

Department of Ophthalmology, AIIMS Bibinagar proudly organized a Continuing Medical Education (CME) session as part of the Eye Donation Fortnight 2025 celebrations.

On 3rd September 2025, the Department of Ophthalmology, AIIMS Bibinagar proudly organized a Continuing Medical Education (CME) session as part of the Eye Donation Fortnight 2025 celebrations.

Under the esteemed guidance of:

Dr. (Prof.) Ahanthem Santa Singh, Executive Director

Dr. (Prof.) Nitin Ashok John, Dean (Academics)

Dr. Abhishek Arora, Medical Superintendent

The event brought together MBBS undergraduate students and faculty in a heartfelt effort to promote awareness and education around eye donation and corneal blindness.

Highlights of the CME: Dr. Rajesh Sinha, Professor, Cornea, Cataract & Refractive Services, Dr. RP Centre, AIIMS New Delhi, delivered an enlightening lecture on Recent Advances in Keratoconus & Artificial Cornea. Dr. Pravin Krishna Vaddavalli, Director, The Shantilal Shanghvi Cornea Institute, LVPEI, inspired the audience with a powerful talk on the importance of eye donation, the growing demand for corneas, and latest innovations in keratoplasty. The students of the 2022 MBBS batch delivered a moving skit portraying the emotional journey of both donor families and recipients, under the guidance of Dr. Siddharam, Dr. Hari Kumar S, and Dr. Raghavendra Rao Kolavali. The program concluded with an insightful session by Dr. Hari Kumar S, who addressed the process of eye donation, busted common myths, and emphasized the urgent need for pledges. Together, we spread a message of hope, healing, and humanity. "Your eyes can live on after you."
