

AIIMS Bibinagar Celebrates 3rd Institute Foundation Day

AIIMS Bibinagar Celebrates 3rd Institute Foundation Day with Academic Excellence and Research ShowcaseThe AIIMS Bibinagar commemorated its 3rd Institute Foundation Day with a vibrant and intellectually enriching program on April 8, 2026, marking three years of growth in healthcare, education, and research. The Institute, whose foundation stone was laid by the Hon'ble Prime Minister Narendra Modi in 2023, celebrated the occasion with participation from distinguished academicians, faculty, students, and staff. The program featured two distinguished guest lectures. Dr Vinay K. Nandicoori, Director CSIR-CCMB, delivered an insightful talk on “Mycobacterium tuberculosis - a bug that refuses to go”, highlighting challenges in infectious disease research. Prof Ullas Kolthur-Seetharam, Director BRIC-CDFD spoke on “Double burden of malnutrition & non-communicable diseases”, emphasizing the translation of discovery science into public health impact. Dr Amita Aggarwal, Executive Director, AIIMS Bibinagar, emphasised the importance of inter-disciplinary and inter-institutional collaborations to bridge critical gaps and accelerate scientific progress. The Annual Research Report was presented by Dr. Rahul Narang, Dean (Research), showcasing the Institute's growing contributions to scientific advancement and public health. The occasion also marked the release of ‘Anusandhan’, the Institute's annual research magazine. An E-poster competition held during the event received over 60 submissions from faculty, residents, and students, with winners awarded for their contributions to research and innovation. The event reaffirmed AIIMS Bibinagar's commitment to advancing patient care, education, and impactful research.
