

World Anatomy Day 2025, the Department of Anatomy, AIIMS Bibinagar, organized a faculty development workshop titled “EduSketch – Hands-on Workshop on Medical Illustrations.”

As part of World Anatomy Day 2025, the Department of Anatomy, AIIMS Bibinagar, organized a faculty development workshop titled “EduSketch – Hands-on Workshop on Medical Illustrations.” The workshop aimed to equip medical faculty members with essential skills in digital medical illustration to create accurate and engaging visual teaching-learning resources. The inaugural ceremony was graced by Prof. (Dr.) Nitin Ashok John, Dean (Academics), along with resource persons Dr. Yogesh Sontakke (JIPMER, Pondicherry) and Dr. Ujjwala Bhanarkar (AIIMS Kalyani). The program was organized under the guidance of Prof. (Dr.) Ahantham Santa Singh, Executive Director & CEO, and Prof. (Dr.) Mrudula Chandrupatla, Professor & Head, Department of Anatomy. The day-long workshop featured structured sessions on basics of medical illustration, and progressive training on various tools and techniques in illustrative softwares. Participants engaged in interactive, hands-on exercises, culminating in an illustration assignment to apply their learning. The workshop witnessed the active participation of around 40 delegates from various medical institutions across Hyderabad. It concluded with a post-test, validation ceremony, and certificate distribution. The event successfully blended art and science, empowering medical educators to enhance the quality of visual learning resources.
