మంగళగిరి ఎయిమ్స్ డైరెక్టర్‌గా పనిచేస్తున్న సంతసింగ్‌కు కేంద్రం బీబీనగర్ ఎయిమ్స్ ఇన్‌ఛార్జిగా అదనపు బాధ్యతలు అప్పగించారు. ఈ సందర్భంగా సంతసింగ్ మాట్లాడుతూ.. ఆస్పత్రిలో మెరుగైన వైద్య సేవలు అందుతున్నాయని, భవన నిర్మాణ పనులు ముమ్మరంగా జరుగుతున్నాయని తెలిపారు.

Doctor from Manipur to hold dual post of director at AIIMS

NFR
betw

The Manipur
hospital, May 8 (IANS): Dr. Aban-
dhan Singh from Manipur
has become the first from the
northeast state to hold the post of
executive director of two AIIMS in
two states namely Andhra Pradesh
and Telangana at same time.

Prof. Dr. Abandhan Singh,
currently serving as the executive
director of AIIMS, Manipal,
has been entrusted with the
additional charge of executive
director at AIIMS, Bhubaneswar
by the Ministry of Health and Family
Welfare, Government of India. He
officially assumed charge of the
post on Thursday.

Prof. Dr. Singh is a senior ac-
ademician and healthcare admin-
istrator with an illustrious career
spanning several decades.

He is a specialist in obstetrics
and gynaecology with deep expe-
rience in maternal health, reproduc-
tive medicine and gynaecological
surgery.

Dr. Abandhan Singh being felicitated at AIIMS Bhubaneswar.

Before joining AIIMS, Manipal,
he served as the director of
the Regional Institute of Medical
Sciences (RIMS), Imphal, where he

played a pivotal role in institutional
development and regional health-
care advancement.

During his tenure as director,

RIMS Imphal ranked 20th position
in the national institutional rank-
ing framework of human resource
development ranking 2019-20 and
became the only medical institute
in the entire northeast and West
Bengal to figure among the top 60
medical institutions and universi-
ties of the country.

He also held key administrative
and academic roles as the North
Eastern India Gandhi Regional
Institute of Health and Medical
Sciences (NEIGRIHS), Shillong,
where he contributed significantly
to tertiary care services and post-
graduate medical education.

Prof. Dr. Singh is widely recog-
nized for his leadership in medical
education, healthcare policy and
institutional governance.

His experience and vision are
expected to further strengthen the
development of AIIMS Bhubaneswar
in alignment with the goals of the
AIIMS network and the Ministry of
Health and Family Welfare.

Manipur gears up for Shirui Lily Festival

The Manipur
hospital, May 8 (IANS): Manipur
Government, Agri. Minister
Bhaskar Singh on Thursday chaired
the 2nd organising com-
mittee meeting of Shirui
Lily Festival 2023 held at the
conference hall of the Mani-
pur hospital.

The meeting extensive-
ly covered key agendas to
ensure seamless execution of
the festival, addressing
aspects such as budget al-
location, event scheduling,
security measures, transpor-
tation, crowd management,
infrastructure development,

Assam logs record decline in maternal mortality ratio – Samma

Guwahati, May 8 (IANS): Assam Chief
Minister Himanta Thakur on Thurs-
day said the state has registered a record
drop in Maternal Mortality Ratio (MMR)
during all states.

MMR refers to the number of mater-
nal deaths related to pregnancy or
childbirth per 100,000 live births.

In a post on social media platform
X, CM Samma said Assam has achieved
a historic milestone in public health as
reflected in the latest sample registration
system (SRS) 2019-23 report.

"The state's MMR has seen a record
drop - from 191 to 147 - a remarkable
26 per cent decline, the highest among all
Indian states," he said.

"This significant improvement marks
a turning point, as Assam is no longer the
state with the highest MMR, reflecting
stronger maternal healthcare infrastruc-
ture and effective interventions," he post-
ed. The Chief Minister argued that the
state has also recorded steady gains in

child health.

"The Infant Mortality Rate (IMR) has
improved from 38 to 30, indicating better
access to prenatal care, improved accu-
sions, and enhanced community health
services. These achievements signal that
Assam is steadily progressing towards
healthier outcomes for mothers and chil-
dren," he added.

CM Samma expressed gratitude to
Prime Minister Narendra Modi for
this achievement and said, "This progress
has been made possible under the min-
istry leadership and unwavering support
from Prime Minister Narendra Modi,
Central government's focus on health
reform, particularly to rural and under-
served regions, has laid the foundation for
such successes."

He added, "Immense gratitude is also
due to our tireless healthcare workers,
ASHA, and countless others who have
worked on the ground to make this mile-
stone a reality."

Child mortality, Assam was among the
best-performing states in the country
as far as the maternal mortality ratio is
concerned.

According to the Registrar General of
India's Special Bulletin on Maternal Mor-
tality for the period 2019 to 2023 released
in 2023, the state recorded 147 deaths per
100,000 live births.

In the period between 2019 and 2023,
from 211 to 147, Assam's MMR was 60
per cent below the India.

Meanwhile, India, as a whole, has
made significant improvements in ma-
ternal and infant mortality rates, Assam
Prime Minister Narendra Modi, said in Parliament
in March.

The MMR of the country has signifi-
cantly declined by 35 per cent from 221 to
143.6 in 2023, from 211 to 147 in 2019,
IMR has declined by 20 per cent from 38 to
30.6 in 2023, from 46 to 30 in 2019, IMR
has declined by 35 per cent from 46 to 30 in
2023, from 46 to 30 in 2019, IMR has de-
clined by 35 per cent from 46 to 30 in 2023,
