatomists Meet (RSA) – 2024 – for oral paper presentation titled, "Intracranial anatomical triangles of cavernous sinus – evaluation and clinical significance".
Dr. Punnapa Raviteja	Best poster (Dr. Rajendra Babu Award) – at 21st Regional Society of Anatomists Meet (RSA) – 2024 – for poster titled "Congenital diaphragmatic hernia – Fetal autopsy report".
	Best Innovation Award (Second Prize) – on 2nd Institute foundation day of AIIMS Bibinagar – for my e-poster titled, "Punnapatla classification – A systematic approach to external carotid artery branching pattern variations".

DEPARTMENT OF BIOCHEMISTRY

1. Highlights

The Department is engaged in medical education, clinical laboratory services, and healthcare research. With seven faculty members, the department offers research in areas such as pulmonary diseases, cardiovascular diseases, non-alcoholic fatty liver disease, in-born errors of metabolism, cancer, and bioinformatics. The department envisions becoming a global center of excellence in Medical Biochemistry and Metabolic Medicine. The MBBS 2023 batch had a 93.5% pass percentage, with61 first-class and 17 distinctions. Two Junior Residents have completed their residency, and six are currently pursuing their MD in Biochemistry. The fiscal year 2024–25 marked a major leap in the department's diagnostic capabilities, highlighted by the installation of the Vitros 5600 for integrated testing and the SebiaMinicap Flex Piercing for advanced protein studies, along with the introduction of 39 new diagnostic tests.These additions greatly enhanced diagnostic services. The department conducted over 6,78,807 tests, with a monthly average of 5656. It has completed 12 projects and has 10 ongoing extramural and 13 intramural projects.

DEPARTMENT OF BURNS AND PLASTIC SURGERY

1. Highlights

Department actively contributed in the following fields: academic excellence, clinical advancement, community outreach, conducted CME on “Advanced Wound Care”, Transgender Health, hosted NABI Zonal CPD on Burns, conducted a CME on Gender Affirming Medical Care for Transgender and Gender Non-conforming Persons. The department continues to support specialized services such as a cosmetic procedure room offering PRP therapy, radiofrequency ablation, and hair transplant services. We performed complex surgeries like total ear reconstruction, first free microvascular reconstruction (Free radial forearm flap for head and neck cancer, and AV Fistula creation services. Overall, the Department has maintained a dynamic presence in clinical education, skill development, and multidisciplinary collaboration, with a strong emphasis on inclusive care, innovation in surgery, and academic dissemination.

DEPARTMENT OF CARDIOVASCULAR AND THORACIC SURGERY

1. Highlights

Department was established on 6th February 2025 with the objective of providing specialized, high-quality surgical care for patients with cardiovascular and thoracic conditions. Since its inception, the unit has steadily expanded its capabilities, evolving from elective surgeries to comprehensive inpatient care, emergency interventions, and postoperative support. Started OT facility for Basic vascular surgery with dialysis access surgery on regular basis. With a multidisciplinary approach and a commitment to continuous improvement, we aim to become a center of excellence in Cardiovascular and thoracic surgery serving as a critical pillar in the institution's healthcare framework.

DEPARTMENT OF COMMUNITY MEDICINE AND FAMILY MEDICINE

1. Highlights

RHTC: Initiated in March 2021 which includes seven sub-centres providing comprehensive primary health care through general outpatient, specialist, diagnostic, screening and referral services to a population of 38,000. It provided outpatient services to 11,967 rural and tribal patients. In Phase I of the RHTC's construction, ₹10 crores have been sanctioned under the SFC. Land registration and construction approval processes are currently underway. **UHTC:** Started in February 2025 at Mallapur to deliver primary healthcare services including regular outpatient (OPD) consultations, antenatal and postnatal care, routine immunization, training for undergraduate and postgraduate medical students. **Mobile Medical Unit (MMU)**: Operating since 7th April 2022 to provide preventive and curative services among 6 adopted villages with vulnerable population. These villages—Muripirala, Puttagudem, Indriyala, Dharmareddipally, Koyyalagudem, and Bibinagar—are located approximately 50–60 km from AIIMS Bibinagar. Between April 2024 and March 2025, the MMU conducted 146 camps and examined 5,810 patients along with special activities such as organ donation, awareness, pledge registrations, head and neck cancer screening, TB screening, and anti-tobacco awareness campaigns etc. **ICTC:** ICTC was started from 25 May 2022 and caters to an annual load of nearly 12000 clients; both new and followup. Out of these, there were 1104 ANCs who were sample tested. Besides, counselling (11822) and testing (25 positive) services; outreach activity (31) and awareness camps (28) are held from time to time. **Immunization Clinic:** Established in March 2021 in accordance with the National Immunisation Schedule. A total of 3,597 beneficiaries were vaccinated, receiving 9,229 doses this year. A Yellow Fever Vaccination Clinic is scheduled to launch on 21st April 2025. **Designated Microscopy Centre (DMC):** Since August 3, 2022, the DMC and DOTS Clinic have been providing diagnostic and treatment services for TB and HIV patients. A total of 1,658 patients underwent sputum microscopy last financial year. **Non-communicable Diseases (NCD) clinic:** Functional since March 2021 with a focus to provide preventive services through counseling, longitudinal monitoring, and lifestyle interventions for patients with chronic non-communicable diseases. **Health and Happiness Clinic:** Functional since June 2021, with provision of OPD and yoga services. **Academics:** In 2024, the Doctorate in Medicine (DM) in Global Health and Clinical Epidemiology (GHCE) course curriculum was approved by the Board of Governors. Two candidates joined the DM (GHCE) program—the first of its kind in India.

DEPARTMENT OF DENTISTRY

1. HIGHLIGHTS

The Department has commenced all basic dental treatment procedures from April 2024, following the installation of three advanced dental chairs. The cumulative census for OPD stands at 19,413 as of 31st March 2025. A total of 7397 dental procedures were performed, with 5677 IOPA and 1272 OPG radiographs till 31st March 2025. Initiated a postgraduate (MDS) programme (02 seats per year) from July 2024 onwards in the field of Orthodontics and Dentofacial Orthopaedics. The department is also involved in the teaching of MBBS and Nursing students, as well as research and administrative responsibilities.

DEPARTMENT OF DERMATOLOGY

- **HIGHLIGHTS**

  The department has been providing continuous dermatology services to patients including advanced treatment for psoriasis, dermatological emergencies, extensive autoimmune bullous disorder and punch grafting as part of vitiligo surgeries and flap surgeries. Procedures like biopsy, removal of warts, skin tags, corn paring, dermaroller, intrallesional injections, needling and other such procedures are being done regularly. Have carried out multiple outreach activities as well as DermatoPathology meet on first Tuesday of every month and discuss interesting and complicated cases. Dermatology services to the patients due to which the OPD number is increased from 140 in March 2021 to 792 in March 2022 to 19,992 in March 2024 and to 25,212 and a total of 1230 procedures till March 2025.

DEPARTMENT OF FORENSIC MEDICINE AND TOXICOLOGY

1. HIGHLIGHTS

Since its inception in October 2020, the department has steadily progressed in establishing itself as a centre of academic excellence and innovation with activities such as: role-play, small group discussions, simulated based learning for postgraduates and organization of a One Day Seminar on “Best Practices in Forensics”. Have proposed for establishment of a state of the art Advanced Autopsy Centre, equipped with modern, highend facilities designed to meet the medicolegal needs of the region. Additionally, the department aims to set up a Clinical Forensic Unit to support realtime forensic evaluations in clinical settings, a OneStop Crisis Centre/Sakhi Centre for survivors of violence, and a Toxicology Servicesto aid in the teaching and identification of poisons.

4.2 Examination & Assessment: Conducted as per the schedule

4.3 Conferences/CME/Workshops/Guest Lectures:

i. Attended: 20

ii. Organized: 2

1. One Day Seminar on Best Practices in Forensics in collaboration with National Forensic Science University, Gandhinagar organized at AIIMS Bibinagar on 26th July, 2024.
2. Demonstration of weapons to 2nd MBBS students of AIIMS Bibinagar by Ballistic Division, Bhongir on 12th July, 2024.

iii. Invited Lectures / talks delivered by Faculties

7. Dr. PragneshParmar: 08, Dr. Yadukul S: 01, Dr. Prashanth Mada: 05

iv. Research Paper presentations: 04

4.4. Award and Achievements

- 2nd MBBS students won **Third Prize** in **National FMT Quiz at Thanjavur Medical College** on **20th July, 2024.**
- 2nd MBBS students won **Third Prize** in **National FMT Short Film Making Competition at Thanjavur Medical College** on **20th July, 2024.**

Name of the Faculty	Details of Award / Achievements
Dr. Pragnesh Parmar	**Completed** Regional FAIMER Competency Based Education (**RFACE**) awarded by FAIMER (A division of Intealth) and CMCL, Ludhiana through CMCLFRI from December 2023 to December 2024. **Joint Secretary (South Zone),** Indian Society of Toxicology (20252026) **Vice President – South Zone,** Indian Academy of Forensic Medicine(20222025)
Dr. Yadukul S	Received the "Young Forensic Expert (Scientist)" award at the Annual Conference of Society of Prevention of Injuries & Corporal punishment (SPIC) at Adesh Medical College, Bathinda, Punjab on 22nd October 2024.
Dr. Prashanth Mada	Awarded First Place in the National EPoster Competition organized by the Indian Academy of Forensic Medicine for the presentation titled "Exhume the Truth and ServeHumanity", held on the occasion of the 3rd Annual Forensic Medicine Day, 2024. The award was formally presented during the 46th Annual National Conference of the Indian Academy of Forensic Medicine (FORENSIC MEDICON 2025), held from January 31 to February 2,2025, at ESIC Medical College & PGIMSR, Chennai. Promoted to the post of Associate Professor under the Assessment Promotion Scheme(APS) based on the recommendations of the Standing Selection Committee.

7 PHOTOS OF THE IMPORTANT EVENTS

One Day Seminar on Best Practices in Forensics in collaboration with National Forensic Science University, Gandhinagar organized on 26th July, 2024.

First MD (FMT) examination held at AIIMS Bibinagar on 27th28th January, 2025.

46th Annual National Conference of the Indian Academy of Forensic Medicine (FORENSIC MEDICON 2025), held from January 31 to February 2,2025, at ESIC Medical College & PGIMSR, Chennai.

Oral paper Presentation on Effectiveness of App based learning in Forensic Medicine – Perceptions of Students in 26th Triennial meeting of International Academy of Legal Medicine IALM 2024 at Athens, Greece held from 21st to 23rd May, 2024.

DEPARTMENT OF GENERAL MEDICINE

1. HIGHLIGHTS

The outpatient department (OPD) services were started on 2nd June 2020 and at present we cater to an average of 350 patients /day. On an average, 1600 ECGs/ month, 1345 Echocardiography, 34 Holter services, 2804 teleconsultations, have been provided. Critically ill patients are being treated by utilising 5 beds in the Intensive care unit (ICU). The Cardiac Technology Course at the Department of Medicine, AIIMS Bibinagar, commenced on 30th September 2024 which comprises of topics such as Basics in Patient Care, including vital signs recording and anthropometric measurements; Electrocardiography (ECG). At present the department of Medicine is actively teaching 3 batches of undergraduates (2021, 2022 and 2023). At present the department has 9 academic junior residents with the intake of 4 residents per year from 2025. The department is also involved in continued professional education of the faculty and nursing staff of the institute.

4.3 Conferences/CME/Workshops/Guest Lectures:

- **Attended: 86**
- **Organized: 03**

DETAILS:

Conferences/CME/Workshops/Guest Lectures organized

i. **CME World Heart Day Conducted on 14th September 2024"**

A CME on 14th September 2024 in observance of World Heart Day, titled 'Future of Heart Health: Integrative Approaches and Emerging Technologies.' As part of the event, a session on 'Role of Advanced Imaging Techniques in Coronary Artery Disease Diagnosis: Present and Future' was presented, highlighting current practices and future innovations in cardiac imaging."

ii. **Workshop – Mastering clinical cardiac skills**

A handson workshop on cardiac clinical examination using a cardiac simulator was conducted for both UG & PG students of Different Medical colleges across Telangana,which provided practical learning and engagement for all participants. This has enriched their knowledge with the help of simulators which allow them to gain real time feedback especially while assessing apex beat murmur and JVP.

iii. **Patient awareness program Heart Smart: Empowering Communities**

As part of the World Heart Day 2024 celebrations, organized a community awareness gathering on 28th September 2024 at the OPD Foyer. The event, themed "Heart Smart: Empowering Communities," aimed to educate patients, attendants, and visitors on the importance of heart health, preventive measures, and early recognition of cardiovascular risks. Informative talks, interactive sessions, and demonstrations were held to encourage lifestyle changes and promote hearthealthy habits. The initiative received enthusiastic participation and was wellreceived by the community, reinforcing the message: "Use Heart for Action."

4.4 Invited Lectures / talks delivered by Faculties

- Dr. Vishakha Jain (27) , Dr. Charan N (03), Dr. Vahini G (03)

EXAMINERSHIP

1. **Dr Vishakha Jain external examiner** AIIMS Bilaspur February 1315 2025 and AIIMS Bhopal 6thJanuary 2025
2. **Dr. Sakthivadivel V** External examiner at GITAM University, Andhra; and TheTamilNaduDr.M.G.R. Medical university

3. **Dr. CharanN** Invited as an External Examiner for the MBBS Final Professional Part II examinations at ESIC Medical College, Sanathnagar (February 28 – March 4, 2025)

REVIEWER

4. **Dr VishakhaJain reviewer** for PLOS one, BMC infectious diseases, JMGIMS, JIAG, World journal of critical care etc.
5. **Dr. Sakthivadivel V** BMJ open, BMC, World Journal of Diabetes and Gastroenterology, Clinical case reports, JCDR.

4.5. Research Paper presentations:

1. **Dr. Sakthivadivel V** Presented Platform presentation at International Conference on Women Cardiac Care in March 2025, at New Delhi.

4.6 Award and Achievements

Name of the Faculty	Details of Award / Achievements
Dr. Vishakha Jain	Joint Director of the leadership committee, SASPI from Aug 2024.
Dr. Vishakha Jain	Life Member of SASPI
Dr. Sakthivadivel V	Awarded the Best Prajwala research award by WINCAR Society in March 2025.
Dr. Vahini Golla	*APJ Abdul Kalam Health and Medical Excellence Award* by ACT NOW Social Service Organisation, Hyderabad On 28th April 2024
Dr. Vahini Golla	Became member of API (Association of physicians of India) HYD CHAPTER life membership (LM327 on 5/7/2024)
Dr. Vahini Golla	Association of Medical Educationists life member AME412.

5 FACILITIES AVAILABLE IN THE DEPARTMENT

- **Teaching labs:** The Department of Medicine does not have their own seminar room for conducting PG teaching; which is hence done in the Pathology seminar room. The UG lectures and tutorials are conducted at demo room of various departments like Microbiology, Pharmacology, Forensic Medicine & Nursing college (3rd Floor)
- **Special clinics / Labs:** 2D Echocardiography and Holter
- **Outreach Services:** We participate in the outreach activities organised by the MS office, Microbiology department and other departments.

6 RESEARCH

- **Total Publications:18** (PubMed indexed journals: 14, Original articles: 4)
- **Research Projects :** Extramural –14, Intramural- 11, Non-Funded- 05

6.1 Books / Chapters

1 Dr. Vishakha Jain:

- Editor,*Handbook of Bariatric Nutrition* (Springer), Coedited this comprehensive reference on bariatric nutrition, alongside Dr. Aparna Govil Bhasker, Lillian CraggsDino and Mary O'Kane. The handbook provides evidencebased guidelines and practical approaches for optimizing nutrition in bariatric patients.
- Author, Chapter: "Medical Management of Obesity and Guidelines for Metabolic and Bariatric Surgery", In: *Handbook of Bariatric Nutrition* (Springer) Author, Chapter: "ATTinduced Hepatitis" In: API Medicine AClinical Compendium 2025 (Jaypee Brothers Medical Publishers Pvt. Ltd.), Editors: Jyotirmoy Pal, Nandini Chatterjee

- Editor , The ICU manual (Paras Publisher)Coediting this comprehensive easy access book on emergencies in critical caralongside Dr Rajnish Joshi and Dr. Ashish Goel.
- Contributed a chapter titled "Hypothyroidism: A Comprehensive Review and Recent Updates"in the Annals of IMA AMS, released during the 231st Central Working Committee Meeting of the Indian Medical Association (IMA),Theme: Endocrinology,13th & 14th April 2024, Chennai, Tamil Nadu.
- Edited , 2 books on BLS Jeevan Dayani. And Disaster management and emergency preparedness at AIIMS Bibinagar. These books were released during Institutional foundation day , 8th April 2024.

2 Dr. Charan N

- Contributed a book chapter to API Medicine: A Clinical Compendium

3 Dr. Vahini G

- **Author** "A Study of BODE index on severity and systemic involvement in patients with COPD," accepted on **5th April 2024** in the IJMEDPH journal.
- **Corresponding Author** "A Study of hsCRP and mean platelet volume in acute myocardial infarction" in the IJMEDPH journal.
- **Co Author** "An Approach to a Case of Jaundice with AntiTubercular Treatment" published in the API Compendium textbook.

DEPARTMENT OF GENERAL SURGERY

1 HIGHLIGHTS

Department provides clinical diagnostic services that cover all aspects of the general surgical spectrum including diseases of thyroid, breast (lumps, both benign and malignant), abdominal pain/lump, inguinal/perineal disease, hemorrhoids, fissures, fistula, varicose veins, various superficial lumps and ulcers. Surgical procedures like debridement of ulcers, drainage of superficial abscess/paronychia, excision of superficial cysts etc. are done in the OPD. Operation theatre has been functioning since November 2021. Apart from clinical work, the Department also has the responsibility of training our young undergraduate and post graduate students in the art and science of Surgery so that they become able and efficient Doctors with a good and strong foundation in surgical craft.

DEPARTMENT OF HOSPITAL ADMINISTRATION

1. HIGHLIGHTS

The Department of Hospital Administration is functional since 21st April 2023 with the faculties involved in various activities of Institute administration. Securing statutory approvals and licences related to the hospital such as registration under Clinical Establishment Act, Spirit Licence etc.as well as in the implementation of health security schemes such as Ayushman Bharat and Aarogyasri Schemes are some of our involvements. The focus of the department for the year 2025-26 would be to start the M.D. course in Hospital Administration as well as to ensure smooth conduct of BSc in Health Informatics (Allied Healthcare) course.

6. PATIENT CARE / HOSPITAL SERVICES:

Type of services/ Facilities provided by the department	Number of patients covered
Patients diagnosed with benign haematological diseases such as pancytopenia, aplastic anaemia, anaemia of chronic disease, nutritional, autoimmune haemolytic and aplastic anaemia were provided with OPD and IPD services	80-100
Malignant haematological conditions such as acute leukemia, chronic leukemia, multiple myeloma and lymphoma were treated as per guidelines and recommendations	3-5

DEPARTMENT OF MICROBIOLOGY

1. HIGHLIGHTS

April 2024 to March 2025 hailed the fourth academic year of the Department in provision of high quality diagnostic services for patient care. Some of the outstanding efforts of yesteryears to establish the Institute are: BSL3 facility under Phase 2 of PMABHIM gained greater momentum; graduation of its inaugural batch of MD students; National acclaim with the presentation of an Innovative "K8 Spider sample collection and concentration device for childhood tuberculosis; organisation of Health days; emphasis on Antimicrobial resistance (AMR); specific student based academic activities; research accomplishments and other administrative responsibilities.

DEPARTMENT OF NEONATOLOGY

1. **HIGHLIGHTS**

The Department of Neonatology began functioning on May 15, 2023, initially by sharing beds with the Pediatric Intensive Care Unit (PICU). A dedicated seven bedded Neonatal Intensive Care Unit (NICU) was established in February 2024, and later expanded to a ten bedded NICU in October 2024. A HighRisk FollowUp Clinic was also initiated in February 2024. Approval for the DM Neonatology program was granted for the academic year beginning July 2025. The department provides Level 1, 2, and 3 NICU care, along with postnatal ward care, delivery room support, and runs both a High Risk FollowUp Clinic and a Lactation FollowUp Clinic. Services include ventilator care, high frequency ventilation, CPAP therapy, surfactant therapy, developmental supportive care, kangaroo mother care, phototherapy, family centered care, and genetic counselling. From April 2024 to March 2025, our inpatient census included 628 NICU admissions and 123 IPD NICU admissions, while the OPD recorded 2,032 visits. The neonatal mortality rate for the year was 8 per 1,000 admissions, significantly lower than that of any other government center in Telangana.

Clinical Highlights

Our team has successfully managed some of the most critical neonatal cases, including:

- **Extremely premature infants** (<28 weeks gestation)
- **Extremely low birth weight neonates** (<1000 grams)
- Severe **meconium aspiration syndrome (MAS)** with **persistent pulmonary hypertension (PPHN)**
- **Multidrug resistant** sepsis, meningitis, and septic arthritis in outborn babies

We collaborate with the **Department of Pediatric Surgery** to manage neonatal surgical cases such as anorectal malformations, Hirschsprung disease, bowel perforations, and more.

Diagnostic and Specialized Services

Our department conducts **bedside neonatal ultrasounds and echocardiography**, diagnosing complex congenital heart defects such as:

- Severe pulmonary stenosis
- Transposition of the great arteries (TGA)
- Patent ductus arteriosus (PDA)

We have also diagnosed and successfully managed:

- Rare genetic syndromes
- Inborn errors of metabolism
- Congenital hypothyroidism
- Congenital malformations like **CTEV**, **cleft lip**, and **cleft palate**

Lactation Support

Our dedicated Lactation Counsellors, trained inhouse, provide regular lactation counselling to mothers and manage cases of faulty feeding and lactation insufficiency. One notable achievement was inducing successful lactation in an adoptive mother, who was able to breastfeed her adopted baby despite never having given birth.

Our exclusive breastfeeding rate up to 6 months of age for the last year was 91.5%, significantly higher than India's NFHS5 average of 65%.

Research and Publications

Our department leads two ICMRfunded extramural projects: flagship project and ShortTerm Research Project. Additionally, we serve as CoPrincipal Investigators in four other research projects and have published four scientific papers in the past year.

DEPARTMENT OF NEPHROLOGY

1. HIGHLIGHTS

The Department established in January 2023 with a single faculty member and has significantly expanded its services from then on. A major milestone was the inauguration of the hemodialysis unit on 18th April 2024, with the first patient treated on 22nd April 2024. Bedside hemodialysis services were also made operational in the ICU with the use of a portable RO unit & dedicated hemodialysis machine. A procedure room has been equipped and made functional for various vascular access and interventional procedures, supported by a dedicated portable ultrasound machine. As of 31st March 2025, more than 1,300 dialysis sessions have been completed at the institute. Additionally, the course curriculum for initiation of the B.Sc. Paramedical Course in Dialysis Therapy Technology (DTT), with student enrollment commencing in October 2024 was done. A specialty Glomerulonephritis (GN) Clinic has also been established to provide focused care and followup for patients with glomerular diseases, supported by systematic record-keeping of individual patient data.

DEPARTMENT OF NEUROLOGY

1. HIGHLIGHTS

The department serves 3060 patients in each General Neurology outpatient clinics on Monday, Wednesday, and Friday. In addition to specialty clinics in Stroke and Movement Disorders, we started the Neurogenetics and Sleep Disorders clinic every Tuesday. Our services provide care to patients with other neurological disorders, including headache, demyelination disorder, vertigo, peripheral neuropathy, epilepsy, and cervical and lumbosacral radiculopathy. We continue to administer Botulinum toxin Injections for patients with Movement disorders like Hemifacial spasm, Blepharospasm, and Dystonia. In addition to teaching the DM Neurology trainees, we participate in teaching MD (General Medicine and Paediatrics) students. We are also invited to the academic sessions of MD (General Medicine and Paediatrics) trainees, where we teach them the clinical approach to neurological disorders. The department has six ongoing projects (4 extramural and 2 intramural) sanctioned.

DEPARTMENT OF RADIATION ONCOLOGY

1. HIGHLIGHTS

Department of Radiation Oncology started functioning on 06 April 2024. Outpatient Services are being provided for New, Ongoing treatment and post treatment followup Cancer patients. Chemotherapy is delivered under Aarogyasri scheme for Patients with Solid tumours. Inpatient referrals are routinely being opined on cancer management aspects. Patients are admitted for Inpatient Carefor Oncological emergencies, Chemotherapy and Supportive care. Multidisciplinary Tumour board discussions are being conducted with all the Departments that deal with Cancer Patients to arrive at management based on International guidelines. Cancer Screening services are being delivered in collaboration with all departments dealing with Cancer patients. MoU has been done with NCDIR Bengaluru for Hospital Based Cancer Registry Program which will be started soon.

DEPARTMENT OF OTORHINOLARYNGOLOGY AND HEAD AND NECK SURGERY

1. HIGHLIGHTS:

The department commenced cutting edge surgeries, including advanced rhinological, skull base, and phonosurgical procedures, as well as surgeries for obstructive sleep apnoea (OSA), aided by advanced equipment like the micro-debrider and endoscopy systems. We regularly perform complex head and neck cancer surgeries with pedicled and free flap reconstructions. Endoscopic CSF leak repairs and excisions for Juvenile Nasal Angiofibroma are also being successfully performed. Preparations are underway to initiate cochlear implantation.OPD footfall increased significantly from just over 11,000 last year to **22,715** this year. Additionally, **256** major surgeries, **7,189** minor procedures, **304** inpatient admissions, and **1,559** ESanjeevani consultations were carried out. The department initiated its Postgraduate (PG) program in January 2025, admitting two students as the first batch. Furthermore, we conducted 45 undergraduate tutorials and seminars for the MBBS batch of 2021

8. **Outreach Health Camp: Oral Cancer Screening & ENT Health**

In the 3rd week of July 2024, the Department conducted a comprehensive outreach health camp focused on oral cancer awareness and early screening, addressing a major public health concern in India. The camp also offered general ENT consultations for common ear, nose, and throat ailments. A

dedicated team of faculty, residents, and nursing staff ensured maximum accessibility to the local population

9. Organisation of CME on “Head and Neck Cancer”

On June 27th, 2024, the Department organized a CME on “Head and Neck Cancer.”

10. **AIIMS Bibinagar ENT Department Presents: "Advancements in Cochlear Implantation: A Step towards Better Hearing"**

On March 3rd, 2025, the Department successfully conducted a Continuous Medical Education (CME) program on "Cochlear Implantation."

11. Patient Education Program Report: Hearing and Its Importance

On March 3rd, 2025, the Department of Otorhinolaryngology (ENT) at AIIMS Bibinagar conducted a patient education program titled "Hearing and Its Importance" in the ENT waiting area to maximize outreach.

5. FACILITIES AVAILABLE

- Special clinics / Labs: Otology, Rhinology, Vertigo, &
- Outreach Services: Regularly participating in camps organised with CFM department for outreach OPD, E Sanjeevani.
- Equipment: Microdebrider, HighSpeed Burr System, Otomicroscope, Nasal Endoscopy Setup, Audiometry Setup.

DEPARTMENT OF OPHTHALMOLOGY

1. HIGHLIGHTS

Department has made significant contributions in the management and treatment of various ocular diseases, including cataracts, glaucoma, diabetic retinopathy, retinal vein occlusion, refractive errors, agerelated macular degeneration, and retinopathy of prematurity. We utilize advanced techniques such as intravitreal injections for these conditions and offer comprehensive screening and management for retinopathy of prematurity. To foster academic growth, we have started postgraduate courses, with two PG students admitted annually, providing handson training in a wide range of surgical procedures. Senior residents and postgraduates actively learn and perform various extraocular and intraocular surgeries, gaining valuable experience with advanced instruments, thus ensuring the continual growth of skilled ophthalmic professionals.

DEPARTMENT OF ORTHOPAEDICS

1. HIGHLIGHTS

The Department of Orthopaedics at AIIMS Bibinagar made remarkable strides in 2024–2025 in academics, research, patient care, and outreach, furthering its commitment to clinical excellence, education, and innovation. We are providing speciality services of paediatric orthopaedics, ortho oncology services, sports injury, spine surgery consultation along with geriatric and complex trauma consultation. There is regular participation in the interdepartmental meetings, like OrthoRadiology Pathology interdepartmental meetings every month. Additionally, outreach services, including regular camps and telemedicine consultations, extend the department's expertise to underserved communities, promoting accessibility and inclusivity in healthcare delivery. The department has been actively collaborating across disciplines with institutions such as NIT Warangal, DRDLDRDO, IIT Hyderabad, and FDDI Hyderabad, fostering the development and advancement of innovative ideas and technologies. Innovation took centre stage with the development of a prototype of a lowcost skin stapler in partnership with NIT Warangal and an additive manufactured magnesium implant project with BITS Pilani. Innovative development of ADIDOC (AIIMS Bibinagar DRDO Initiative for Design Optimized Carbon foot) – First make in India Design of the high profile carbon foot, that has to be validated with clinical trials on amputee patients. In summary, the Department has demonstrated a multifaceted approach to advancing orthopaedic care, education, and research.

DEPARTMENT OF OBSTETRICS AND GYNECOLOGY

1. HIGHLIGHTS

Department will be completing five years of service with number of patients in the OPD increased to over the 150 -180 per day. We have started conducting Laparoscopy and Hysteroscopic surgeries both for elective and also for emergencies cases like Ectopic pregnancies. MTP services with approval from the District Hospital. as per the new amendments of MTP Act 2021 are also taken up. We have successfully conducted more than 1000 deliveries as of now. Tutorials, integrated and clinical classes are being taken in a very organized way with periodic assessment for both theory and clinics for our UG and ten post graduate students. Apart from the regular department academic activities we conduct GynecPathology Clinical meetings, monthly Tumor board meetings and live GynecHystero-laparoscopy workshop. Department conducts Teleconsultations through e-Sanjeevani and has taken up consultations for the school going children.

2. Faculty

Courses	Theory (Hours)	Practical (Hours)	Other Teaching Learning Methods (Hours)
MBBS	6 hours per week (3 batches)	3 hrs clinicals for 3 batches daily	Tutorials weekly 3 hours
PG	3-4 hours/ week	Ward rounds	Bedside teaching, small group teaching
Any other	Theory classes, Seminar ,Demonstration, Simulation based training , Self-directed learning Academic activity for PGs , Journal club, Integrated classes	Clinical classes, Tutorial classes, Bedside teaching, Case based Discussions,	Inter Departmental meetings Tumor board meetings

4.2 Examination & Assessment: Conducted as per the schedule

4.2. Conferences/CME/Workshops/Guest Lectures:

i. **Attended:30**

ii. **Organized: 3**

- Organized as Chairperson a 2 day live GynecHystero-laparoscopy workshop on the 15th and 16th of April 2025 covering a total of 10 major endoscopy surgeries in the Department of Obstetrics and Gynecology at AIIMS Bibinagar
- Organized a Quiz Competition on Contraception "Quizicon" on September 26th, 2024 for the Under graduate students of AIIMS Bibinagar
- Organized Simulation based workshop on Nurses Role in Management of Obstetrical Emergencies on 15TH May 2024 on the occasion of International Nurses Day celebration.

iii. Invited Lectures / talks: Dr. Nabnita Patnaik (12), Dr Naina Kumar (3)

1. List of Paper/Poster Presentations as Co-Author.

- "Clinical Audit of Hysterectomies: A valuable tool to improve Quality care at rural tertiary care centre of Southern India" Guided the postgraduate student for paper presentation at All India Congress of Obstetrics and Gynecology (AICOG- 2025) held at Mumbai from 8-12 January 2025.
- "When unexpected happen: Isolated Fallopian Tube Torsion with Large Hematosalpinx mistaken for Ovarian cyst Torsion" Guided the postgraduate student for poster presentation at the Institute Foundation Day, AIIMS, Bibinagar.
- "Comparing the Feto-Maternal outcomes of Physiological cord clamping VS Delayed cord clamping at one minute in women undergoing elective caesarean section at term: A Pilot Study" Co-Guided the post graduate student for paper presentation at All India Congress of Obstetrics and gynecology (AICOG- 2025) held at Mumbai from 8-12 January 2025. The paper was awarded First Prize.
- "Comparing the Feto-Maternal outcomes of Physiological cord clamping VS Delayed cord clamping at one minute in women undergoing elective caesarean section at term: A Pilot Study" Co-Guided for Poster presented at the Institute Foundation Day, AIIMS Bibinagar. The poster won 2nd prize.
- "Clinical Audit of Hysterectomies: A valuable tool to improve Quality care at rural tertiary care centre of Southern India" Guided the postgraduate student for poster presentation at the Institute Foundation Day, AIIMS, Bibinagar.

Dr Mishu Mangla:

- Mangla M et al. Presented a poster on Prevalence, Structure and Perception of the local population regarding Consanguineous marriages in Rural areas of Southern India : A Community based Mixed methodological study in Fetogenetics (International Congress of SFM Telangana Chapter and ISPD (13-15 December 2024).
- Bukke Nireesha, Mangla M et al. Comparing the Feto-Maternal outcomes of Physiological cord clamping VS Delayed cord clamping at one minute in women undergoing elective caesarean section at term: A Pilot Study. Guided the post graduate student for paper presentation at All India Congress of Obstetrics and gynecology (AICOG- 2025) held at Mumbai from 8-12 January 2025. The paper was awarded First Prize.
- Sushmita Paul, Meely Panda, Rashmi Kundapur, Kishore Yadav Jothula, Kalpana M, Bhushan Kamble, Neeraj Agarwal, D Chandana, Raja S, Mishu Mangla. "From Awareness to Action: Strengthening Sexual and Reproductive Health among
- Adolescent Migrants in Rural Telangana" poster presented at the Institute Foundation Day, AIIMS Bibinagar.

- Bhushan Kamble, Vijaylakshmi Jain, Sumit Agarwal, Kuldeep Nigam, Rashmi Kundapur, Meely Panda, Deepti Konda, Mishu Mangla, Raja S, Lakshmi Jyothi Tadi, Neeraj Agrawal. Risk at the Crossroads: Evaluating STIs in High-risk groups. Poster presented at the Institute Foundation Day, AIIMS Bibinagar. The poster won 2nd prize.
- Nireesha Bukke, Mangla Mishu, Thaniganathan, Anusha D, Naina K, Nabnita P, Annapurna S. Comparing the Feto-Maternal outcomes of Physiological cord clamping VS Delayed cord clamping at one minute in women undergoing elective caesarean section at term: A Pilot Study. Poster presented at the Institute Foundation Day, AIIMS Bibinagar. The poster won 2nd prize.
- Manisha Bollam, Naina Kumar, Mishu Mangla, Annapurna Srirambhatla, Shailaja Prabhala. When the unexpected happens: Isolated Fallopian tube Torsion with largeHematosalpinx mistaken for Ovarian Cyst Torsion. Poster presented at the Institute Foundation Day, AIIMS Bibinagar.
- Rathod Pooja, Kumar Naina, Mangla Mishu, Aparna J, Gomathi. "Clinical Audit of hysterectomies: A Valuable tool to improve Quality care at Rural tertiary care centre of Southern India". Poster presented at the Institute Foundation Day, AIIMS Bibinagar.

Dr Aparna J

- Faculty Speaker and chaired the session on "Induction of Labour" at the Global Conference on Updates in Obstetrics and Gynaecology from 24.08.2024 to 25.08.2024 at HICC, Hyderabad.

Dr Anusha Devalla:

- Participated as an Invited Faculty Speaker at FOGSI VPCon National Conference Bhopal- "Second Stage Dilemmas and Decisions" July 2024

4.3. Award and Achievements

Name of the Faculty	Details of Award / Achievements
Dr Mishu Mangla	Awarded Fellowship of Indian college of Obstetrics and Gynecology (FICOG) on 19/10/2024, in the Convocation held during the 9th FOGSI-ICOG Annual Conference 2024 at Ahmedabad, Gujrat.
Dr Mishu Mangla	Recipient of the 2024 Alistair Philip Article of Merit Award by American AcademyofPaediatricsforarticlepublishedinNeoReviewsinSeptember2024,A Practical, Systematic Approach to Genetic Diagnosis in a Fetus or Neonate with Congenital Anomalies.
Dr Anusha Devalla	Editorial board member: Indian journal of maternal neonatal and fetal medicine
Dr Anusha Devalla	Associate Editorial board member: Online journal of obstetrics, gynecology and maternity care Reviewer for PubMed indexed journals.

5. FACILITIES AVAILABLE

- Out patient services along with minor procedures is done on all working days of the week. IPD services for both Antenatal and Gynec patients for conservative management, elective and emergency surgeries like Elective Cesarean sections, Major and minor Gynec Surgeries are available on week days.
- **Teaching labs**: Skill lab for demonstration of labor, deliveries, obstetric emergencies, case scenarios, gynec examinations, taking pap smears, IUCD Insertion, catheterisation, IV Line insertions , and assessment of the students and nursing officers, conducting work

shops, bed side teaching, dummy pelvis, Instruments, Specimens, Drugs, IUCDs, HSG Films, CTG Traces

- **Special clinics:** All types of patients including antennal cases, gynecology, onchology, infertility, adolescent and menopausal women are seen in general OPD at present. Once facilities are available, special clinics can be started
- **Outreach Services**: Tele consultations through e- Sanjeevani government portal is done weekly once.

DEPARTMENT OF PATHOLOGY AND LAB MEDICINE

1. HIGHLIGHTS

The Department continues to play a pivotal role in fulfilling the three core pillars of AIIMS - teaching, patient care, and research - through sustained commitment and progressive initiatives. Functional histopathology, cytopathology, and hematology sections that cater to a broad spectrum of clinical requirements are done. A significant milestone achieved this year is the expansion of the immunohistochemistry (IHC) services within the histopathology unit. Department has implemented Laboratory Information System (LIS), facilitating the digitization of pathology reports. The teaching an research output of the department has been consistently strong, with numerous publications in PubMed-indexed journals by both faculty and residents, reflecting the academic rigor and commitment to advancing the field of pathology.

DEPARTMENT OF PAEDIATRIC SURGERY

1.Highlights

The Department of Pediatric Surgery has continued to expand its clinical, academic, and research footprint during the year, contributing actively to the growth and visibility of the institute. Major highlights this year has been the initiation of laparoscopic pediatric surgery services. A wide range of laparoscopic procedures, including appendectomies, hernia repairs, orchiopexies, and pyeloplasty, are now routinely performed. The commencement of the 6-year M.Ch. Pediatric Surgery super-specialty training program with an intake capacity of two students per year is an achievement. There has been a steady rise in the number of patients seeking care at the department Complex cases are managed through a coordinated multidisciplinary approach involving different departments to ensure optimal outcomes.

DEPARTMENT OF PEDIATRICS

1.Highlights

The Department of Pediatrics continues to make constant progress in patient care, teaching, and research. In the year 2024-25, the total number of patients seen in OPD was 21,604, admitted in IPD was 1067, and admitted in PICU was 766. Three weekly special clinics in Asthma and Allergy, Neurodevelopment and Nutrition catered to 90, 90, and 164 patients respectively. In the PICU, of 766 patients admitted, 183 patients received oxygen, 46 received high flow nasal canula (HFNC), 15 received continuous positive airway pressure (CPAP), and 10 patients received invasive mechanical ventilation. Outreach services include weekly visits to the Rural Health Training Centre (RHTC) at Bommalaramaram where 542 patients were seen, weekly e-sanjeevani online clinic where 2349 patients were seen, and 2-3 mobile medical unit (MMU) visits in a month where 36 patients were seen. A new session named 'Quickbytes' - short focused white board microteaching sessions on topics decided and presented by Junior Residents and moderated by SR/Faculty was introduced. The DM course in Pediatric Critical Care was approved by the Standing Academic Committee and will start from July 2025. Basic and advanced life support courses continued to be organized regularly. The unit organized the 'PICU day' on 26 March 2025 to commemorate 1000+ admissions in the PICU with a guest lecture by Dr GV Ramana Rao, Director of the GVK Emergency Medicine Research Institute (EMRI), Hyderabad.

DEPARTMENT OF PHARMACOLOGY

1.HIGHLIGHTS

The Department of Pharmacology continues to align its objectives with those of the institute, maintaining a strong focus on academic excellence and quality patient care. DM (Clinical Pharmacology) program, offering two seats per year has been initiated and PhD program in Pharmacology has secured the SAC approval. Another milestone was the awarding of the department's first MD (Pharmacology) degree. The department also expanded its patient care services during the year. In addition to existing Adverse Drug Reaction (ADR) and Medical Device Adverse Event reporting under the national Pharmacovigilance and Materiovigilance programs, two new services—antimicrobial surveillance and drug information—were added. Furthermore, a Pregnancy Registry was initiated for women with pregnancy-induced medical conditions. On the research front, in the department, the faculty currently oversee seven extramural funded projectstotalling approximately ₹2.4 crores, supported by ICMR, DHR, and SERB.

4.2 Examination & Assessment: Conducted as per schedule

4.3. Conferences/CME/Workshops/Guest Lectures:

i. **Attended: 16**

ii. **Organized: 5**

- Dr Radhika Soanker organized "Feasibility Assessment Visit" for Development of Animal Experiment Laboratory in Dept of Pharmacology, Academic Block (under construction) on 08 May 2024.

- Dr Radhika Soanker organized "Guest lecture by Prof. (Dr.) N.R. Biswas", Vice Chancellor, Sri Balaji Vidyapeeth, Puducherry and Former Professor, Dept of Pharmacology, AIIMS, New Delhi on the topic "Pharmacoeconomic research: Methodologies and Applications" on 02 November 2024 in the department.
- Dr Radhika Soanker organized "Hands-on-Training in Rational Prescribing Skills for Interns (MBBS 2019 batch)" on 24 December 2024 at AIIMS, Bibinagar
- Dr Radhika Soankerorganized "DM assessment Inspection" and got approval for 2 seats/year on 11 March 2025.
- DrDebasisBisoi, Coordinator of ADR Monitoring Centre organized "National Pharmacovigilance Week 2024" from 16-22 September 2024 at AIIMS Bibinagar.

iii. Invited Lectures / talks delivered

- Dr Radhika Soanker (6), 7. Dr Madhavi Eerike (3), Dr DebasisBisoi (1), Dr. Gerard Marshall Raj (2), Dr. Rekha Priyadarshini (2)

iv. Reseach Paper presentations: 09

4.3. Award and Achievements

Name of the Faculty	Details of Award / Achievements
Dr Radhika Soanker	1. As Head of Department, initiated **DM (Clinical Pharmacology) course** with notification of 2 seats in INICET SS -2025 2. As Head of department, proposed and got SAC approval for initiation of **PhD program** in Pharmacology 3. **First MD(Pharmacology) degree** awarded from AIIMS, Bibinagar 4. Appointed as **"External Subject Expert for the Selection Committee for Assessment Promotion Interviews for Faculty"** in specialty of Clinical Pharmacology & Therapeutics at NIMS, Hyderabad on 7 November 2024 5. Invited as **"Guest of Honor"** for the inaugural session of Artificial Intelligence in HealthcareApplications of One-week offline short-term training organized by Malaviya Mission TeacherTraining Program (MMTTC, UGC) at National Institute of Technology (NIT), Warangal on18/11/2024 6. Invited as **"Guest of Honor"**for the inaugural function on occasion of the '6 Research Dayand International Conferences' on 13 Dec 2024 at Chaitanya Bharathi Institute of Technology,Hyderabad 7. "**Upgraded the teaching methods for Prescription writing exercises"** in Practical for MBBS2022 batch from lower level of blooms taxonomy for cognition of remembering &understanding to higher level of synthesis. In simple words, shifted training from "What toPrescribe?" to "How to Prescribe?" 8. "**External Examiner**" for II MBBS Professional Practical Exams (Suppl.) in Pharmacology at AIIMS, Mangalagiri on 29June 2024 9. **"External Examiner"** for II MBBS Professional Practical Exams (Suppl.) in Pharmacology at AIIMS, Bhubaneswar on 04November 2024 10. "**Member"**of Institutional Review Board, Fernandez foundation, a Not-For-Profit Organization atHyderabad
Dr Madhavi Eerike	Received **"Intramural Project completion certificate"** on first Institute foundation day-on 8th April 2024
Dr DebasisBisoi	**"Member"** of Subject Expert Committee (SEC) of CDSCO, Ministry of Health & Family Welfare and attended the online meeting on 19.12.2024 and 29.01.2025.
Dr Gerard Marshall	Selected for**'Young Pharmacologists Speak (YPS)'**session at "3rd National Conference of National Association of Pharmacology & Therapeutics (NPT) –

Raj	NAPTICON 2024" organized by the Department of Pharmacology & Therapeutics, AllMS on 22- 23 November 2024.
Dr Rekha Priyadarshini	1. Won **"Second Prize"** in the Poster Presentation (Dr. J.C. Shobha award) for "Left-Over Medications: A Community-Based Study Among Households in Central Districts of Telangana" in the "3rd National Conference of Association of Clinical Pharmacologists (ACPCon 2024)" jointly organized by Advanced Centre for Treatment, Research and Education in Cancer (ACTREC), Navi Mumbai and KEM, Mumbai on 27- 28 September 2024. 2. Won the "**Consolation prize" for Best Paper Award**in the Oral Paper Presentation at**"**22nd Annual Conference of the Society of Pharmacovigilance (**SoPICON 2025)"** organized by the Department of Pharmacology, AIIMS Bhopal on 5 - 7 February 2025 3. **"Mentor**" for the 2nd year M.B.B.S. students (2022 Batch) of AIIMS Bibinagar in the **National Pharmacology Quiz Competition-2024 [Cognition – 2024]** organized by the Dept. of Pharmacology of AIIMS Mangalagiri on 8-9 November 2024.
Dr Mali Kalpana Ramanna (Non-Acad SR)	Won "**First Prizein SR category"** in poster presentation of "Efficacy of histaglobulin with antihistamines in patients with chronic spontaneous urticaria – A Randomized Controlled Study" at "1st Institute Foundation Day" organized by "AIIMS,Bibinagar" on 8 April 2024.
Dr Nikhila K (Acad JR1)	Won **"Dr Gordon Guyatt Team Award"** for Best Team Performance at 16th Annual International One Week Course on Health Research Methodology and Evidence Based Medicine organized by St Johns Medial College & Research Institute, Bangalore from 17-21 Feb 2025

5.FACILITIES AVAILABLE IN THE DEPARTMENT

- **Teaching:** Demo Room with 100 seating capacity
- **Practical Lab:** Computer Assisted Learning, Mannequins, Injection Trainers
- **Equipment:** Kymographs (4), Isolated Organ baths (4) , Elevated Plus Maze (1), Critical Flicker Fusion Apparatus (1), Biopac MP160 – Polygraph (1), Elisa Reader and Washer (1), Electrolyte Analyser (1), Treadmill (1), Bicycle Ergometer (1), Digital Reaction Time Apparatus (1), Multiple Choice Apparatus (1), Digital Spirometer (1), Tissue Homogeniser (1), Digital Weighing Balance (1), Incubator (1), Portable Autoclave (1), HPLC Water purification System (1), -20 degree Celsiusrefrigerator(1), Multiparameter Monitor (1), Multichannel Micropipettes (4), Manual Micropipettes
- **Museum:** Herbarium charts, Scientist Portraits, Dosage Formulations
- **Special Patient Services:** ADR Monitoring Centre (AMC), Medical Device Adverse Event Monitoring Centre (MDMC), Antimicrobial Surveillance Services, Drug Information Services and Pregnancy Registry.

6.RESEARCH

6.1 Total Publications: 14, PubMed indexed journals: 09, Original articles: 6

DEPARTMENT OF PHYSICAL MEDICINEAND REHABILITATION

1 HIGHLIGHTS

The Department of Physical Medicine and Rehabilitation (PMR) was established on 29th November 2022 and has since been providing comprehensive rehabilitation services to both outpatient and inpatient populations. Advanced procedures such as intra-articular injections, Platelet-Rich Plasma (PRP) therapy, and prolotherapy injections have also been initiated. A broad range of rehabilitation services is offered, including neurorehabilitation for patients with stroke (CVA), spinal cord injury, and traumatic brain injury; pediatric rehabilitation for conditions such as cerebral palsy, autism spectrum disorder (ASD), specific learning disabilities (SLD), and myelomeningocele (MMC); amputee rehabilitation; management of acute and chronic pain; rehabilitation for orthopedic injuries and sports-related injuries; and pulmonary rehabilitation. Through its clinical, academic, and telemedicine initiatives, the PMR department remains committed to advancing patient care and medical education.

4.2 Conferences/CME/Workshops/Guest Lectures:

i. Attended: 05

ii. Invited Lectures / talks delivered

- Dr Sandip Dhole (4)

5 FACILITIES AVAILABLE

- The department of PMR is providing various electrotherapy treatments with help of modalities like SWD, UST, IFT and TENS.
- Pain intervention procedures like intraarticular injections, Prolotherapy.
- USG guided pain interventions Procedures.
- Spasticity management procedures like botulinum toxin injections.
- We are also providing daily online consultation through eSanjeevani.

e-sanjeevani Consultations	PMR (3865)
	Physiotherapy (24731)

DEPARTMENT OF PSYCHIATRY

1 Highlights of the Department

The Department of Psychiatry at AIIMS Bibinagar commenced on 13 March 2021. We provide outpatient services on all days including e-sanjeevani and telemedicine services. We have commenced "child wellness clinic" every Thursday, for providing diagnostic and counselling services to paediatric population from April 2025. We also have in-patient treatment facilities for treating patients with acute psychiatric emergencies, acute and chronic management of major psychiatric illness. Various neuromodulation modalities- ECT. Psychology services- diagnostic assessments, counselling sessions are available in the department for enhancing the patient care. The suicide prevention helpline services are fully functional. OPD services at Bommalaramaram RHTC and public health awareness programs are being performed as part of community services. Our postgraduate students have won third place in Quiz competition conducted at ISPTSB-PG CME. Our aim has been to expand our understanding of mental health and improve patient care.

DEPARTMENT OF PULMONARY MEDICINE

1. HIGHLIGHTS

The Department was established on **9th December 2022**, with the primary goal of delivering comprehensive, evidence-based respiratory care, **state-of-the-art diagnosis and treatment** for various pulmonary conditions across all sections of society. **Spirometry** is routinely performed for the evaluation and follow-up of patients with chronic respiratory diseases. The department is actively performing **bronchoscopic procedures**, including **bronchial washings and transbronchial lung biopsies**, to aid in the diagnosis of complex pulmonary conditions. Moreover, we have incorporated **ultrasound-guided procedures** such as **lung biopsies and pleural fluid aspirations (tappings)**, which enhance the safety and accuracy of diagnostic interventions. In line with advancements in respiratory medicine, the department has recently launched **Polysomnography services** for the evaluation of **sleep-disordered breathing**, such as obstructive sleep apnea. Additionally, a **Cardiopulmonary Exercise Testing (CPET) laboratory** has been established, enabling detailed physiological assessments for patients with unexplained dyspnea and aiding in preoperative evaluations. With a multidisciplinary approach and a commitment to continuous improvement, we aim to become a center of excellence in respiratory medicine, serving as a critical pillar in the institution's healthcare framework.

DEPARTMENT OF PHYSIOLOGY

1. HIGHLIGHTS

The Department of Physiology presently has dynamic 10 faculty members, 3 Senior residents and 6 junior residents. The department is actively involved in teaching, patient care and research. Teaching for MBBS students is through didactic lectures and small group teaching methods like problem based and case-based discussions. The haematology and clinical labs are very well set up for practical exposure. The junior residents are trained in the department and also posted in ENT, Cardiology and Biochemistry departments. Journal club, seminars, case presentations and theory examinations are been conducted. Faculty and senior residents have applied for many funded non funded intramural and extramural projects. 5 Funded intramural projects have been completed and 2 intramural projects are ongoing. Faculty members have submitted projects to ICMR, DBT, DST-SERB, WINCAR and other external funding agencies. As Principal investigator, our department has received funding from 3 ICMR extramural approved projects. Faculty of the department has also completed the extramural funded project by WINCAR under PSS 2024.Department received DR ASIM DAS award at 70th Annual National Conference of APPI from 12th to 14th December 2024 for appreciation in Clinical physiology 2024. With regards to the patient care,nearly 1750 pulmonary function tests are done in the patients referred by the Dept. Of Medicine and Pulmonology, 139 EEG (Research purpose), 248 patients for Digital Thermaesthesiometer tests have been performed. Heart rate variability 622 patients, 206 patients for cardiovascular risk profiler, (Research purpose), and polysomnography study (Research purpose), in 60patients are performed. The department has organized 02 events**,** "ART ATTACK", on 5th Foundation Day –on 29/01/25 and Organized E-poster competition for the First MBBS students.

4. ACADEMICS

4.1 Teaching

- Conducted the 5th Foundation Day – Department of Physiology, AIIMS Bibinagar on 29/01/25. A key highlight was the National E-Poster & Role Play Competition – "ART ATTACK", which received over 100 e-poster submissions from medical students nationwide, offering a platform for innovative exploration of physiological concepts.
- Organized E-poster competition for the First MBBS students.
- Organized, two seminars for the First MBBS students on topics, Blood pressure regulation and Cardiac output.
- Innovative teaching methods included collaborative learning, group discussions, role play, VARK framework and GRASP (gamification, reasoning, application and situated learning approaches in Physiology) were incorporated for teaching.

Courses	Theory (Hours)	Practical (Hours)	Other Teaching Learning Methods (Hours)
MBBS	279	160	Tutorials – 18 hrs , Seminars-4 hrs
PG	279Seminars-56 Journal club- 20	Attended -160 Performed – 6	Small group discussions(problem based learning, case based learning15 days posting in ENT, Biochemistry, Medicine, Radiology, Neurology, Gastroenterology, Endocrinology, Urology and Cardiology)

4.2 Examination &Assessment: Conducted As per the schedule

4.3 Conferences/CME/Workshops/Guest Lectures:

4.4 Award and Achievements

Name of the Faculty	Details of Award / Achievements
Dr Nitin Ashok John	1. Received the Fellow title of Royal Society of Biology, UK 2024-2025. 2. Received research funding worth 3cr as Principal Investigator for Investigator initiate project on Impulse Oscillometry Validation by Indian Council of Medical Research, New Delhi 3. Received Prajwalika Research Award at 17 th Annual Conference of Women in Cardiac Care 2025, 29th and 0 th March 2025 4. Received Commendation Award for Best Clinical Services Provided by Department of Physiology, AIIMS Bibinagar at 70 th Annual Conference of Association of Physiology of India, Dec 2024
Dr Prafull K	1. Patent Granted by Patent Office, Govt. of India, Non-invasive blood parameter detector (No. 393426-001) 2. ICMR-STS project completed and graded as Very Good by ICMR (Ref.ID: 2023-01024) 3. Fellowship in International Medical Sciences Academy (FIMSA) 4. In continuum with Membership of National Academy of Medical Sciences (NAMS), Royal Society of Biology(UK) and The Physiology Society(UK) 5. Book: Practical Physiology for MBBS Students, 2nd edition, CBS Publishers, New Delhi (In press)
Dr Vandana Daulatabad	1. Patent Granted by Patent Office, Govt. of India, i. Title- Non-invasive blood parameter detector (No. 393426-001) 2. Pursuing GSMC FAIMER Fellowship- 2024-2026 Batch, Mumbai. 3. Certificate course in Integrative Medicine (CCIM)- NIMHANS, Bengaluru,mS-VYASA University and NIMHANS Digital Academy (NIMHANS/IMCD/CCIM24-59) 4. Awarded with 3rd prize for paper presentation- Impact of “Gherandsamhita” on cardiorespiratory efficiency “CME on Hypertension: A comprehensive approach” at AIIMS Raebareli, UP on 11th May 2024. (Faculty category) 5. Appraisal of invigorating impact of Hatha-Yoga detoxification on body composition and cardiorespiratory fitness and its co relation amongst working women with sedentary lifestyle (AIIMS/BBN/RES-SEC/EM-F/2025/754) (Extramural funded- PSS WINCAR- 20,000/-) (PI) 6. Neurophysiological and Molecular Signatures among long-term meditators of various Indian meditative paths and its correlation with YANTRA scales (PI) (AIIMS/BBN/IEC/feb/2025/614-R) (Intramural funded- 4,99,277/-) 7. ICMR-STS project selected (Guide) - STS-2025 01948 8. ICMR-STS project selected (Guide) - STS-2024 05778 9. Membership of National Academy of Medical Sciences (NAMS) 10. Book: Practical Physiology for MBBS Students, 2nd edition, CBS Publishers, (In press)

Dr Anish Singhal	1. Guided PG student awarded 3rd Prize in poster category: Dr. Afna Ansari. *Case of Panic Disorder with unique Autonomic Impairment.* at WICC Poster Competition
Dr. Vidya.G	1. Received 1st prize for e-poster presentation as student guide for poster titled "Evaluation of salt perception threshold as an additional screening tool across a spectrum of blood pressures" on 2nd foundation day of AIIMS, Bibinagar on 9th April 2025. 2. Received appreciation from Mr. Bill Gates as team member for innovation and carrying out drone services by AIIMS, Bibinagar for transport of sputum samples in tribal and hilly areas of YadadriBhuvanagiri district and representing it at India innovation summit-2, Bharat Mandapam, New Delhi on 18-03-2025. 3. Received certificate of excellence from ICMR as part of best research team for "ICMR i-drone" at DHR-ICMR Research excellence summit 2024 on Nov 14th 2025. 4. Received prize of Rs 20,000 for completion of PSS 2024 project by WINCARS in March 2025.
Dr Archana Gaur	1. Qualified the BRPT approved RPSGT exam in November 2024. 2. Completed the AHA certified BLS PROVIDER course
Dr. Madhusudhan.U	1. Appi Award Of Appreciation In Clinical Physiology At Appicon 2024 12th-14th December 2. Firstprize forguidingstudents forRoleplayinARTATTCK2025 3. JUNE 2025 4. Pursuing**Certificate CourseInSleepMedicine**(CCSM)accreditedby American college ofphysiciansat Hind university

DEPARTMENT OF RADIO-DIAGNOSIS

1. HIGHLIGHTS

The academic year 2024–2025 has been a landmark period for the Department of Radiodiagnosis, marked by significant advancements in technology, academics, and service delivery. In addition to the existing diagnostic services of High-resolution USG, dual detector digital radiography, Fluoroscopy and 3 Tesla MRI, the department's diagnostic capabilities were significantly upgraded with the installation of a 160-slice CT scanner on 08/03/2025 and a DEXA machine enabling faster, more precise imaging and enhanced bone health assessment services. 10 undergraduate students of 2nd batch, joined the BMRIT paramedical course and the department is now training 14 BMRIT UG students. We also participate in inter-departmental meetings and Tumor board meetings for comprehensive cancer care discussions. The Department of Radiodiagnosis remains committed to delivering high-quality, patient-centric imaging services while fostering a rich academic environment. With sustained growth across all domains, we continue to evolve as a vital nodal centre for imaging services and academic hub in the region.

DEPARTMENT OF TRANSFUSION MEDICINE & BLOOD BANK

1. HIGHLIGHTS

Transfusion Medicine department has been dynamic in providing health care service using a multidisciplinary approach. By its community outreach, we enhance voluntary blood donation, and extends through collection, testing, processing, and transfusion of blood. The department is also actively involved in apheresis-based collections such as single donor platelets (SDP), plasma, granulocyte concentrates, and therapeutic apheresis procedures like plasma exchange, cytapheresis, and therapeutic phlebotomy. Transfusion Medicine further plays a critical role in HLA typing, stem cell therapy, and the support of patients with complex transfusion needs.

A blood storage centre was established on 6th December 2022 to serve the transfusion needs of patients admitted to the institute. We operate in collaboration with the Indian Red Cross Society Blood Centre, Hyderabad, our mother blood centre, under a formal MoU. Our immunohematology workups are carried out using both conventional tube technique and column agglutination technique, in compliance with GMP standards and all regulatory quality control norms. We shall be starting our MD in Immuno-Hematology & Blood Transfusion program in July 2025 session. Looking ahead, we aim to develop a state-of-the-art blood centre offering advanced blood components, including leukoreduced, irradiated, and other modified products, as well as point-of-care coagulation testing like viscoelastic hemostatic assays.

DEPARTMENT OF UROLOGY

1 HIGHLIGHTS

The **Urology Department** at AIIMS Bibinagar was established and developed under focused leadership, growing from an initial outpatient department (OPD) load of just 300 patients per month to a sustained average of **900 consultations monthly**, totaling **10,152 patient visits** by March 31, 2025. Additionally, the department expanded its diagnostic scope by introducing **infertility and oncology evaluation services** within the OPD framework, further addressing previously unmet patient needs. In the inpatient realm, the department has managed approximately **160 cases** and **70 formal admissions** by March 2025. Operating under constrained OT hours and with a single faculty, the department performed **approximately 75 major urological surgeries**, including cystolithotripsy, ureterorenoscopic lithotripsy (URSL), retrograde intrarenal surgery (RIRS), emergency RGP + DJ stenting for acute pyelonephritis, DJ stent exchanges for ureteric strictures, high inguinal orchidectomy for testicular carcinoma, and vasectomy. These achievements signal the department's rapid advancement toward fully comprehensive surgical capabilities. Parallelly, minor OPD-based procedures in the procedure room surged from **25 to 255** interventions. It also participated in a **Swachhata Pakhwada fire safety campaign**, reinforcing a culture of safety and accountability. Academically, the department has been delivering lectures to B.Sc. Nursing students on urology care, convened regular uropathology, uroradiology, and tumour board meetings. We have evolved swiftly into a robust unit demonstrating clinical growth—from outpatient expansion and procedural volume to surgical depth—telemedicine integration, strategic infrastructure investments, institutional engagement, and academic enrichment.

• Opd services	10152/yr and 900/monthly

COLLEGE OF NURSING

1.Highlights

The College of Nursing aims to serve as a beacon of excellence in nursing education, professional development, and research. The M.Sc Nursing course commenced at College of Nursingon August, 2024 with an annual intake of 8 seats in various specialties including Medical Surgical Nursing, Paediatric Nursing, Psychiatric Nursing and Community Health Nursing. The college conducts a range of workshops, seminars and exhibitions on various nursing topics, including patient care techniques, evidence based practices, and healthcare technology.

Procurements Division – MS Office

AIIMS Bibinagar Hyderabad caters to a variety of patients through its numerous specialty and super specialty departments. To streamline and enhance the services provided, the hospital's procurement division has made concerted efforts to ensure the timely availability of both consumable and non-consumable items. These efforts are crucial for the optimal functioning of various critical sections of the hospital, including; OPD ,IPD,Lab,ICU,PICU,OT, Clinical Department and ER Purchase demands are consolidated from various departments and sent to the hospital stores for assessment. Available items are issued against indents, and unavailable items are procured as per the General Financial Rules (GFR) 2017 and the Procurement Manual. The institute has established processes for rate contracts of oxygen refilling to ensure cost efficiency and reliability. To cater to the growing needs and ensure an uninterrupted supply, especially for critical areas such as the IPD and other clinical services, AIIMS Bibinagar Hyderabad ensures the timely availability of essential items, thereby supporting the hospital's commitment to providing high-quality patient care across all departments. The procurement division has a functional GeM (Government e-Marketplace) division.Optimally utilizing the website for items requiring wider publicity.

Faculty and staff are continuously being trained to effectively manage and utilize available resources. Inventory management is strengthened by a stringent procurement and tendering policy. All requirements are initially evaluated by the user department's procurement committee. Subsequently, the specifications and bid compliance documents are further verified and evaluated by the Bid Evaluation Committee, which consists of senior faculty members from different departments, to ensure completeness and generic nature. With all relevant documentation, the tender document is then forwarded to the Finance Section and Competent Authority for approval.

Similarly, meticulous inspection of received items, updating the ledgers, and matching indented items with consumption reports duly submitted by the user department helps maintain optimal fairness in the system, ensure the availability of items, and avoid leaks and wastage in inventory management.

Summary of Expenditure of Procurements done by MS Office under various category are as follows:-

S. No.	Items category	Total Expenditure in Rs.
1	Consumables	3,90,18,346.31
2	Drugs	3,25,18,624.15
3	Equipments	4,01,09,441.00
4	Furniture & Instruments	30,52,442.81
5	PAC Consumable	29,70,964.03
6	Rate Contract	3,05,70,742.89
7	MOU / Amrit Pharmacy	27,21,107.00
Total		**15,09,61,668.19**

SAC / Sewa Pakhwada

Infection Control and Prevention Workshop Summary

The *Infection Control and Prevention Workshop*, held on 12th, 13th, and 16th December 2024 at AIIMS Bibinagar, was organized under the Swachhata Abhiyaan Committee with the objective of strengthening infection prevention practices among nursing officers. Attended by 49 nursing personnel from various departments, the three-day program focused on WHO-compliant hand hygiene, PPE protocols, biomedical waste management, and standard precautions in high-risk areas such as ICUs, OTs, and isolation wards. Each day was structured around core themes—starting from basic infection control principles to strategies for preventing healthcare-associated infections (HAIs), including CAUTI, CLABSI, and VAP, followed by specialized practices in critical care units. The sessions included practical demonstrations and discussions led by a multidisciplinary faculty team from Medicine, Microbiology, Surgery, and other departments. As a result, the workshop significantly enhanced the participants' technical competence, improved institutional compliance with infection control protocols, and reinforced the critical role of nursing officers in hospital hygiene and patient safety.

Diagnostic Stewardship Workshop

The *Diagnostic Stewardship Workshop* was conducted on 17th and 18th December 2024 under the Swachhata Abhiyaan Committee, targeting Nursing Officers from various clinical departments at AIIMS Bibinagar. With over 90 participants, the workshop focused on enhancing diagnostic quality by training nurses in the complete diagnostic workflow—including pre-analytical, analytical, and post-analytical phases. Participants learned the importance of accurate test selection, proper sample collection and labeling, standardized transportation, and effective communication with laboratories and physicians. Special emphasis was placed on interpreting lab reports and understanding critical values, thereby bridging the gap between diagnostics and clinical decisions. The sessions were highly interactive, featuring hands-on demonstrations, case-based learning, and Q&A discussions. Faculty from Medicine and Microbiology guided the sessions, ensuring a strong interdisciplinary approach. As a result, the workshop significantly contributed to timely and accurate diagnostics, reduction in repeat testing and errors, and overall improvement in patient care outcomes, while empowering nurses as integral partners in clinical decision-making.

Basic Life Support (BLS) and Advanced Cardiovascular Life Support (ACLS) Training

Workshops were conducted in three separate batches, each spanning two days, for a total of 64 interns and 30 nursing officers and faculty at AIIMS Bibinagar under the Swachhata Abhiyaan Committee. Based on the American Heart Association (AHA) guidelines, the workshops focused on critical life-saving skills such as high-quality CPR, use of AED and Bag-Valve-Mask, airway management, shock rhythm recognition, and medication protocols for cardiac emergencies. The training was entirely practical, involving skill stations and scenario-based simulations, with strict assessments ensuring an 80% competency threshold. Participants who did not meet the standard were offered remediation sessions to ensure full readiness. Led by faculty from Medicine and experienced nursing officers, the program significantly improved emergency response capacity, enhanced confidence in handling code blue situations, and ensured standardized resuscitation protocols across departments—marking a major step in institutional preparedness and patient survival outcomes.

The Antimicrobial Stewardship Programme (AMSP)

Workshop was held from 19th to 22nd December 2024 at AIIMS Bibinagar, under the Swachhata Abhiyaan Committee, with participation from 35 Junior and Senior Residents across clinical and paraclinical departments. The four-day workshop focused on rational antibiotic use, HAI prevention, and strategies to combat antimicrobial resistance (AMR). Each day addressed a core theme—from infection prevention and diagnostic stewardship to targeted antimicrobial therapy and resistance management. Participants were trained in interpreting culture reports, applying antibiograms, understanding restricted antibiotic policies, and engaging in audit-feedback mechanisms. The sessions featured real-time prescription audits, breakout discussions, and group activities, fostering interdepartmental learning. With expert guidance from faculty in medicine, microbiology, surgery, and pharmacy, the workshop equipped residents with essential stewardship competencies. As a result, it strengthened institutional efforts toward patient safety, reduced unnecessary antibiotic exposure, and enhanced readiness for NABH and regulatory standards.

14.	**Ward Attendant**	P Mallesh, N Jagan	MRD/OPD Registration and Billing

Medical Record Division Activities:

- **Digital Health Initiatives @ AIIMS Bibinagar**
- **Health Management Information System (HMIS):-**
  - AIIMS Bibinagar, after a thorough consultation and groundwork, submitted the work order to C-DAC, Noida for installation of HMIS services on 26th March 2022.
  - Following the conduct of physical interaction (training) session among the AIIMS-HMIS coordinators (faculty and residents) by Mr. Rajkumar Sharma (Senior Engineer from CDAC), the HMIS application went live at AIIMS Bibinagar from 6th July 2022 onwards.
  - The HMIS model (e-Sushrut – Model 1) is functional with the following modules, Patient Registration, OP Billing, Lab Information System, Queue - Management in OPD OP Doctor's Desk
  - The MRD staffs, Doctors (faculty and residents), Nursing Officers, and Lab Technicians have been provided with User ID & Password for smooth functioning of the HMIS e-Sushrut application.
    - Currently, the HMIS model (e-Sushrut – Model 2) is functional from 06.10.2024 to 05.10.2027 at AIIMS Bibinagar for a period of 3 Years.
- **Ayushman Bharat Digital Mission @ AIIMS Bibinagar:-**
  - Since its inception, ABHA Registration to all the patients coming to Out Patient Department has been done.
  - We have started QR Code-based registration (ABHA exclusively for AIIMS Bibinagar) at our Institute from 24th November 2022.
  - As on date **(30/05/2025),** 1,23,966 Ayushman Bharat Health Account (ABHA) Registrations/ IDs have been created.
  - Since 14th December 2022, we had started QR-Code based Online Payment for OPD Consultations and Lab Investigations (exclusively for AIIMS Bibinagar)
  - We have also started Self Registration Digital Kiosk machine on **18.05.2023** for New Registration and Revisit OPD Consultation for patients with dedicated support staff**.**
  - As on date **(30/05/2025**), nearly 2,79,240 "Scan and Share" have been executed.

Dr. Vikas Bhatia, Executive Director, shared various digital facilities under ABDM inaugurated by Honorable Health Minister of India at AIIMS Bibinagar on 18th December with delegates from India and Abroad during the Trans-Himalayan Conference.

Discussion Session by Mr. Amarjeet Singh Cheema, Associate Director & HoD Health Informatics Group, C-DAC Noida utilising various modules of our Hospital HMIS system (e Sushrut) at AIIMS Bibinagar held on 18th May 2023

Union Minister Shri. Mansukh Mandaviya Ji inaugurates Ayushman Bharat Digital Mission at AIIMS Bibinagar on 18th December 2022

Team MRD and HMIS with Dr. Vikas Bhatia, Executive Director

Team of C-DAC Noida visiting our institute on 3rd July 2024 to 6th July 2024. We are having a hands-on workshop on utilization of HMIS software.

III. Digital records:

1. Summary File.
2. Hospital Store Stock (EquivalenttoLiveInventory).
3. Non-availability File.
4. Soft copy of Ledgers.
5. RV/CRV/CIVFile.
6. Equipment File.

(B) Channel of Operations

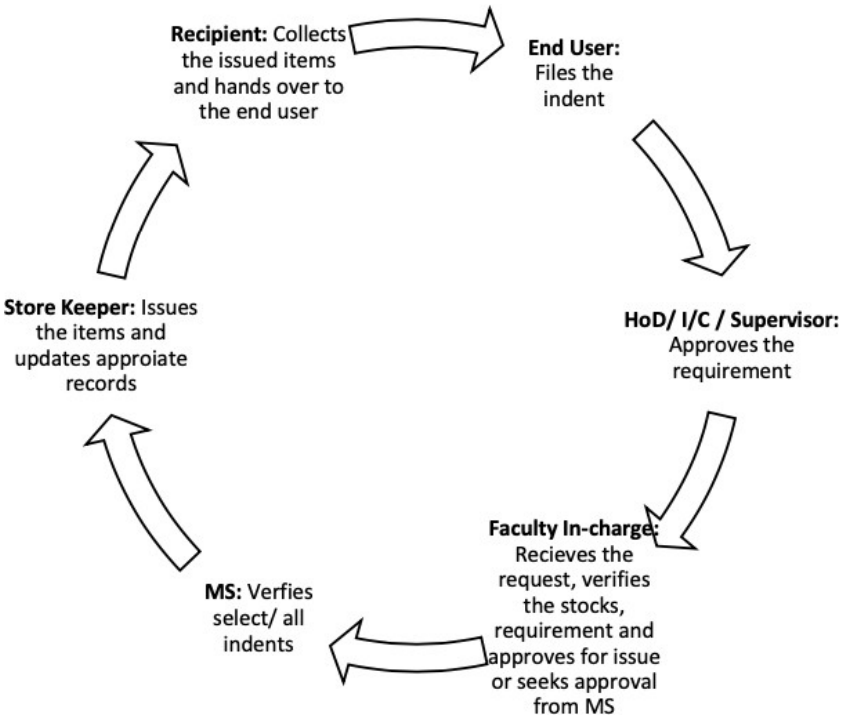

Fig. 1

(C) Replenishment Process

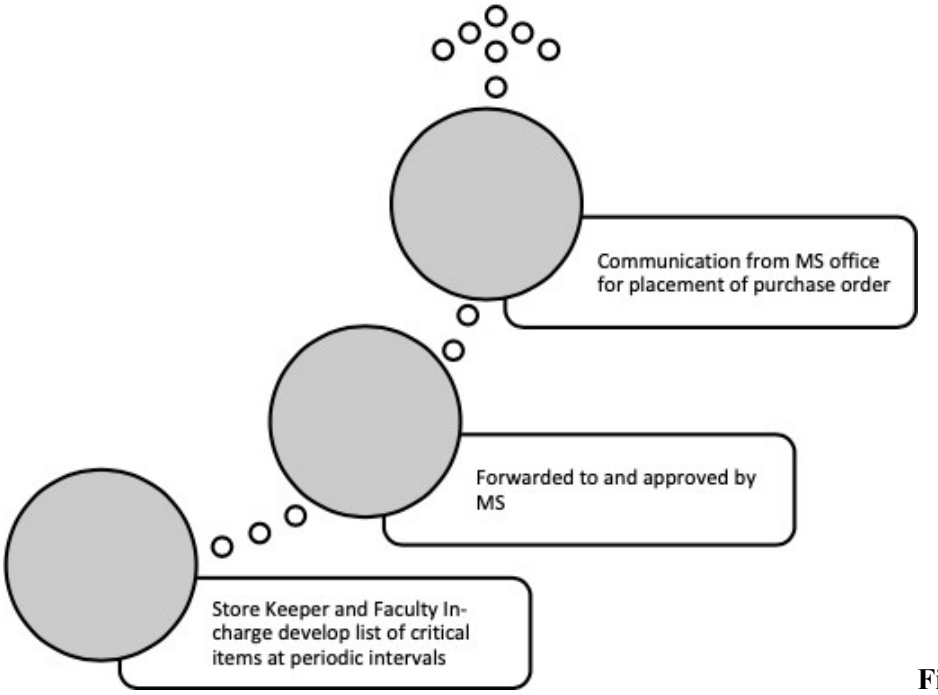

Fig. 2

(D) Milestones:

1. Streamlining of indent cycle from all departments.
2. Expansion of scope of Inventory from medical consumables (at inception) to: medical & surgical consumables, medical equipment, furniture.

3. Maintenance of digital records with 2 systems.
4. Establishment of critical items and re-order quantities.
5. Generation of monthly shortage data and initiation of order/ re-order process with the Office of the Medical Superintendent.

(E) Works in near future:

1. Digital Inventory Management (eStores).
2. Expansion of inventory space to meet and accommodate the increasing demand of consumables and equipment.
3. Further streamlining of inventory cycle in conjunction with all departments and Office of the Medical Superintendent.

Hospital Pharmacy AIIMS Bibinagar, Hyderabad

Hospital Pharmacy Functions

- **Hospital Pharmacy** is concerned with the storage and dispensing of drugs to all in-patient departments and, in some cases, on an out-patient basis (for procedures) for patient use.
- Once new drugs are purchased (through the MS Office), a **Certified Receipt Voucher (CRV)** is prepared to formally acknowledge receipt of the drugs.
- When drugs are received from different internal sources (other than direct procurement), those drugs are taken into custody with a **Received Voucher (RV)**.
- At the end of every month, a **Certified Issue Voucher (CIV)** is prepared to record the data of drugs issued to different departments during that month.
- The updated list of stocked drugs in the Hospital Pharmacy is circulated to all departments at the beginning of each month.
- **Drugs are stored** in open steel racks, wooden three-side closed racks, and modular storage racks in alphabetical order.
    - **Injections** and a few **loose tablets** are stored in modular storage racks and wooden three-side closed racks.
    - **Ointments, gels, and drops** are stored in open steel racks.
    - **Intravenous Fluids (IVFs)** are stored separately in individual carton boxes placed on blue pallets.
- Drugs that require **cold storage** are stored in a refrigerator to maintain the cold chain.
- **Essential Narcotic Drugs (ENDs)** are stored securely in a double-locker cabinet, and each END is labeled individually.
- **Expired drugs** are generally handed over to the **Biomedical Waste Management Committee** for appropriate disposal.
- **Data on drug consumption** (via CIVs) from all departments is collected every month.
- **Procurement lists** are generally compiled based on:
    - Current Hospital Pharmacy stock,
    - Utilization/consumption data from previous months,
    - And any new requisitions received from the user departments.

Members of Hospital Pharmacy: Charter of Duties

Name	Designation	Duties
Dr. Gerard Marshall Raj **DOJ: 06/11/2020**	Associate Professor Pharmacology, Faculty In-charge Pharmacy	➢ Supervising the functions of Hospital Pharmacy. ➢ Signing the CIV, CRV, RV, Circulars, Letters. ➢ Analyzing the procurement list and forwarding it to the MS Office for further procedures. ➢ Monitoring the ledgers and registers. ➢ Close monitoring of Narcotic drugs by filing the issued data. ➢ Suggesting and implementing of various ideologies for the better functioning of Hospital Pharmacy.
Ms.K.Anusha D.O.J: 15/11/2021 **Ms. D Shalini** D.O.J: 23/04/2022 **Ms. N Shalini** D.O.J: 01/01/2023	Pharmacist	➢ Preparing the CIV (certified issue voucher), monthly summary utilization ➢ Documentation of CRV, RV and CIV in separate file and entering the same data in Ledger and in the system ➢ Issuing of the drugs according to the requested indent from user departments ➢ Handling the Narcotics drugs ➢ Circulating the data on Pharmacy current stock every month ➢ Maintenance of stock sheet (Excel sheet) ➢ Arrangement of stock in alphabetically and label them.
Mr. Deepak Kumar D.O.J: 26/04/2024	Store Keeper	➢ Counts and receives new stock from M S office ➢ Check 18 months expiry/80% shelf life period in new stock ➢ Verification of all Ledgers ➢ Maintenance of Excel sheet for received stock ➢ Maintain Furniture register and other non consumables
Mr. Sumesh K S D.O.J: 18/03/2024	Nursing Officer	➢ To survey critical areas (AICU,PICU,NICU,ER,OT,LR) for the daily stock of essential/vital drugs ➢ Collection of High cost value drugs utilization report.
M r. Rajesh Kumar D.O.J: 20/12/2023	Nursing Officer	➢ Maintain the electronic record of expired and nearing expiry drugs and circulating the data nearing expiry drugs if any to the user departments ➢ To liaise with Vendors/suppliers for replacements of expired and nearing expiry drugs ➢ Handing over the expired drugs to Biomedical waste committee through proper channel ➢ Collect and enter the consumption data from all over the departments
Mr. Beni Prasad D.O.J: 01/01/2024	Nursing Officer	➢ Setting up of Pharmacy Quality Control Lab
Mrs. Deepa N (on Maternity Leave) D.O.J: 16/10/2023	Nursing Officer	➢ Collection of requested drug list from all departments ➢ Prepare the list of drugs to be procured, put up the file and follow up of the entire process of the procurement ➢ Handling the Narcotic drugs ➢ Mr. Sumesh and Mr. Rajesh shall be responsible till the rejoining of Mrs Deepa N.

Hospital Pharmacy Data Maintenance and Achievements

- Complete data of the drugs, in generic form, are stored in the computer system in alphabetical order along with batch numbers and expiry dates.
- Five ledgers are maintained separately for Tablets, Injectables, Narcotic Drugs, and other miscellaneous drugs.
- CRV, RV, and CIV data are stored in the computer system, and the hard copies are also maintained in individual files.
- Further, the e-Pharmacy – Inventory Store Module (**e-Sushrut**) is currently in the initial phase of implementation.

Achievements & Major Events

- Hospital Pharmacy celebrated **"Jan Aushadhi Week 2025"** from 3rd March to 7th March 2025 under the theme **"Say 'Yes' to Generic Medicines"**
- Awareness Campaigns, E-Poster and Rangoli Making Competitions, Sensitization Session and Quiz Program about generic medicines were organized for patients, nursing officers, residents, and students.
  https://aiimsbibinagar.edu.in/pdf/eventpdfs/AIIMS%20Bibinagar.pdf

	
“Rangoli Making Competition” was conducted among Nursing Officers, Resident Doctors, Nursing Students, andResearch staff of AIIMS Bibinagar. The rangolis were made at theOPD foyer area of AIIMS Bibinagar.	**“Awareness Campaigns”about‘Generic Medicines’was conducted among healthcare supporting staff of the Rural Health TrainingCentre (RHTC), Bommalaramaram.**
	
“Awareness Campaigns”about ‘Generic Medicines’ was also conducted among patients visitingthe AIIMS Bibinagar OPD.	**“Quiz Program” on ‘Generic Medicines’ wasconducted among Resident Doctors (SRs and JRs) and MBBSInterns of AIIMS Bibinagar.**
	
Celebrations at the “Jan Aushadhi Kendra” at AIIMS Bibinagar	**“Valedictory Session” of ‘JanAushadhi Week 2025 Celebrations’**

Inpatient Department (IPD)

1. Highlights

The Inpatient Department (IPD) commenced operations on 1st July 2021 with an initial capacity of 50 beds. Over time, services have expanded, and the department now functions with a total capacity of 156 beds, offering comprehensive inpatient care across medical, surgical, and allied specialties.During FY 2024–2025, the IPD witnessed continued growth in both service capacity and quality. Significant progress was made in streamlining clinical coordination and optimizing patient flow, ensuring more efficient and patient-centered care. IPD serves as a shared inpatient facility for 20 clinical departments, including General Medicine, Psychiatry, Dermatology, General Surgery, Orthopedics, Ophthalmology, ENT, Paediatrics, Obstetrics and Gynecology (OBG), Pulmonary Medicine, Radiation Oncology, Nephrology, Paediatric Surgery, Neurology, Burns and Plastic Surgery, Urology, Neonatology, Dental, Physical Medicine and Rehabilitation (PMR), and Hemato-Oncology. It functions as a multidisciplinary care unit, where admissions are coordinated based on clinical requirements and real-time bed availability.

Care is delivered through:

1. General wards for stable admissions
2. 11 bedded **High-dependency unit** and special care areas for patients with complex or critical needs like17 bedded **postoperative ward**.

2. Faculty

Dr. Abhishek Jagdishchander Arora
Medical Superintendent
Professor and Head, Radiodiagnosis

Dr. Vishakha Jain
Deputy Medical Superintendent,
Faculty In Charge, IPD
Head of IPD Services
Additional Professor and HoD General medicine

3. Other Staff

Senior nursing officers	Nursing officers	Ward attendant	Housekeeping staff	DEO

PATIENT CARE / HOSPITAL SERVICES:

From April 2024 to March 2025, a total of **8852 patients** were admitted to the IPD (wards) across various departments. The highest number of admissions was recorded in **General Medicine** (1658), followed by **Ophthalmology** (1237) and **OBG** (1215). **Paediatrics** also saw a significant volume with **1075 admissions** during the year. The lowest admissions were in **PMR (1)**, **Dental (3)**, and **Hemato Oncology (6)**, indicating low in-patient load in these specialties. The **third quarter (Oct-Dec)** had the highest admissions at **2461**, while the **first quarter (Apr-Jun)** had the lowest at **1879**. Details depicted in the below table.

Adult Intensive Care Unit (AICU)

Overview

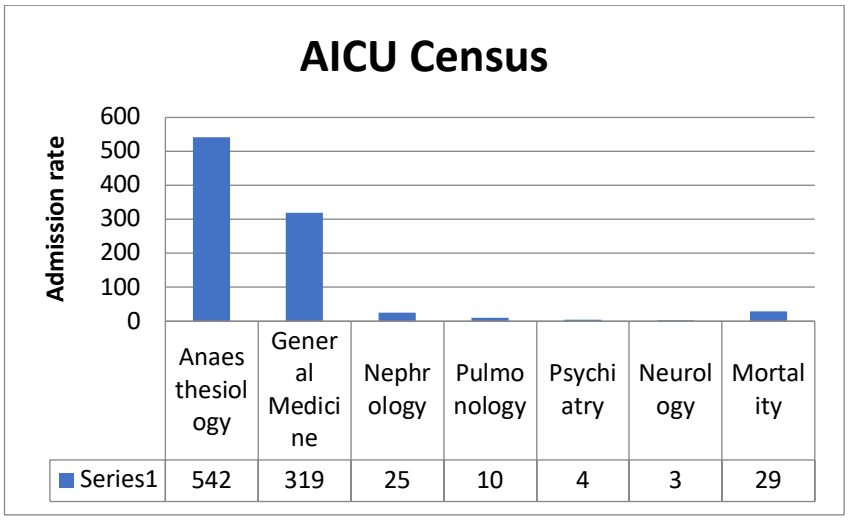

The Adult Intensive Care Unit (AICU) is a 10-bed state-of-the-art critical care facility that has been operational since October 16, 2021. Entering its fourth year of service, the AICU continues to provide high-quality, round-the-clock intensive care for critically ill patients. Our unit is driven by a commitment to patient safety, clinical excellence, and continuous skill enhancement through multidisciplinary teamwork.

Department wise Patient Census:

Total Admissions (FY 2024–2025)

This year marked the commencement of direct admissions under the Department of Anesthesiology, Neurology and Psychiatry. The number of transfer cases from various clinical departments also continued to increase, reflecting enhanced trust and integration within the hospital system.

AICU started Super speciality like Pediatric Surgery, Plastic surgery, CTVS (Cardio Thoracic Vascular Surgery) and Urology high risk cases also admitted in this year.

Infection Rate:

Hospital-acquired infection rate: 1.8%

Safety indicators-

Indicator	Value
Incidence of fall	0
Anaphylactic reaction	5
Medication errors	0
Absconded patients	0
Harmful events to patients	0
Harmful events to staff	0
Hand hygiene compliance rate	50%
Needle stick injuries	3

Trends and Analysis

With the integration of Anaesthesiology as an admitting department and increased referrals from multiple specialties, the AICU remains at the forefront of critical care delivery. The consistent patient load reflects the unit's growing importance in managing complex medical and surgical cases.

Key Highlights and Achievements (FY 2024–2025)

- **Clinical Excellence:** Successfully managed high-acuity cases including severe sepsis, multi-organ dysfunction, high surgical risk patients, and ventilator-dependent patients.
- **Technology Integration:** Installed upgraded ventilatory support systems and advanced patient monitoring devices. Neonatal and Paediatric ventilator services also started whenever required
- **Protocol Refinement:** Revised and implemented updated SOPs for sepsis, sedation, Antibiotics, ERAS (Enhanced Recovery After Surgery) protocol and infection control.
- **Optimized Bed Utilization:** Enhanced coordination with step-down units and specialty wards for better patient flow.
- **Human Resource Development:** Conducted regular hands-on training, emergency response drills, and skill-based workshops for all clinical staff.
- **Patient-Focused Initiatives:** Expanded palliative care services, family counseling, and psychological support systems.

Trainings and Certifications

- **Basic Life Support (BLS) and Advanced Cardiovascular Life Support (ACLS)** training sessions were conducted on 01-03-2025 and April-2025.
- The unit maintained a **high rate of ACLS certification**, ensuring readiness for emergency interventions and resuscitation.

Key Outcomes

- High patient discharge rates with improved outcomes
- Shorter recovery times and reduced complications
- Very low incidence of hospital-acquired infections
- Strong team performance and interdepartmental coordination
- Continuous up skilling and professional development of ICU staff

Acknowledgments

We sincerely thank all members of the AICU team for their dedication, expertise, and compassionate care. We also extend our gratitude to the hospital administration, supporting departments, and all allied services. Most importantly, we thank our patients and their families for their trust and cooperation throughout their care journey.

PEDIATRIC INTENSIVE CARE UNIT

1. **Highlights**

The total number of admissions in the Pediatric Intensive Care Unit (PICU) was 756. Most common indications for admission included respiratory illnesses, diarrhea/dehydration, seizures, tropical fevers, post-operative monitoring and transfusion. 183 patients received oxygen, 46 received high flow nasal canula (HFNC), 15 received continuous positive airway pressure (CPAP), and 10 patients received invasive mechanical ventilation. Number of deaths was 8. New equipment received includedpulse oximeter (6 nos.); equipment under process for procurement include video laryngoscope (2 nos.), USG cum echo machine, and HFNC. Basic and advanced life support courses continued to be organized regularly. A CME cum workshop, 'Pediatric Sepsis Update 2024' was organized on 27 October 2024 to highlight recent advances and provide hands-on training to students and practising Pediatricians. The program included an online talk by Dr LuregnSchlapbach, a Pediatric Intensivist of international repute who formulated the recent sepsis guidelines. The unit organized the 'PICU day' on 26 March 2025 to commemorate 1000+ admissions in the PICU with a guest lecture by Dr GV Ramana Rao, Director of the GVK Emergency Medicine Research Institute (EMRI), Hyderabad. Nursing officers and patients who had benefitted first from PICU services were felicitated during the event. PICU Nursing Officers actively take part in the Departmental academic sessions. The DM course in Pediatric Critical Care was approved by the Standing Academic Committee and will start from July 2025. The PICU is part of intramural and extramural projects of the Department.

Neonatal Intensive Care Unit (NICU)

The Department of Neonatology began functioning on **May 15, 2023**, initially by sharing beds with the Pediatric Intensive Care Unit (PICU). A dedicated **seven-bedded Neonatal Intensive Care Unit (NICU)** was established in **February 2024**, and later expanded to a **ten-bedded NICU** in **October 2024**. A **High-Risk Follow-Up Clinic** was also initiated in **February 2024**. Approval for the **DM Neonatology program** was granted for the **academic year beginning July 2025**.

The department provides **Level 1, 2, and 3 NICU care**, along with postnatal ward care, delivery room support, and runs both a **High-Risk Follow-Up Clinic** and a **Lactation Follow-Up Clinic**. Services include ventilator care, high-frequency ventilation, CPAP therapy, surfactant therapy, developmental supportive care, kangaroo mother care, phototherapy, family-centered care, and genetic counselling.

From **April 2024 to March 2025**, our inpatient census included **628 NICU admissions** and **123 IPD NICU admissions**, while the **OPD** recorded **2,032 visits**. The **neonatal mortality rate** for the year was **8 per 1,000 admissions**, significantly lower than that of any other government center in Telangana.

Type of services/ Facilities provided by the department	Number of patients covered
NICU	628
IPD NICU	123
High Risk follow up Clinic	2032

Workshops and events conducted in the Department

	
Workshop "CSSD- A peek into the Sterilization process and infection control" held on 27th April 2024 participated department faculty, SR, JR and Nursing officers	**Inauguration of Fourth Operation Theatre by Dr.(Prof) Vikas Bhatia on the 17 December 2024 in AIIMS Bibinagar**

	
Laparoscopic surgery was revolutionized many procedures by offering less invasive options, which leads to faster recovery times and smaller incisions.	**Two high end Anaesthesia workstations received in the Operation Theatre**

OXYGEN CELL

1. Highlights

Oxygen Cell, formed on 25/05/2021, ensures uninterrupted oxygen and medical gas supply. It manages Oxygen manifolds, 2 vacuum suction units (10 HP), 2 medical air compressors (10 & 15 HP), 335 D-type, 88 B-type, 9 A-type oxygen cylinders, 9 A-type & 4 D-type Nitrous Oxide cylinders, and 4 Carbon dioxide cylinders. It oversees procurement, refilling, and equipment maintenance related to medical gas pipeline systems (MGPS).

2. Members of the Committee

Name	Designation	Department
Dr Ayya Syama Sundar	Faculty In-charge, Oxygen cell	Additional Professor, Department of Anesthesiology
Dr CH Rama Krishna Prasad	Faculty, Oxygen cell	Assistant Professor, Department of Anesthesiology
Mr Saravanan C	Nursing officer (present posting)	Nursing Officer - Operation Theatre

3. ACHIEVEMENTS & MAJOR EVENTS OF THE COMMITTEE

1. To ensure uninterrupted oxygen supply and to strengthen MGPS, the process of establishing **secondary and reserve oxygen manifolds** was initiated. These systems were designed to serve as reliable backups in the event of primary manifold failure. Installation and commissioning were successfully completed.
2. To further enhance the hospital's Medical Gas Pipeline System (MGPS) infrastructure, an additional **15 HP medical air compressor** with an integrated **medical air dryer (60 CFM),** and a **10 HP vacuum compressor** were procured and installed. These units are essential for the uninterrupted MGPS supplies.
3. In January 2025, **50 B-type oxygen cylinders** were procured to support **intra-hospital and inter-hospital patient transport**. This initiative aimed to ensure continuous oxygen availability during patient movement, thereby improving patient safety and care continuity.
4. During this period April 2024 to March 2025, to meet the ongoing oxygen and anesthetic gas requirements of the institute, the following cylinders were refilled:

    - **D-Type Oxygen Cylinders:** 1,800 units
    - **B-Type Oxygen Cylinders:** 175 units
    - **A-Type Nitrous Oxide Cylinders:** 5 units

Secondary supply Manifold(10x10) and Reserve supply Manifold(5x5)

Additional Air Compressor (15 HP) with Air Dryer and Vacuum Compressor

Hospital CSSD

Overview:
In the fiscal year, we have witnessed remarkable growth and progress in our Central Sterile Services Department (CSSD) operations. Through strategic investments and an unwavering commitment to quality, we have expanded our sterilization capabilities and enhanced our service offerings.

Key Highlights:
Sterilization Achievements: This fiscal year, our CSSD team sterilized a total of 32,154 sets, marking a significant increase compared to the previous year's 17,461 sets. This accomplishment represents nearly double the sterilization output, reflecting our dedication to meeting the increasing demands of our hospital's surgical and clinical units.
Service Scope: Our CSSD services extend to multiple departments within the hospital, including the Operating Theatres, Intensive Care Unit (ICU), and Outpatient Department (OPD), ensuring the highest standards of sterilization and infection control across all patient care areas.

Equipment Inventory:
- Our current equipment inventory includes:
  - Three horizontal rectangular autoclave machine
  - One flash sterilizer
  - One washer disinfectant machine
  - Ultrasonic cleaner
  - One dryer
  - Sealing machine

Preventive Maintenance: We prioritize equipment reliability and safety by regularly conducting preventive maintenance for all our equipment. This proactive approach ensures optimal performance and minimizes downtime, allowing us to maintain uninterrupted service to our hospital's healthcare units.

Human Resources:
To support our expanding operations, we have welcomed additional staff members to our CSSD team. Their expertise and dedication have been invaluable in maintaining the high standards of sterilization and service excellence expected from our department.

AMBULANCE SERVICES

Overview:
In the fiscal year, our hospital ambulance service has continued to provide essential transportation support to our medical facilities and the community at large. With a fleet of two ambulances, we have expanded our reach to facilitate mobile medical unit services, patient referrals, diagnostic transportation, and student support.

Key Highlights:
Service Scope: We provide transportation for patient referrals between medical facilities, diagnostic purposes, and support for students during medical emergencies or routine appointments.

Operational Efficiency:
Preventive Maintenance: We prioritize the reliability and safety of our ambulances by conducting regular preventive maintenance services. This proactive approach helps ensure optimal performance and minimizes the risk of unexpected breakdowns, allowing us to maintain uninterrupted service to our patients and community.
Pollution Control Check-Up: In adherence to environmental regulations and our commitment to sustainability, we conduct regular pollution control check-ups to ensure our ambulances meet or exceed emissions standards, minimizing our environmental footprint.
Insurance Renewal: We maintain up-to-date insurance coverage for our ambulances, ensuring comprehensive protection for our vehicles, passengers, and the public.
Minor Repairs: Prompt attention to minor repairs helps us maintain the reliability and appearance of our ambulances, ensuring they are always ready to respond to emergency calls and transport patients safely and comfortably.

Efficient Service Delivery:
We are committed to providing efficient and timely ambulance services to meet the needs of our patients. Our dedicated team of ambulance drivers and medical personnel work tirelessly to ensure prompt response times, compassionate care, and safe transportation for all individuals in need.

HOSPITAL LAUNDRY SERVICES

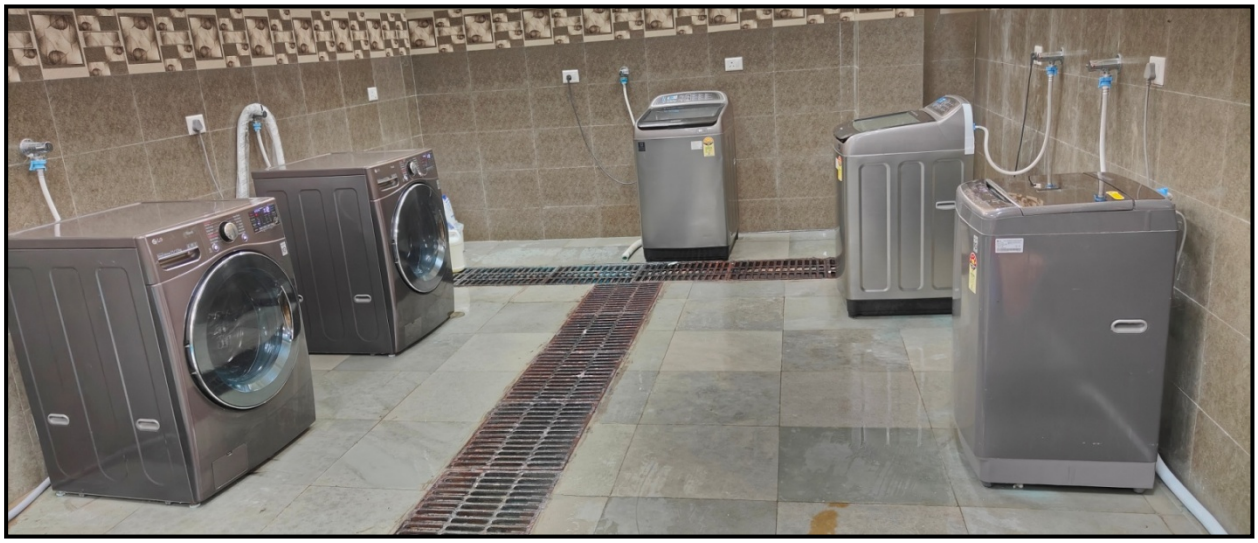

Overview:
In the fiscal year [01-4-2024 to 31-03-2025], our hospital's laundry services have experienced remarkable growth and improvement. With a commitment to efficiency and excellence, we have expanded our capacity, upgraded our equipment, and welcomed new members to our team.

Key Highlights:
Capacity: The Laundry Department is equipped with a total of six washing machines, comprising two front-load machines with a capacity of 21 kg each and four top-load machines with a capacity of 11 kg each, effectively supporting the institute's daily linen processing requirements

Operational Efficiency: With the integration and equipment, we have optimized our operations to ensure a seamless and efficient laundry process.

Performance Metrics: In the fiscal year [01-4-2024 to 31-03-2025], we have washed a total of 1,76,439 garments, marking a nearly fourfold increase compared to previous years. This significant accomplishment underscores our commitment to meeting the growing demands of our hospital community.

Vision for the Future:
Looking ahead, we remain dedicated to enhancing our laundry services to provide the highest quality care and support to our patients and staff. Through continued and collaboration, we will strive to set new standards of excellence in hospital laundry operations.

AYUSHMAN BHARAT- PRADHAN MANTRI JAN AROGYA YOJANA- RAJIV AAROGYASRI SCHEME

1. Highlights of the Committee

AIIMS Bibinagar is empanelled under the **Ayushman Bharat PMJAY – Rajiv Aarogyasri scheme since May 2024 covering all the broad specialties and most of the super specialties.** This **scheme** has been a significant step towards providing affordable and quality healthcare to the underserved sections of society. AIIMS Bibinagar, with its dedicated team and streamlined processes, aims to ensure the scheme's successful implementation, enabling patients to access essential treatments without financial strain. The integrated scheme of AB PMJAY-RAS provides financial protection to families living below poverty line up to Rs. 10 lakhs in a year for the treatment of serious ailments requiring hospitalization and surgery and also financial coverage for high end procedures. The first patient was registered under this scheme in our institute on 3rd May 2024 and 516 beneficiaries got registered and availed this scheme till 31st March 2024. A total claim amount of Rs.5,68,220/- was approved by the scheme**.**

DEPARTMENT OF eSanjeevani

1. **Highlights:**

eSanjeevani was launched on August 6, 2022, with an official inauguration by the honorable Minister of Health and Family Welfare; Chemicals and Fertilizers, Government of India Dr Mansukh Mandaviya. This high-profile launch underscored the importance and commitment of the Government towards enhancing telemedicine services. The launch marked a significant milestone in telemedicine, with careful planning and execution, ensuring that the initiative was well-positioned to meet its objectives of improving healthcare accessibility.

Specialty Growth:

- Initially started at AIIMS Bibinagar with 9 specialties, and now it has expanded to 21 specialties, including 6 super specialties, and AIIMS Bibinagar has completed over 1, 30,000 plus consultations.

Wide Coverage across Telangana:

- The eSanjeevani National Telemedicine Service, operational at AIIMS Bibinagar, has significantly strengthened access to specialist healthcare across the state of Telangana. As of June 25, 2025, the institute has successfully provided 132,728 consultations through eSanjeevani, covering over 1,698 healthcare centers across all 33 districts of Telangana.
- Daily average census of 109 cases. Notably, cumulative consultations in physiotherapy (25525), orthopedics (29217), and Pulmonology (10,523) highlight the growing dependence on virtual platforms for chronic disease and rehabilitation care.

Significant newer initiative:

- eSanjeevani online consultation extended health programs School Of Telengana Girls Residential School (TSWRS Valigonda and Jagadgirigutta)
- eSanjeevani at AIIMS Bibinagar has extended its services to **public health surveillance units** such as the **Slaughterhouses and Zoo in Hyderabad** i.e Nehru Zoological park and slaughterhouse of Amberpet Hyderabad for enhancement of health care facilities to Zoo keepers to keep in check for the any zoonotic disease among them a practical application of the **One Health approach.**

2. PHOTOS OF THE IMPORTANT EVENTS

On 10th December 2024, eSanjeevani online consultation extended to Nehru Zoological park, Hyderabad, for enhancement of health care facilities to Zoo keepers to keep in check for the any zoonotic disease among them

On March 13, 2024, the eSanjeevani initiative was extended to schools, for enhancement of health care facilities to the students.

On 30th October 2024, eSanjeevani online consultation extended to Amberpet Slaughter house, Hyderabad, for enhancement of health care facilities among the Butchers in the Slaughter house to keep in check for the any zoonotic disease among them.
