

Department of Biochemistry, AIIMS Bibinagar **Organises workshop and CME on 3rd foundation day**

Under the guidance of Prof (Dr.) Vikas Bhatia, Executive Director, the Department of Biochemistry, AIIMS Bibinagar, celebrated its Third Foundation Day by organizing CME and hands-on workshop on “Insight into life at Cellular Level: Single Cell Genomics and Digital Droplet PCR” on 24th and 25th March 2023.

Dr. Bhatia, appreciated the rapid

growth of the Biochemistry Dept in terms of the clinical lab services, research and under-graduate and post-graduate teaching in the last 3 years. Currently the department is catering for more than 30,000 clinical lab investigations every month and has 22 funded ongoing projects and over 40 research publications to its credit.

Dr. Shyam S Chauhan, Professor & Head, Dept of Biochemistry and Biotechnology, Chief guest for the event delivered keynote address on “Cancer Epigenetics”.

Dr. Pragnya Ranganathan, Head, Dept of Medical Genetics, Nizam's Institute of Medical Sciences, Hyderabad, presented a guest lecture on “Role of advanced genetic testing in clinical practice”.
