

World organ donation day celebration at Department of Anatomy , AIIMS Bibinagar

" IKIGAI : a reason to live".(IKIGAI is a Japanese concept referring to something that gives a person a sense of purpose, a reason for living.)

To commemorate the World Organ Donation Day, the department of Anatomy, AIIMS Bibinagar, conducted IKIGAI, a poster competition for the MBBS students of 2020 batch.

The program was inaugurated by Executive Director, AIIMS, Dr Vikas Bhatia and the posters were evaluated by Dean, Dr Rahul Narang and Registrar, Dr Aparna Varma. The posters were made by seven groups of 5 students each highlighting the need and benefits, facts and myths regarding organ donation.

Dr. Vikas Bhatia appreciated all the students for their active participation and creative ideas, reminding that organ donation is the need of current era when so many people are on the waiting list for transplantation.

Such activities help in spreading awareness for the noble endeavour of organ donation.
