

## **AIIMS, Bibinagar faculty doing research on Fluorosis through Hon'ble Governor's research grant**

Honourable Governor Dr. Tamilisai Soundararajan Madam has encouraged AIIMS Bibinagar Hyderabad faculty to do research on local problems for which she has given a grant to work on fluorosis problem.

It's well known that fluorosis affects teeth and bones. But, its effect on pregnancy and neonatal outcome is not known. Hence faculty is conducting a study to follow up all pregnant women in this region. In collaboration with state government officials DHMO Dr.K.Mallikarjuna Rao garu, a meeting was conducted with Bibinagar PHC MO Dr Satya Prakash along with ANMs and ASHAs of identified 8 villages for implementation of the project.

We thank Rajbhavan Telangana for the support
