

Workshop: Lung Ultrasonography and Echocardiography

Under the Aegis of Prof Vikas Bhatia, Executive director, AIIMS Bibinagar, Department of Anesthesiology and Critical Care has completed a hands-on workshop on Lung Ultrasonography and Echocardiography.

Junior consultants, Senior residents, Junior residents, and PGs across various states of India were trained in performing lung ultrasonography, and basic echocardiography which is an essential skill to acquire in the current medical world to provide the best care to patients.

Participants had complete hands-on experience in performing lung scans and echo on volunteers. Additionally, a state of art simulator was stationed to demonstrate pathological findings on lung and heart. Over 60 participants registered for the workshop. We were honoured to have Eminent guest speakers: Prof. (Dr). Gopinath Ramachandran Prof & HOD, Dept of Anaesthesiology and Critical Care, ESIC, Hyderabad, Prof.(Dr). Padmaja Durga, Dept of Anaesthesiology and Intensive Care NIMS, Hyderabad. Prof.(Dr). Pavani Kalyanam, Dept of Anaesthesiology and Critical Care, Osmania Medical College, Hyderabad.
